

SPECIALIST SAID HE MUST OPERATE

She Took "FRUIT-A-TIVES" Instead, And Is Now in Perfect Health.

MME. F. GAREAU

153 Papineau Ave., Montreal.
 "For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This, I refused to permit.
 I heard about 'Fruit-a-tives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it.
 The first box gave great relief; and I continued the treatment, taking six boxes more. Now, my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks."

AIRPLANE ROUTE TO SWEDEN

Trelleborg and Sassnitz to Be the Terminal of the Proposed Line Connecting With Germany.

The following bulletin on Trelleborg and Sassnitz, the terminal of the proposed Swedish-German airplane route, which assumes special significance in the light of recent developments in the diplomatic relations between Germany and Sweden, has been issued by National Geographic society.

Between Trelleborg, the most southerly town in the Kingdom of Sweden, and Sassnitz, a summer resort on the northeastern shore of the German Island of Rugen, express steamers in times of peace make regular trips across this arm of the Baltic in four hours. This is the chief water link in the 24-hour express service between Stockholm and Berlin. Neither town would be of any importance were it not for the fact that they are the termini of this steamer service.

Trelleborg is a quaint old town of some 10,000 inhabitants, lying 20 miles southeast of Malmo, capital of Skane, the most populous province in all Sweden. It is only 16 miles from Malmo to the Danish capital, Copenhagen.

Sassnitz is one of several popular seaside resorts on the Island of Rugen, the largest insular possession of Germany, having an area about equal to that of Cape Cod. Only about 2,500 people make Sassnitz their permanent home, but during the bathing season in times of peace the village is visited annually by more than 20,000 pleasure seekers.

The water trip from Trelleborg to Sassnitz is 60 miles. Thus the rail-and-steam distance between Stockholm and Berlin is 425 miles.

SALMON THRIVE IN ATLANTIC

Humpbacked Variety From Pacific Coast Retain Their Habits When Placed in Eastern Waters.

Many thousands of humpback salmon, native to the Puget sound, where they were collected by the government two years ago, entered Penobscot, Denny's, Penobscot, St. Croix and other rivers in eastern Maine as part of the fisheries bureau plan of stocking the east with the pride of the Pacific coast catch.

The bureau's investigation shows that the humpback in its new environment retains its Pacific coast habit of proceeding to the ocean shortly after it begins to swim and returning to the rivers to spawn and die when two years old.

The government has made annual shipments of eggs of the humpback salmon across the continent for the last five years, drawing the consignments alternately from Washington and Alaska.

Joke Books for Soldiers.
 Making joke books for soldiers is the latest form of patriotic industry on the part of those who stay at home. It is said that the plan originated with Rudyard Kipling.

A blank book, preferably with large pages, is first obtained. Upon the pages are pasted the funniest pictures and anecdotes found in current newspapers and magazines. Some bright, short stories are also included.

The books are then sent to army hospitals, where they afford great entertainment to convalescent soldiers. Day after day the books are in steady use until they are worn out.

Surgeons say nothing is so essential in the hospital as to keep the patients in good spirits. Toward this end the joke books are a valuable help.

To Bell Eggs by Telephone.
 Telephone operators need a sense of humor to make the petty annoyances of their occupation bearable. If they have that, they can find endless matter for amusement in the freakishness of the human nature that exhibits itself at the other end of the wire.

A telephone subscriber asked his operator to ring his bell in three minutes, and immediately hung up his receiver. At the appointed time the supervisor rang on the line, and the subscriber responded merely with "Thank you." Later he called again to thank the operator, and explained that he had been boiling eggs and wanted to time them. They had been cooked to the queen's taste, he said.

The Cow Won.
 An official of the board of health in a Massachusetts town notified a citizen that his license to keep a cow on his premises had expired. In reply to this letter the official received the following communication:

"Monsieur Bord of Helt—I just got your notice that my license to keep my cow has expired. I wish to inform you, M'sieur Bord of Helt, that my cow she beat you to it—she expire t'ree week ago. Much oblige. Yours with respect. "PETE."

Ticket-Vending Semaphore.
 At Kansas City an electric interurban railway has tried out, with gratifying results, a coin-operated semaphore intended for way stations where cars do not stop unless signaled. To operate the signal, one places a nickel in the slot and presses a lever. This actuates the semaphore arm, ignites a red lamp, and issues a five-cent ticket to the prospective passenger.
