and it would be well spent and would save her energies and scratch in her be a benefit to the cities.

Speaking of legislation the premier The duckling can look after itself." be a benefit to the cities.

Speaking of legislation the premier said: "We haven't used our legislatures

fication of the laws of the country. At the present time they were only good for lawyers. The country was behind in this work. Two branches, partnership and sales of goods, had been codified so every person could understand them and the work would be carried them and the work would be carried.

The last election did not enjoy adequate election laws. These laws lent themselves to partisanship, and it was easy to prejudice the vote of the peo-

ple. The new law when introduced was referred to a committee representing all in the House. When it was returned after much consideration, it passed unanimously. It is more simple than the old law. "The next election will cost about one-quarter of a million dollars," said the premier. "The last election cost the premier. "The last us a milion and a half." us a milion and a half."

Temperance is a live issue with the

Last New Years the bars were let down without any apparent excuse, and the country was flooded with liquor from Quebec and short-circuited from distilleries within the province. It is because the country was flooded with liquor from Quebec and short-circuited from distilleries within the province. It is because the country was flooded with liquor from Quebec and short-circuited from distilleries within the province. down without any apparent excuse, and the country was flooded with liquor from Quebec and short-circuited from distilleries within the province. It is beyond the power of the Ontario Government to stop it. The Dominion House has given the provinces the privilege of voting to see what they want to do about interprovincial trade. You should have had that vote long. To said Sam Munro and Alice Dunbar furnished dances and musical numbers. The baseball game between Strathroy and Ilderton resulted in a victory for Strathroy by a score of 7 to 3.

The results of the races follow: 100 yards, boys 11 years and under 13—1. G. McCahbin; 2, T. Walsh; 3, S. Wardell.

would be the duty of the Government to carry out the law fearlessly. No interests would be protected, and the short-circuiting would be stopped also.

FARMERS AND LARGE "It was said," declared the premier, speaking of the Labor party, "we

the wishes of the people.

Difficulties were encountered. The F. O. was misunderstood by more han half the population. The peoples of the towns and rural districts did of agree. It was bad for both. But ow the farmers had made themselves and increasing the compensation under the Workmen's Compensation Act from the workmen's Compensation and that fanaticisms would arise in legislation. The premier outlined the three bills brought in Currie.

25 yau (Campbel 25 yau)

either.

"Commodities is a Federal measure, and it is not wise to touch on that branch of the work," he said. "But you know how prices have been controlled. Let able men organize and look after themselves. Women and look after themselves. children can't do this." REPLY TO ALLEGATION.

In connection with the Compensation Act the premier said when this ques-tion came up he was waited upon by a very large, and what might have been influential, delegation in the past, and they told me there would be more acci-

telling them if they would stick nearer the facts more credence would be plac-The extension of compensation to farmers was a question which should be discussed this summer. It was a step in the right direction, but it was for the farmers to say.

Very little agriculture legislation can be done by the Ontario house, but the Sheep Protection Act was improved were runners un. S. Evans. A Winded in their statements."

Government.
"It rests with the people of this country," the premier answered his Tuesday evening. She had been ill for own questions. "We have broken with nearly two years. Miss Dykes was

the organization.

MUST NOT BE "FUSSY."

"It is not wise for the parent to be too fussy." he said. "It reminds me of the hen standing beside the pond watching her ducklings in the water, with great alarm. If the hen would would wille: Thomas, of Crinan; John, of Flesherton; Mrs. Thompson, of Dumm, Dokato, and Mrs. (Capt.) Wood, of Sel-kirk, survive her. The funeral was private, and was held this afternoon at 2 o'clock from her late residence to watching her ducklings in the water, with great alarm. If the hen would

The spirit of public interest stirred in the past as we ought to. Legislation should be shaped, not impeded. Every member sent to the House should be constructive. There were only three divisions in the House during the house durin only three divisions in the House during the session, and the large majorities on divisions were never enjoyed
by any previous Government."

A beginning had been made in codinents who will want something for

them and the work would be carried on.

ELECTION LAWS.

The last election did not enjoy ada-P., were present.

During the afternoon and while the premier was speaking, he, at times, was faced with a banner on a building read: "Salary Grabbers Not

Wanted." The committee in charge of the program, which included a number of races in the morning and afternoon, in addition to baseball games, were headed by the following: President, Walter Bolton; secretary, Harold Currie; grounds, D. Graham; program, W. B. Ferguson; advertising, M. J. Gallagher.

75 yards, girls 11 to 13-1, Ivah Chap-

2, George Hardy; 3, Roy English. 50 yards, girls 7 to 9-1, Helen Conspeaking of the Labor party. "we couldn't work with labor. Nothing in the world is more natural than an alli-25 yards wheelbarrow race-1, Courtother and without a leader. The ance of farmers and labor. It would to each of them good."

It had been said labor would be a class government and that fanaticisms would arise in legislation. The preficulties were encountered. The

25 yards, girls under 7-1, Marion Campbell; 2, Leona Whiting; 3, Marmothers with dependent minimum wage for women and children and increasing the compensation under the Workmen's Compensation Act from 55 to 66 per cent. of the wages earned the injured or disabled man.

The wage question, the wage question was a sum of the wage question.

Obstacle, boys under 10 years—1, Mac Campbell; 2, George Hardy; 3, C. Carmichael.

michael.
Three-legged race, boys under 13—1,
A. Whiting and S. Earl; 2, A. McLellan
and J. Smith; 3, Walsh and Dolphin.
Sack race, boys under 13—1, C. Carmichael; 2, D. McLellan; 3, Hugh Cardents if the compensation were increased.

"I had the pleasure," he said, "of belling them if they would attalk and the limit they would attalk and they wou

"As you are well aware, an inquiry not the timber resources is now in regress. The timber resources of the orth country are a kingdom in themoly of his vast area was about the same as n area one-tenth its size.

"The previous administration of hose resources was rotten to the core. Sirty sworn statements as to cuts were arjuries and returns forgeries. When the great back these stolen goods from hocked when the amount is made mown."

"We can watch our henhouse without sending word to the thief now," said the premier, when he explained it would be asked.

"The Superannuation bill for civil servants. Investigation revealed the fact that one yet yould not be so great. This prought up the subject of estimates, which the premier said had been critized because they were so large, which the premier said had been critized because they were so large. Everything is in them," he said. There is nothing going in the back foor. The policy of cheeseparing is of the right thing. Get the revenue seems the proper sources."

As soon as the timber inquiry is supported and the Cream Act was also bettered. In the past it was necessary to get was in the team being Hugh Collins, D. Sexton, J. Smith and H. Smith. Secturned solders' race—C. Lewis, H. King, M. Easton. The contestants in the baby show day.

The previous administration of hose are sources was rotten to the core. Would be demanded such and such and

MISS ELIZABETH DYKES

DIES AT WARDSVILLE

WARDSVILLE, July 1 .-- Miss Eliza beth Dykes died at her home here on "It rests with the people of this country," the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "We have broken with the big interests, exploiters, and timber thief. They are out to kill this seen that the rural children get a country," the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the premier answered his country, "the premier answered his country," the pre ance to grow up. The cities are dependent upon the farming communities of the farm people. There must be poverty in education. A large fount of the money of the Government. The Government has to go out and stand or fall. There had been some trouble between officials of the some control been some trouble between officials of ago. William and James, of Wardsthe organization.

PROMOTIONS IN SEPARATE SCHOOLS

The following is the promotion list for the separate schools of the city for the year 1919-1920. The names are arranged alphabetically and are based on the years' work and the promotion examinations:
