

# HATCHERY NEEDED TO INCREASE FISH

Recommended That Lake Nipigon and Other Waters Be Restocked.

## DEPARTMENT REPORT

Some Animals May Be Given Protection Owing to Decreases.

Claiming that a long felt want will be filled it is recommended in the eleventh annual report of the game and fisheries department for the fiscal year ending October 31, 1917, that a whitefish and trout hatchery be built in the District of Thunder Bay for the restocking of Lake Nipigon and other inland waters. By the opening of Lake Nipigon the department would be able to secure spawn from the same famous speckled trout waters in the Dominion. The report states that the demand for both bass and trout for restocking far exceeds the supply and at the same time credit is given the Dominion Government for furnishing the department with 1,129,000 salmon trout fry for the inland waters.

The report says that deer and moose continue to hold their own and that even the thousands of young men have gone from Canada to the war, there were over a thousand open hunters during the season of 1916-17 than during the previous season. Caribou in the Kenora and Patricia districts is on the increase and sportsmen have no occasion to complain of scarcity of ducks. It may be necessary to extend the close season for partridge owing to smaller increase than was expected. Beaver continue to increase in spite of the fact that 1917 was an open season and it is estimated that the open season may continue without diminishing their numbers to any alarming extent. Marked increase is shown in mink and muskrat owing to the protection afforded by the government, but on the other hand martens and fisher are steadily on the decrease. Further protection may be considered necessary in the near future in the case of otter.

## EXEMPTION TRIBUNAL ALLOWS FEW CLAIMS

Pte. Carmelo Bugaja, who is engaged in making patterns for marine engines to be used in steamers in the fight against the Hun submarines, was refused leave of absence to continue at this work when his case came up before the Toronto District Leave of Absence Board yesterday. The board referred to the present German offensive, and decided that the call for additional infantrymen left no choice but to refuse the application.

Pte. Geo. Duncan, 32 Bolton avenue, employed by the company of Ambrise Kent & Sons as a jeweler, has two brothers overseas. On reporting for service he had been placed in category C3. He was also refused leave of absence, the board sending him up for a medical examination. Lieut.-Col. J. A. Macdonald, one of the board's members, said he saw too many young men walking the streets and "talking about pink tea."

## LOTS NOT ALL SOLD

Bidding Lively and Prices Fair at Township Sale.

Over 180 lots were sold at the last day of the York Township tax sale at the township offices on King street yesterday. Bidding was lively and prices were fair. Two lots were sold under the old law, whereby only the amount of taxes can be collected. This resulted in one 24½-foot lot being sold for 14 feet frontage, which sold for taxes. An adjourned sale will be held May 16 to clean up all adjournments.

## BECAUSE OF ITS FRESHNESS AND QUALITY SALADA YIELDS MANY MORE CUPS TO THE POUND THAN DOES ORDINARY LOW-PRICED TEA.

## MONTREAL BISHOP PREACHES.

Rev. Dr. J. C. Farthing, bishop of Montreal, delivered a short address at the special noonday intercessional service at St. James' Cathedral yesterday. He appealed to the congregation to pray for the soldiers at the front and for the cause of the allies, and not to cease praying. The intercessional prayers were said by Rev. Canon Plummer, after which the benediction was pronounced by the Bishop of Toronto.

## DISMISSED FIREMAN LOSSES DAMAGE SUIT

Judge Winchester yesterday in the county court found that Fire Chief William Smith was justified in dismissing W. McPherson, a fireman of the Toronto Fire Department, and dismissed the case. The case arose out of the alleged statement made by Fire Chief Smith that McPherson had been living with Mrs. Brownlee. Damages were claimed by McPherson for \$500. Mr. McPherson stated how Mr. and Mrs. Brownlee were personal friends of both his wife and himself, and when Mrs. Brownlee had some trouble with her husband and he had locked her out, she came to his home. After that he had some words with his wife over some money matters, and she left him, but Mrs. Brownlee stayed on and kept house for him. He denied ever having any improper relations with her, and all the time she was in his house she paid him \$5 a week. A letter had been sent, it was alleged, to Chief Smith from Dr. Skinner Gordon, stating that McPherson was keeping Mrs. Brownlee out of her home. This letter at the time Chief Smith refused to show him. "I have never seen that letter, and that is why I am here today," stated McPherson. When he was accused by the chief, he denied it, and following some words, the chief had put him out of the office. He stated that the chief had said: "You are the man who caused the investigation of the Toronto Fire Department. You went on the stand and told a pack of lies, and I will get you."

