Sir Arthur W. Currie, G.C.M.G., K.C.B.,  
Principal and Vice-Chancellor,  
McGill University,  
M o n t r e a l.

Dear Sir Arthur:-

I should like to express my appreciation of the action of the Governors in re-electing me a Governors' Fellow on the Corporation of the University. I particularly wish to thank you personally for this mark of your confidence.

I can assure you of my unfailing interest in the University, and my desire at all times to contribute in whatever lies in my power towards its government, development and prosperity in the educational system of Canada.

May I say to you that, with the greater knowledge I now have of the University's work, I cannot fail to appreciate its high place, under your leadership, as an educational institution, not only in this country but abroad.

I think there is more than this in the University's standing; it has become a factor in Canadian life, which extends far beyond that of an institution dispensing knowledge and marking its graduates as having a certain standing. It is difficult to define its place, but it finds expression in many ways.

With kind regards,

Sincerely yours,

HM/FM
