

JUCUNDA STRAWBERRY PLANTS FOR SALE.

THE undersigned will sell plants of this very valuable berry at the following rates:

By Mail, post-paid, 50 cents per Dozen.
Do. do. \$2 per 100.
Delivered at Express, \$10 per 1,000.
Do. do. \$75 per 10,000.

Wilson's Albany, 75c. per 100, \$4 per 1,000; Triumph de Gand, Russell's Prolific, Brooklyn Scarlet, Metcalf's Early, \$1 per 100, \$5 per 1,000.

SALEM GRAPE VINES.

The undersigned has also been appointed agent for the sale of Salem grape vines propagated from the original stock purchased of Mr. Rogers, who pronounces it the best of all his hybrids, which are becoming the most popular grapes in America. The grape is of a light chestnut or catwaba color, free from hard pulp, very sweet and sprightly, with a most exquisite aromatic flavor; as early and hardy as Delaware or Hartford, having never failed to ripen its fruit during the last six years. It took the first prize (quality to rule) at the Lake Shore Grape Growers' Association held at Palmsville, Ohio, last season, in competition with all the leading varieties of that famous grape region.

PRICE OF 1ST CLASS VINES:

	EACH.	PER DOZ.	PER 100.	PER 1,000.
1 year-old....	\$1 00	\$6	\$55	\$250
2 years old....	1 50	9	50	350

Vines post-paid by mail at the price per single vine. Carefully packed and delivered at express at the other rates, and warranted genuine.

Address, A. M. SMITH,
Grimsby, Ont.

P. S.—Harrison and Early Goodrich Potatoes \$4 per barrel. v1-3-1t

Observe the large number of FIRST PRIZES awarded our productions at the Provincial Exhibition last September.

v1-3-1t

THE TWO BEST EARLY POTATOES,

SELECTED FROM GENUINE STOCKS.

EARLY ROSE.—The Early Rose is a seedling of the "Garnet Chili," originated by Albert Bruce, Esq., an intelligent farmer of Vermont. The skin is of a dull blue or rose color (in some soils nearly white,) the flesh perfectly white and solid, and the eyes very shallow. It produces fewer small tubers than any other early potato, boils through quickly, and is very mealy, and of excellent flavor. The good qualities which recommend it are—

1st. It is from ten days to two weeks earlier than any other Potato.

2nd. It is of larger average size than any other early Potato.

3rd. It is in table quality and delicacy of flavor without an equal.

4th. It is in productiveness the most astonishing variety ever offered to the public, and the reports of the yield from single pounds the present season are marvellous.

Prices.—One pound, 75c., do., postage pre-paid, \$1; one peck (15 lbs.) \$6. Larger quantities furnished at reduced rates.

EARLY GOODRICH.—This variety was introduced a few years ago by the Rev. Chauncey E. Goodrich, of Utica, N.Y., who spent fifteen years in experimenting on the production of new varieties, and in that time raised over sixteen thousand seedlings, and the Early Goodrich was considered by him the finest of his whole production; it is very early, of large size, white skin, smooth eyes, white flesh, of first-rate quality, and always perfectly solid—per bushel \$2; per barrel, \$4.

In addition to the above we have to offer several other varieties of very choice SEED POTATOES. For description and prices see our **DESCRIPTIVE PRICED CATALOGUE**, a copy of which will be mailed to any address on receipt of a three-cent stamp to pre-pay postage.