Mrs. McPherson stated that Mrs. Brownlee was still living at her home. "And she will remain so long as I have a roof over my head," she declared. Several firemen called in defence testified that McPherson had stated to them that he had had improper relations with Mrs. Brownlee, which were contradicted flatly by McPherson. It is most probable that the decision will be appealed according to a statement made to The World after the case by Mr. Phelan.

Dr. Long, Riverdale Methodist Church, and C. W. Horton of the Malvern Collegiate Institute, were judges. The prizes are to be given by Mrs. A. C. Courtice and will consist of books.

# OIL YONGE STREET BEFORE WEEK-END

But West Toronto and Other Sections of the City Must Wait.

## PLEASURE ROAD OILED

Humber Boulevard Has Received Its First Coat From Parks Department.

"Yonge street will be oiled before the end of the week," was the definite promise made by George Wilson, street commissioner, last night. The commissioner refused to state when oiling would begin on the other streets of the city, but he went so far as to say that West Toronto would be the last district to be served. "I must wait until more important sections of the city are served," he said. "How much oil have you on hand?" "We have some on hand," "How much do you expect to pay for oil when you are able to buy it?" "I don't know," answered Mr. Wilson. "I suppose you are going to say that the parks department is buying oil at 12 cents a gallon to oil the Humber boulevard?" "Wouldn't the oil used by the parks department serve your purpose?" asked the reporter. "Certainly. It would do fine." "How about Yonge street?" "Yonge street will be oiled this week if it doesn't rain." "And the rest of the city, when?" "I don't know," replied Mr. Wilson. Inquiry at the parks department revealed the fact that that department is purchasing all the oil it requires from the Canadian Soap and Oil Company at 12 cents a gallon. The Humber boulevard was oiled on Tuesday. "We are meantime, North Toronto, West Toronto and other business sections are dusty."

## TENDERS TO BE OPENED TODAY FOR PAVEMENT

When the board of control meets this morning tenders will be opened for the paving of the work to be done to get the Bloor street viaduct open for wheel traffic. The tenders, which closed on Tuesday night, are for 511 feet of asphalt pavement extending westwards from a line 26 feet west of Broadview avenue. When this work is completed the eastern approach from Danforth avenue will have been finished. Other work yet to be done consists of laying the pavement from Bloor street to the Rosedale section to the Don section; putting in the poles and stringing the overhead wires and laying the street car tracks. The cable for the overhead wires, two miles in all, has been purchased, but cannot be strung up until the state of the metal market makes it possible to purchase the poles.

## TWO HUNDRED LOTS ARE SOLD FOR CITY TAXES

Two hundred and twelve parcels of land sold for taxes at the city hall yesterday brought \$15,168.14. Originally 267 parcels of land were held for taxes, but all but 266 were redeemed before the sale. The remaining 54 will be sold at an adjourned sale on Friday, April 26. As usual there were plenty of bargains. One house, worth \$4500, found only one bidder, who got it for taxes, amounting to \$45. The lot most in demand was on Rathbone road. After some brisk bidding it went to G. M. Orr, who paid taxes amounting to \$17.72 for a portion of the lot, one-quarter inch by 49 feet.

## WILLS PROBATED

James Dyett has applied for administration of the estate of his wife, Margaret Bell Dyett, who died March 12, 1917, leaving an estate valued at \$1200. John Gray, local freight agent of the G. T. R., who died in Toronto January 20, left an estate valued at \$11,159, and Mrs. Ada Smith Gray, 90 Boustead avenue, sole beneficiary and executrix has applied for probate of the will. The estate consists of \$500 in household goods; \$1020 in the bank; \$1030 due on a mortgage; \$5000 insurance and 90 Boustead avenue, valued at \$4000.

