CHARLES A. SIMS & Co.,
Harrison Building, 15th & Market Streets, PHILADELPHIA, May 7th, 1894.
The Wells Light Mfg Co.,
No. 11 and 46 Washington Street, New York City.

Gentlemen —
We are pleased to state that we have used your Wells Light on railroad construction work during the past few years. We have found these lights to give perfect satisfaction for night work on heavy masonry and about steam shovels.
They are easy to move about. The expense while in operation is very reasonable, and we consider them far superior to an electric light plant for our work.
Yours very truly,
CHARLES A. SIMS & Co.

WELLS LIGHT MFG. CO.,
EDWARD ROBINSON, Sole Prop.,

Canadian Agents: JAMES COOPER, 164 St James Street, Montreal.

THE Aolian Ventilator, (PATENTED MAY 26th, 1894.)

WE guarantee our Ventilator to give perfect satisfaction in every respect. Manufactured and especially suitable for

- Public Buildings,
- Hotels,
- Churches,
- School Houses
- Banks,
- Factories,
- Offices,
- Private Residences,
- Etc., Etc.

Cut showing the inside of Ventilator.

THIS Ventilator has proved itself to be superior to any that has been placed before the public. It has proved by the tests which have been made its adaptability for ventilating large buildings, cloister rooms, vaults of churches, bank churches, schools, theatres, stables, etc.
It is fitted with a screw on the inside by means of which a constant current of air is established. The chief feature of this ventilator is that its motive power is derived not only from the slight current of air, but the difference in temperature within and outside the building.
Every ventilator is guaranteed to give entire satisfaction.
Testimonials obtained on application.
This ventilator is very ornamental in appearance and substantial in make.
Estimates for copper ventilators given on application.

This view cut shows a part of the interior of the Ventilator.
