FEVERISH WHEAT MARKETS

CONFIDENCE BEING RESTORED ON THE STOCK EXCHANGE.

Provisions Firm—The Money Market—American Securities Steady in London—Montreal and Toronto Stock Exchanges—Local Grain Market Dull—The Cattle Market—Business Failures.

FRIDAY EVENING, Nov. 20.

Consols closed firmer at 93⅞ for money and at 93¾ for account.

On the curb in Chicago at 2.15 Dec. wheat was quoted at 93¾c.

Grand Trunk firsts are firmer at 68 in London, and seconds at 47.

Canadian Pacific opened in London at 98⅝ and closed at 89¼. It sold on the local market at 87⅞ and in Montreal at 87½.

Call loans on bonns and stocks, according to the bank statement, increased $257,309 during the month of October.

Transactions on local Stock Exchange aggregated 887 shares, compared with 675 yesterday; on Montreal exchange 2443, against 1965.

Commercial Cable continues firm. In London, according to a private cable to Osler & Hammond, 144⅝ was bid. On the local exchange it sold up to 141 and in Montreal to 140¾.

American securities were steady in London today. Erie seconds closed ½ higher at 16½. St. P. is at 78. N.C. ¼ at 116. Penn. Cen., Erie and Ill. Cen. closed unchanged while Reading declined ⅛ to 19¼.

The Canadian bank statement for October is satisfactory. Notes in circulation show a gain of over $300 compared with the previous month, the total being $37,182,768. This exceeds that of any previous October.

December wheat opened in Chicago at 93⅝ and closed at 93¼c; in New York at $1.06 and closed at $1.05⅝; in Milwaukee at 89½c and closed at 90c; in St. Louis at 89½c and closed at 92⅝c; in Toledo opened and closed at 91¼c; in Detroit at 91¼c and closed at 91⅝c.

The expansion of circulation in the Dominion from July 31 to Oct. 31 was $6,602,000. This is the largest in seven years, which leads to the conclusion, remarks the Monetary Times, that this sum of $6,600,000 has been distributed to our farming population and that they have received more for what they had to sell than they never did before.

GRAIN AND FLOUR.

Private cables received here to-day were bearish, denoting dulness in the grain markets abroad, particularly in wheat and oats. This was reflected on the local market, the quietness being more pronounced than yesterday.

Wheat—Holders of Ontario growth were about 2c lower in their views, but even this does not appear to have brought buyers and sellers together. Straight red and white was offered west at 92c to 90c with buyers at 91c. No. 2 Manitoba hard sold at $1.02 west and same grade, with grinding in transit privileges, at $1.06½. No. 2 regular was wanted at 86c, with sellers at 83c.

Barley—Inactive and easy; No. 2 is nominally 50c outside and No. 3 sold at 43c.

Oats—Dull and easy, with white selling west at 32c; on track 34c to 35c was quoted.

Peas—No transactions were reported, but 63c was asked and 62c bid and buyers were not anxious at this price.

Rye—Nominally unchanged at 90c to 91c outside.

Buckwheat—Easier at 48c to 50c outside.

Bran—Dull and nominally $12.50 to $13 here.

Flour—Demand was poor and prices nominally unchanged.

CATTLE MARKET.

Market was generally quiet and steady. The export trade being practically over offerings were a good deal lighter. Receipts were 30 cars, consisting of about 600 cattle, 225 sheep and lambs, 400 hogs and 10 calves.

Cattle—There was not much change. Demand was fair for good butchers' cattle, but the desired quality was scarce. Picked lots sold readily at 3¾c to 3¾c a pound. One lot of 25 good heifers weighing 925 lbs. sold off the cars at 3¼c. Light and inferior cattle sold at from 2c to 3¼c a pound.

Stockers—There was not much of a run and demand for export was nil, but for the stables there was a fair enquiry at 3¼c a pound for choice animals.

Springers—Good forward animals were in demand for the stables and a few lots were taken at about former prices. Backward animals were not wanted.

Hogs—Demand was fair for fat hogs, weight about 200 pounds, and they sold at $4 to $4.35 per cwt. Stores were not wanted. There was a good deal of enquiry for shipment to Montreal.

Sheep and Lambs—There was an improved demand for really good sheep at $4.50 to $5 for butchers and $5.50 to $6.50 a head for shipping. The latter were generally taken on Manitoba account. Lambs were in demand and all were taken at $3.50 to $4.25 a head.

Calves—Quiet and steady at $3 to $8.

Gossip From Chicago.

There is said to be a corner in November corn.

J. J. Dixon's correspondents: Corn was excited owing to the demand of shorts to provide for outstanding contracts for November and December delivery. November closed 5 cents higher, December a year a cent, May ¼ cent advance. Oats were in limited demand for export, but wanted for New England points at higher prices. Provisions opened depressed by the enormous hog movement, but closed firm.

Kennett, Hopkins & Co. to R. Cockran: All day the market has revolved around Russian prohibitory ukase rumors, advancing when it was signed and declining when signature of Czar was unusually obscure. The news is generally believed. Foreign markets were weak in spite of assurance that ukase will soon go into effect and is already signed. Clearances light and new export business very small. Receipts in the Northwest are again increasing. Room traders covered at close, not caring to go home short for ukase business and sprung in an aggravated form. Some complaint received of bad appearance of wheat in southwest. Latest advices state that a largely increased winter acreage has been sown in India and that crop is looking better. Reports from Australia and Russia as to the next crop are unfavorable and the Russian ukase actually be promulgated, market would probably advance temporarily, but the indications seem to point to other and lower forms. Foreign markets exhibit a better tone and the export business materially improves.

Gulf From Gotham.

Henry Allen to J. J. Dixon & Co.: The quotations during the day advanced, the bulls clearly claiming a victory as a result of the proceedings. The advance began in the morning and continued with little interruption until the close of Exchange. In the afternoon there was a moment of any weakness, but it was promptly dissipated. The leading stocks gained a full point, the C.B.Q. recovering her dividend. For some time past there have not been wanting evidences of strength in the market. The bulls have been confident of their grasp of the situation, but the favorable opportunity for operating seems not to have presented itself. With the increasing abundance of money in financial centres of Europe, with increasing railroad earnings at home, with the banks strong and becoming stronger, with the silver legislation practically voiced in advance, every reason would seem to concur in justifying an advancing market. The situation abroad, however, has not so fully relieved itself of concern to permit of entire freedom of action. It must still fluctuate and be moved by the uncertainties from day to day, barring, however, the happenings of events which find no believers outside of the most disconsolate of the bear circles. It is quite certain that the trend of affairs is towards higher prices, and recoveries from relapses make each step of quotations slightly in advance.
