

**P**OTASH gives color, flavor and firmness to all fruits. No good fruit can be raised without Potash.

Fertilizers containing at least 8 to 10% of Potash will give best results on all fruits. Write for our pamphlets, which ought to be in every farmer's library. They are sent free.

GERMAN KALI WORKS,  
93 Nassau St., New York.

**GREGORY'S SEED CATALOGUE FOR 1900**

Get ready for good crops by settling the seed question right first. Gregory's seeds are sold on their merits as profit makers. They are home grown, hand selected, scientifically tested. If you want the finest crops your ground can give, get **GREGORY'S SEEDS**

Warranted as per catalogue. Include many novelties for vegetable and flower gardens. Year book for 1900, an invaluable help to all growers. Yours free for the asking.

J. J. H. GREGORY & SON, Marblehead, Mass.

## Buttermakers, A Word

Impure Salt spoils good Butter; WINDSOR SALT makes good butter better — makes it, keeps it sweet; puts a higher price on it. Try it.

THE AMERICAN WELL WORKS  
AURORA, ILL. - CHICAGO - DALLAS, TEX.

**Why** — In these times of keen competition, is there such a great demand for this All Steel Flexible Harrow?

We can guarantee more than double the strength and wear in this Harrow than there is in any other make.

Parties wishing a first-class Harrow will do well to write us direct or apply to the local agent.

OUR MOTTO: "Not how Cheap but how Good."

**TOLTON BROS., GUELPH, Ont.**

**BECAUSE** The Flexibility of the Harrow enables it to adapt itself as readily to rough and uneven ground as to smooth, and the oscillating motion produced by its flexibility pulverizes the ground, and leaves it in a loose and more porous condition than any other Harrow, and it is made of the very best material money can buy for the purpose. The bars are made of **Hard Spring Steel** very stiff and strong, the hinges and teeth being of solid steel, all of which are of a higher grade than is possible to use in any other make of Harrows.

## ALEXANDRA AND MÉLOTTE CREAM SEPARATORS

We ask all intending buyers of Cream Separators to study the merits of the "Melotte," if they want to get the best results. The "Melotte" has beaten all competitors in public working trials. Takes one-third less power. Sent on free trial.

NOXON NEW BUFFALO PATENT ALL STEEL DISC HARROW.

NOXON No. 12 SECTIONAL SPRING TOOTH CULTIVATOR

HOOSIER DRILL

## The Universal Favorite Noxon Disc Harrow, (OUT-THROW.)

The only Disc Harrow that has adjustable pressure springs. This feature is invaluable on hard or uneven ground.

## Noxon New Sectional Spring Tooth Cultivator,

(fitted with grain and grass mowing attachment if desired) with reversible points, also thistle cutters if ordered.

The lightest draft, best working and most easily operated cultivator manufactured.

The teeth work directly under the axle and within the wheel line.

See the New Spring Lift.

THE CELEBRATED

## Noxon Drills, STEEL HOOSIER and Spring Pressure

Our old reliable HOOSIER Drills are so well and favorably known that they speak for themselves. There are now over 60,000 in use among the farmers of this country.

We invite the closest inspection of our Farm Implements and Machinery which we are manufacturing for the coming season.

In addition to the above we call special attention to our **New Victoria Binder** and **No. 14 Oxford Clipper Front-cut Mower**, also our patent Spring and Spike Tooth Harrows and friction and Ratchet Dump Rakes. It will amply repay all intending purchasers to see our lines before placing their orders elsewhere. **Send for our New 1900 Catalogue.**
