

## BERRY PICKERS BADLY NEEDED

Farmers Desperate, Prices  
High and Going Higher—  
Early Raspberries.

"We are simply desperate for workers," was the statement made by Miss Harte of the Government Employment Bureau, to a representative of The World yesterday. "Farmers are calling out on every hand for workers and we have none to send them. And if people would only keep their word it would not be so bad. People come in here and say they will go out to pick berries, and we tell a man who wants them that we are sending him forty and perhaps only ten go. Ten say they'll go and perhaps only two arrive when the farmer goes to meet them."

There is complaint now about the high price of berries, but it will be after if the crop is not picked. Growers get twenty cents a box now from the canneries and they are not going to pay transportation and take chances in packing to get twenty-six cents from the consumer, when the canners will take all that can be got at that price.

Raspberries will be ready two weeks earlier than usual this year, and the hope is that by that time many college girls will be free from examinations and will offer their services.

No Domestic. In lines other than farming there were 43 applications for domestic work and 202 vacancies, 84 of these being out of town. Twenty-three were placed, one a woman with a child. One order alone calls for 20 waitresses and 10 housemaids.

The percentage of clerical positions filled was 42.2; applicants placed, 38 per cent. In the industrial department 5.9 per cent. of the vacancies were filled, while the percentage of applicants placed was 43.2.

## NOTHING BEING DONE TO HONOR NURSES

"What are the women who used to shout so loudly for women's rights and franchise doing to honor the memory of the nurses who did their part so bravely overseas, and for whom nothing is being said or done in the way of reward?" was a question asked yesterday by a prominent Toronto woman worker.

"Those nurses did their part just as did the men, some even gave up their lives, yet their names are not placed on the honor roll, nor do we know of any pension or such provision."

"We honor the Riverside Women's Patriotic League," continued the speaker. The members have just given the nurses at the Christie Street Hospital the first touch of home comfort that they have had for four years. They have furnished the nurses' quarters, very prettily and comfortably with light blue rugs, white wicker furniture and chintz curtains. They have also furnished four lounge rooms for the men, besides giving the English billiard table. They will also furnish a garden for tubercular patients all together, the Riverside about \$4000.

## TABLET PROPOSED TO MRS. HICKS

Red Cross to Ask City to  
Erect Memorial at  
City Hall.

Red Cross workers who were associated with the late Mrs. Stearns Hicks, are anxious that her exceptional work during the four years of the war should be remembered in some substantial way by the city. The proposition is that a brass tablet should be erected to her and placed on the walls of the city hall.

If the city will not bear the expense it is quite certain that Red Cross circles would contribute through their membership. It is the general feeling that while Toronto stood foremost in war work it was due in a great measure to Mrs. Hicks, who gave four years of untiring personal work and supervision and on several occasions had to go to the public to gain the objects of the work for the men. She was never known to falter or fail and died in that had she lived a normal life she would still have been alive.

At the time of the death of Mrs. Hicks a resolution from the local council of women asked that the government would give her public recognition. Nothing was done. It is hoped that if a movement is started now it may meet with immediate response.

The pin is a pretty sterling silver bar with the crest of the Knights of Columbus in the centre. Mrs. Ambrose Small is president of the women's auxiliary, the six hundred members of which form the voluntary workers for the huts. The average number of meals served daily is 1,000.

## ARTILLERY ARRIVE AT EXHIBITION

Six Hundred Fifth Division  
Men Accorded a Hearty  
Welcome.

Some 600 men of all ranks of the 5th Division Artillery arrived at the Exhibition Camp yesterday, and despite the difficulties of transportation, a good crowd turned out to welcome the boys, while hundreds of motor cars owners left the more profitable side of jineyney up town to take the soldiers and their families home.

Major N. H. Macaulay, D. S. O., of Quebec, was the officer in command of the unit, and he said that his unit was the only one of the 5th Division to get to the front. The men had no complaints to make of their trip, they had been treated well, both aboard ship and on the train journey, they said.

Plenty of Conveyances. Col. Goodwin Gibson, spoken to regarding the transportation trouble, said:

"Yes, we were a bit bothered with respect to getting the boys away last night, but we have plenty of conveyances today. Private owners of motor cars readily came to our assistance yesterday and are out in full force this morning. One of our chief troubles yesterday was so many people ringing up to know if any arrangements had been made to transport the relatives to Exhibition Camp."

## "CHICK" EVANS TO PLAY GOLF IN TORONTO FOR CANADIAN RED CROSS.

Charles Evans Jr., better known to golfers as "Chick" Evans, will head a galaxy of golfing talent from the United States, who will play an exhibition match in Toronto today for the benefit of the Canadian Red Cross.

A. foursome that won the Olympic golf tournament.