## DISCUSS RADIAL QUESTION.

The civic traffic commission will hold a meeting today to discuss the situation in regard to the proposed Scarborough radial divisions, which are owned by the city, and operated by the Toronto and York Radial Company.

## JUDGMENT RESERVED.

Wounding of Frank Bonice Has Not Been Passed Upon.

Judge Coatsworth reserved sentence in the case of Rocko Fido, who was charged with wounding Frank Bonice by shooting him in the leg on July 10, 1917. In the evidence it was shown that Bonice had named Fido's wife, and when Fido heard about it he went armed, and demanded an explanation. In the defence, it was alleged that Bonice pulled out a knife and Fido, fearing injury, shot him in the leg.

## QUEEN'S PARK SERVICE.

The date for the combined church parade and intercession service in Queen's Park has been changed to April 25. Furlough men of the first contingent will take part in the service.

## UNITED FARMERS LEASE DISTRIBUTING CENTRE

The corner property consisting of 27 foot frontage on King street by 90 foot frontage on Francis street has been sold by T. Medland, Limited, to the Imperial Bank, which gets possession June 1. The foundations and walls of the present building will be used, but extensive alterations will be undertaken whereby the building will become a modern bank structure.

By a lease which is now being drawn up the United Farmers Co-operative Company will secure a store frontage at 130 King street, and will also have a frontage of 40 feet on Francis street, together with most of the remainder of this property, in the shape of an "L." The farmers will also have the basement under Henderson's auction rooms, together with most of the basement under 130 and 132 King street, and all of the top stories for warehouse and office room. Provan will have a store at 132 King street with a depth of 90 feet, and cellar. Both deals date from June 1, on which date the farmers will serve the Toronto public with country produce only, and A. Provan will conduct a general grocery business as usual.

## MEDICAL OFFICER READY WITH REPLY

Dr. Hastings Has Answer for Every Charge Made by Controller McBride.

Dr. Hastings, medical officer of health, will present a report to the board of control this morning, replying to the "grave charges" made by Controller McBride against his department. The doctor refused to give a copy of his report to the press last night, but it is expected to contain an answer to each charge by the controller's allegations. Controller McBride's chief allegation was that a public health doctor ordered a certain family quarantined for scarlet fever when there was no case of fever in the house. Dr. Hastings states that there has never been a case of scarlet fever under the eye of the department when the doctors were more sure of their diagnosis.

## THE WRENG NURSES.

Three or four other letters produced by Controller McBride make charges of misconduct against nurses of the department of public health. The doctors will call the controller's attention to the fact that the nurses in question were attached to a private nursing mission and had nothing to do with the department. It is interesting to note in connection with the controller's statement that the public health nurses are as "thick as flies" that Dr. Hastings has not added a single nurse to his staff since the war broke out. As a matter of fact he is looking after the medical and dental inspection of both the public and the separate schools with the same staff that formerly looked after the public schools only.

Dr. Hastings's nurses receive \$992 a year as compared with \$550 to \$5 a day with board paid to private nurses, and \$25 a week paid to nurses employed by large corporations.

## DIES IN HOSPITAL.

Henry Emboden, aged 50, who formerly resided at the Oriental Hotel, who fell from a scaffold at the site of the new Canadian Company, on St. Clair avenue, April 11, died at St. Michael's Hospital yesterday morning. His body was removed to the morgue, where an inquest was opened last night by Dr. Gregg.

## DAMAGES ARE AWARDED.

Justice Middleton yesterday awarded \$400 against the C. F. R. in the action brought by Miss Ida Pesha for alleged negligence which resulted in the death of her father, aged 82, of Euphemia, Lambton, who was killed by a train at Bothwell Station, while traveling from Kent Bridge to North Bothwell on the Windsor-Toronto line of the C. F. R.
