

ties which the army had experienced with respect to provisions had vanished, and they had been received with open arms. Private intelligence from Condahar to April 29. reports that Shah Shooja had been crowned with acclamation. The British army was to proceed forthwith to Dabool, which it is expected to reach in twenty-two days.

This gratifying intelligence had been received at Peshawur with great rejoicings. The city was illuminated for three days, and preparations were made for the immediate advance of the contingent army of Runjeet Sing, accompanied by the Shahzadah Timoor and Col. Wade, upon Cabool.

FROM MEXICO, to the 25th, July. Bustamente reached the capitol on the 17th, and was received with every demonstration of gladness and respect. He immediately thereafter resumed the Presidential chair, and Santa Anna retired to his farm at Menga de Clova. At Tampico business was beginning to revive; but the heavy charges on the transportation of goods to the interior, hindered it from assuming much activity. Two conductas had arrived there with \$2,500,000. Arista, by order of the Government, was using every exertion to obliterate every trace of the late revolution, by destroying all the fortifications, etc. erected by the Federalists.

On the 24th July, the English packet sailed from Tampico, with upwards of half a million in specie on board.

FRANCE.—The insurgents had been sentenced by the Peers. Only one, Barbes, was condemned to death, and the King commuted his sentence to confinement at the Galleys for life.

HANOVER.—The chief of the Magistracy, M. Rumann, had signed a petition to the Germanic Diet, against the arbitrary proceedings of King Ernest, and for the restoration of the constitution of 1833. The King, in consequence of this, suspended him, and gave orders that he should be tried by the Privy Council. The citizens of Hanover opposed this, and remonstrated, alleging that M. Rumann could only be tried by a municipal tribunal. The King submitted. Some riots had occurred in which blood had been shed.

#### COLONIAL.

New Brunswick.—A public meeting was held at St. John, on the 20th respecting the late calamitous fire. The meeting resolved that his Excellency should be requested to call the Legislature together soon as possible, for the purpose of adopting measures of assistance and of prevention.

The resolution was submitted to His Excellency in an Address. His Excellency answered, expressing his readiness to assist in any manner,—he stated that he would immediately consult with his Executive Council respecting the propriety of calling the Legislature together, that he would willingly give assent to Legislative relief, but especially to measures providing for the construction of buildings upon a principle of greater security.

The inhabitants of Eastport had returned the \$1000, subscribed towards their assistance by St. John, to the latter, as some help under their recent misfortune. The St. John relief Committee accepted the money, under existing circumstances, as an evidence of the kindly feeling of the citizens of Eastport.

A meeting was held in Halifax, on Monday last, for the purpose of providing assistance for the sufferers by the St. John Fire. A liberal subscription was entered into, and a Committee appointed to collect means.

Mr. Cunard returned to Town on Wednesday week. Addresses from the Committee appointed to celebrate the Steam Packet project, by a dinner, and by the presentation of a piece of plate, were presented to Mr. Cunard, and received suitable replies.

It was finally resolved, by the dinner Committee, that a Pic Nic, on a splendid scale should supercede the dinner. This was given on Wednesday last, on McNab's Island. His Excellency and the Naval Commander in Chief, and their suites, the Field officers, Captains of ships of war, Heads of departments, etc. were among the guests. The celebration passed off with much spirit.

NEW PAPERS.—Two young men of Halifax, Mr. Fenerty, and Mr. Kuhn, have issued Prospectuses of new papers; one to be tri-weekly, published at St. John, to be called The Commercial News; the other, by Mr. Kuhn, semi-weekly, to be published in Halifax, and called the Haligonian. May both remunerate the respective candidates in the race of life, and be useful in their respective spheres in the cause of knowledge and morality.

Pic Nics.—This summer has been unusually productive in this mode of recreation,—and what mode can be superior? A feast in a forest glade, after a sail on a magnificent piece of water. The supernumerary Steamer comes in very effectively for this work; and fitted up with her flags, and awnings, and having her deck crowded by a gay company, she forms, on these occasions, quite a handsome feature in the scenery of our harbour. Halifax is finely situated for these celebrations. There are delightful spots,

in every direction, for such ruralizing; the Island, the Arm, the Passage, the Basin, each has a charm in its name, and has scenes of great beauty to enhance the sweet retirement that its shades afford.—Fire Companies, Rifle Companies, Charitable Societies, and societies got up extemporaneously, have chosen this mode of amusing themselves and their friends. The number of these trips this summer, proves, we trust, that the inhabitants generally, are in more comfortable circumstances than in former seasons; and that anxious care, the bane of life, has less than usual cause for annihilating or curtailing innocent enjoyment.

TO CORRESPONDENTS.—We have to acknowledge the receipt of several favours in prose and verse,—some of these we design retaining for our next ORIGINAL number, and request additional contributions for the same.
