We recommend for investment the
6% First Mortgage Sinking Fund Bonds of

The Spanish River Pulp and Paper Mills, Limited

Price 98 and Interest Yielding Over 6%

This company has the right to cut all the pulpwood on an area of 6,000 square miles, watered by the Spanish River and its tributaries.

Exclusive of pulpwood, the company's assets, consisting of plant, waterpower, buildings, etc., are appraised at \$2,480,000. The net earnings last year were sufficient to meet the bond interest two and one-half times.

The pulp and paper industry in Ontario is less likely to suffer from depression than any other. All the product of this company is sold in the United States, and the growing scarcity of pulpwood there is indicated by a steadily-rising market for Ontario pulp.

These bonds, in our opinion, offer exceptional security, and we shall be pleased to explain the security more fully on request.
