

lighthouse. Here the Canadian Government has reconstructed from the old windmill one of the largest and best lighthouses in the Dominion of Canada.

It was at this place that in November, 1837, a number of Irish patriots under the leadership of a Polish general established their headquarters, but were driven back by the Canadian Militia with a great loss of life.

About four miles below Prescott on the American side is Point Arie, where the State of New York has erected an Insane Asylum costing almost \$3,000,000, the grounds comprising 1,000 acres. On the left of the steamer and opposite the Asylum, is Chimney Island, and on this Island one can see the remains of an old French fortification.

GALLOPS RAPIDS

Six miles below Prescott we shoot the Gallops Rapids. This rapid is the first on the St. Lawrence river and is very small. One hardly notices the difference as the boat speeds along at full steam. The village alongside of these rapids is Cardinal, the canal covering the rapids is the Edwardsburg Canal and here the Dominion Government has expended some \$2,500,000 in enlarging the canal and removing obstructions from the river channel.

The next town is Iroquois, situated at the foot of the Iroquois Canal.

MORRISBURG AND THE RAPIDS DU PLAT

Still proceeding down the river, we pass on the American side the town of Waddington and oppo-
