## CATARRH.

A New Home Treatment for the Cure of  
Catarrh, Catarrhal Deafness, and  
Hay Fever.

The microscope has proved that these diseases are due to the presence of living parasites in the lining membrane of the upper air passages and nasal cavities. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must have a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing, by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

## There is some satisfaction in FARMING

When a farm produces a good living, a handsome profit and at the same time is making its owner rich by increase in value of land on account of growth of towns, building, roads, and influx of settlers; in no part of the country is this so true as of Michigan Farms. Soil is very rich, full of markets near at hand, no destructive blights, cyclones, but health, fine farms, good society, and a home and fortune can be had. Address: O. M. HARRIS, Land Commissioner, Lansing, Mich.

## Household Hints.

TO THE DEAF.—A person cured of deafness and noises in the head of twenty-three years standing by a simple remedy, will send a description of it free to any person who applies to NICHOLSON, 177 McDougal Street, New York.

NICE-LOOKING POACHED EGGS.—To have poached eggs look very nice cook each egg in a muffin ring placed in the bottom of a sauce pan boiling water.

CAMPBELL'S CATHARTIC COMPOUND is pleasant to the taste, and more satisfactory than pills.

ROYAL DOUGHNUTS.—One and one-half cups sugar, two cups milk, one tablespoonful butter, three teaspoonsful baking powder, a pinch of salt, flour enough to roll out. Flavour with nutmeg.

A BOTTLE of the "Lotus of the Nile" is a most acceptable present to a lady.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain.

WARM WATER FOR PLANTS.—Window plants will thrive better when watered with warm water than with cold. Fill the saucer every morning with boiling-water. Keep the same side of the plant to the light.

FOR BRONCHIAL and Throat Affections, Allen's Lung Balsam is unequalled.

CHESTER G. PARKER, Oneida, N. Y., was entirely cured of an affection of the throat and lungs, accompanied by a severe cough of several years standing, by the use of WISTAR'S BALM OF WILD CHERRY.

TO RESTORE OIL CLOTH.—An old reliable English cooking book gives the following recipe as an oil-cloth restorer. Melt one half of an ounce of beeswax in a saucer of turpentine. Rub the surface all over with it and rub in with a dry cloth.

For Rickets, Marasmus, and all Wasting Disorders of Children

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, is unequalled. The rapidity with which children gain flesh and strength upon it is very wonderful. "I have used Scott's Emulsion in cases of Rickets and Marasmus of long standing. In every case the improvement was marked."—J. M. MAIN, M.D., New York. Put up in 50c. and \$1 size.

COLD CREAM.—In a cup placed in hot water, melt together half an ounce of spermaceti, twenty grains white wax, and two ounces sweet almond oil; when melted remove from the fire and add one ounce pure glycerine and six drops oil of rose: stir till cold.

BAKED INDIAN PUDDING.—Into a quart of boiling milk stir a teaspoonful of cornmeal, let it stand till lukewarm, then stir in four well-beaten eggs, an ounce of butter, a quarter of a pound of sugar, and half a pound of raisins; bake an hour and a half, and serve with cream sauce, which is made as follows: One pint of cream, a small cupful of brown sugar, and a half a small nutmeg grated.

BROWN'S BRONCHIAL TROCHES give prompt and effectual relief in all Throat troubles. Mr. Amos R. Peachy, Hungerford, Berkshire, England, writes: "Change of climate (from South Africa) nearly cost me my life, as it produced the greatest prostration from Ulcerated Throat and Bronchial Inflammation. My friends are astonished at the remarkable change in my health from the time I commenced using BROWN'S BRONCHIAL TROCHES."

POTATO SOUFFLE.—Boil half a dozen potatoes, mash them fine; scald in a saucepan half a cup of sweet milk and a tablespoonful of butter, add this to the potato, also a little and pepper, and beat to a cream. Then add, one at a time, the yolk of three eggs, beating all the time, then add the whites well beaten; pour the mixture into a buttered dish and bake twenty minutes in a hot oven. Serve at once with meats that have gravies.

## CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India Missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 149 Power's Block, Rochester, N.Y.

ESCALLOPED CABBAGE.—Let two quarts sliced raw cabbage stand in cold water one hour; drain and chop rather coarse. Melt two tablespoons butter, add the cabbage, 1 tablespoon flour, 1 teaspoon salt, 1 saltspoon pepper, and 1 cup milk. Simmer ten minutes. Pour into a buttered baking dish. Cover with buttered crumbs and bake until brown. It takes about thirty minutes to boil tender. If not put into the baking dish with crumbs on top, it is called creamed cabbage. Half a medium-sized cabbage makes about two quarts. An excellent way to serve cabbage.

Toronto, Ont. Toronto, Ont., Can., July 8, '83.

DEAR SIR,—Your agent called upon us some time ago and left samples of your Baking Powder, which we decided to give a fair trial, and after doing so, our pastry cook, Mr. P. J. Chorman, reports to me that it is the best baking powder he has ever used, and a powder that produces the best results, and I therefore take great pleasure in recommending your "Imperial" Baking Powder, and also in sending you this testimonial. During the time that we have used it, we have always found it the purest powder, free from all adulteration and do not require to use as much as of other powders, and we can recommend your "Imperial Baking Powder" as the best in the Toronto market. Respectfully yours,  
JOHN S. BOYD,
