

for the above object, either by shares or annual subscriptions, and that when the establishment is opened, the Public be solicited to withhold donations in money at their doors from persons able to work, and to refer them to this establishment.

5. That application be made to the Emigrant Society setting forth the object of the association in countenancing this undertaking, and submitting to them the advantage both to that Society and the Public, of setting apart a portion of their funds, as was done for several years by that Society, under its former organization, for procuring employment through the means of this establishment, for Emigrants able to work.

6. That for the purpose of preventing such an establishment from becoming a point of attraction, and collecting persons in Quebec who would otherwise have sought employment elsewhere, the allowance for labour should be fixed at so low a rate as to afford a mere subsistence for the persons employed, and should, if possible, be paid in articles of the commonest provision.

7. That when subscriptions shall be obtained sufficient to authorize the opening of such an establishment, an application shall be made to his Excellency the Governor in Chief, soliciting a grant of ground in the immediate vicinity of Quebec, for the site of a Building suitable for the purpose.

8. That persons subscribing for shares of £10 or upwards, shall be Governors of the establishment for life, and when a building shall be erected as an Asylum, shall be entitled to fill up vacancies of inmates in rotation, and subscribers of 25s. or more, shall be entitled to vote for the appointment of officers and servants.

By desire of the Committee,
(Signed) J. C. FISHER, Hon. Sec.
