Paris green and hellebore are quiet, with expected activity, as the season is now on for these goods.

FLOUR AND MEAL.—The flour market still continues brisk, with active enquiry for all grades of flour at prices firm and advancing. We quote patent flour (winter wheat) \$4.40 to 4.50 per barrel, an increase of 10 to 20c. since last week; straight roller, \$4.25 to 4.30, an advance of 20 to 25c.; extra, \$4.00 to 4.10, being 30 to 35c. increase in price; strong bakers, \$4.90 to 5.00, increase 10 to 20c. Values of oatmeal, standard and granulated, are unaltered, with a somewhat sluggish market. Bran is cheaper, the consumption falling off and supplies increasing; it is now quoted at from \$12 to 12.50 per ton, with a tendency to recede further in price.

GRAIN.—Wheat firm and still improving in price. No. 1 winter wheat is now 98c. to \$1; No. 2, 96 to 97c.; No. 3 unchanged. Spring wheat, No. 1, 95 to 96c.; No. 2, 93 to 94c.; No. 3, 92 to 93c.; Manitoba hard is \$1.16 to 1.17 for No. 1, and \$1.14 to 1.15 for No. 2, an advance of from 5 to 7 cents per bush. It is found that Manitoba wheat is scarce compared with approximate supplies, and prices are likely to be maintained. There is no doubt also that the sharp advance in wheat in the States and England has influenced prices considerably. Barley steady; No. 1 at 55 to 56c.; No. 2 at 50 to 51c.; No. 3 extra, 46 to 47c.; No. 3, 41 to 42c., with no round lots offering, this grain being pretty well sold out. Peas are higher and are now quoted at 59 to 60c. per bushel. Oats 1 to 2c. higher and in demand at 36 to 37c. Corn and rye nominal. The English markets are weaker on wheat and corn.

GROCERIES.—Business generally reported steady and of fair volume, some wholesale houses claiming that the activity is mostly caused by Upper Lake orders received since the partial opening of navigation. Canned vegetables or fruits are firm in price and considered good value, large quantities selling, especially fruits. Canned strawberries and peaches getting very scarce, plums and pears are sold out. In dried fruits prices are firm with tendency to advance. Valencia raisins show a still further rise and cannot be laid
