Cheap Cockerels!

Farmers who wish to increase the egg yield from their poultry should use a thoroughbred male bird of a well known egg-producing strain. Mr. Thomas A. Duff, Toronto, is offering Cockerels for this purpose of White and Black Minorcas and Barred Plymouth Rocks (same blood as his winners), at the extremely low price of \$1.50 each. Readers of FARMING who keep poultry cannot expend \$1.50 better than by investing in one of these Cockerels. Eggs \$3 per setting; \$5 for two settings.
