

Weekly Monitor.

BRIDGETOWN, MAY 3, 1876.

THE RIGHT PLACE.

No doubt there is a class of foggy-minded pretentious philosophers, who have pretended a vast amount of nonsense about the eternal fitness of things.

When, however, we take a survey of human society as it exhibits its varied phases at the present day, we see many men occupying places, engaged in avocations, and assuming important responsibilities for which they are wholly unfitted.

A man in a position for which he is unfitted, is at all times an unseemly spectacle, and his misdoings through ignorance are frequently seriously detrimental to the legitimate interests of those around him.

In all the learned professions—in official places—in legislative halls—in mercantile circles—and indeed, in all the pursuits which require inherent talent and proper training, we see multitudes who are not in their right places; and ultimate failures must inevitably be the result.

But a multitude of our stalwart young men, sons of farmers and mechanics, look with scorn upon the pursuits of their fathers, and aspire to engage in some business, for which they lack the capacity to secure success.

To-day the examination of the Academic department, which is taught by S. O. Shaffer, Esq., was held.

TEMPERANCE MEETINGS.

On Thursday evening Public Temperance Meetings were held at Stony Beach and Karsdale, which were addressed by Members of the Grand Division.

On Friday afternoon, by request of the Grand Division, Mr. David Mills, Superintendent of the Band of Hope at New Caledonia, brought the children of Band into the Hall in which the G. D. met.

The children were orated by Messrs. Thos. Hutchings, C. Edgar De Wolfe, J. L. Parsons, F. Weston, T. Chesley, and the Rev. J. Hart.

The children sang a hymn very well before leaving the Hall, and their visit was the most pleasant episode in the interesting and useful Session of the Grand Division in New Caledonia.

A FRIEND OF EDUCATION. Annapolis, April 27th, 1876.

SCHOOL EXAMINATION.

The public school examination of the advanced department of the Grad-School at Granville Ferry, was held on Monday, 24th inst.

The subjects on which the pupils were examined were, Arithmetic, Reading, Grammar, Geography, History and Spelling. It was evident that very marked progress had been made by the pupils during the term under their skillful and energetic teacher G. B. McGill, Esq.

The class in Geography and British History, were examined by Messrs. Logan and Shaffer, teachers in the Academy at Annapolis, and the manner in which the questions were answered reflected the highest credit on both pupils and teacher.

After the meeting was dismissed by singing "God Save the Queen," a number of Gentlemen and Ladies remained for the purpose of forming a Division.

Business was despatched with great celerity; and a Division was organized, having on its Charter 59 names. A. W. Corbit, Esq., was elected W. P., and Richard Unacke, Esq., W. A.

BRIDGETOWN SCHOOL EXAMINATION.

The half-yearly Examination of the Advance Department of the School in Bridgetown, took place on Thursday last, and was conducted by Mr. Shaffer, the weather, the attendance of parents and other visitors, was not so large as we could have desired.

The Examination of the Elementary Department, took place on the preceding Wednesday. Not having been present on that occasion, we are unable to state particularly the results of that day's exercises.
