

6.2.2. Monitoring and Oversight:

- (a) to witness first article inspection of parts;
  - (b) to monitor the controls on special processes;
  - (c) to conduct sample inspections on production parts;
  - (d) to monitor the activities of delegated persons or approved organisations referred to in Article 3.5 of the Agreement;
  - (e) to conduct investigations of service difficulties; and
  - (f) to evaluate and oversee production quality systems.
-
