"Dinner's Coming — I Smell It"

Does Your Stomach Feel Happy When Meal Time Comes?

When you snuffle in the air the appetizing aroma of something cooking, do you feel that you could sit down, open your mouth, pluck your ears, and eat with a delicious gusto everything set before you, and not feel any bad effects from it?

In other words, can your poor stomach take care of everything and anything you put into it? There are thousands and thousands of people who do not know what it is to have a good, strong, healthy stomach, nor do they realize what it is to have a good appetite.

You can have an all-powerful stomach and a fetid odor after your meal, and every day, if you give your stomach a rest, and let something else take hold of your food for you and digest it as it comes into the stomach, something that is harmless, but that really does the work of digesting quickly and thoroughly.

This "something" is Stuart's Dyspepsia Tablets, the most effective little tablets in the world for curing anything that may be wrong with your stomach. One ingredient of these precious little workers digests 3000 grains of the coarsest or richest food put into the stomach. Think of it, 3000 grains! They are really an artificial stomach, because they act just like the stomach; they digest your food just as though you didn't have a stomach at all. It supplies the stomach with the digestive juices which have become weak and scanty.

Then your indigestion, dyspepsia, sour risings, brain, belchings, acidity, fermentation, loss of appetite, aversion to food, bloated feeling, heartburn and nausea, will be no more. You can then eat anything you want, all you want, whenever you want, and your stomach will feel fine before and after your meals. Your appetite will be a thing of pleasure to have, your meals will be a pleasure to eat, and your digestion will be thorough and soothing to the whole body.

You can't do your work well, or be cheerful, or have the energy or vim or ambition, when your stomach is bad. Make yourself feel good after a hearty meal, feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets.

Give your stomach a rest, so it can fight itself; then you need fear nothing. Send us your name and address to-day and get a free sample package of Stuart's Dyspepsia Tablets by returning mail. After you have tried the sample you will be so thoroughly convinced of what they can do for you that you will go to your nearest druggist and get a 50c box of them.

Send us your name and address to-day, and we will at once send you by mail a sample package free. Address: Dr. A. Stuart, Co., 53 Stuart Building, Marshall, Mich.

YORK COUNTY AND SUBURBS PETITIONING THE COUNCIL FOR CHEAPER TELEPHONES

Toronto Junction Business Men Have Grievance—East Toronto Presses Annexation.

Toronto Junction, Feb. 7.—In consequence of the excessive rates imposed upon telephone users at the Junction by the Bell Telephone Company, several of the leading storekeepers have formulated a scheme whereby the town may rid themselves of the monopoly. At the meeting of the council on Monday next a petition signed by all the leading residents and business men is to be presented asking that the Bell Company will reduce rates for the town and propose that the city should take over the telephone service. The petitioners say that a telephone service is an absolute necessity, and that they cannot conduct their business without it, but they contend that it is no reason why they should be called upon to pay nearly fifty per cent. more for the privilege of using it than is paid by users in the city or in East Toronto. To all intents and purposes the Junction is an integral part of the city and the great bulk of the business of the town is done with the city. Yet for some reason best known to the Bell Company, Toronto is included in the city and is given city rates. As an illustration of what this means to Junction subscribers, the following facts were shown. A resident in the city desiring a domestic phone can have the same privileges as a storekeeper can have a business phone with the same privileges for \$60 a year. People in the Junction get domestic phones at \$25 and business phones at \$60, but if they wish to use the city service they are charged an extra \$30 a year, and if they require a desk phone a further \$4 is exacted. The people of the Junction contend that this system is a disgrace, and an outrage, and must be altered at once, and they will start an independent service of their own. Fortunately the Bell Company has no franchise either in the city or the Junction, so should the council decide on municipal service they are free to adopt it. At the present time there is an independent service in the Junction, which has more subscribers than the Bell Co. This might be taken over by the town if necessary. This service, known as the Stark system, has many advantages to commend itself to all phone users in that it is perfectly automatic and it is quite impossible for a third party to listen in on a conversation going on between any two subscribers. Not only that, but it can be installed much cheaper and a better service given at a smaller annual cost to the subscriber. That the Bell Company, aware of this, will be very unpopular is evident or they would not be so anxious to obtain a franchise in the city for which they offer to pay some \$40,000 a year. Both the city and the Junction want a cheap and efficient phone service. The Stark system seems to fill the bill; it has been explained and demonstrated before the city authorities, but for some unknown reason no ways turned down. The Junction, if it adopts this system, will provide a striking object lesson for the city. Anyway the people of the Junction have made up their minds not to be sooked further, and their rates are put a stop to the pernicious listening system or a new system of phones will be installed at the Junction.

A narrow escape from a horrible death is accredited to J. S. McDonald of Alnetta-street, Freeman on C.P.R. engine No. 1484, who is now lying at the Western Hospital, suffering from injuries received while on his engine to-day. At 10 o'clock he had been called to take out a train on the west side, and was standing on the steps of the engine when the turner was taking the building and rolled between a space of 8 or 9 inches. Dr. Clelland, a space surgeon, found the injured man suffering from injuries in the region of the abdomen. He was placed in a van and taken to the head of Bathurst-street, where the ambulance conveyed him to the Western Hospital. He will recover.

Kielburg.
E. Smith of Toronto Junction has noed here and will take possession of his farm this spring.

Scizlet fever has broken out in the home of Robert Burkitt.

Measles, Nattress and Keake shipped a carload of cattle and hogs to Toronto Monday night.

The houses in Nashville where smallpox has been detected by the townships of the west and the local constables relieved of their duties.

The Bell Telephone Company recently installed phones in the office of Dr. John Flinn, Limited, here finished repairing their dam and the mill is now running full time.

Middle Leaf poultry yards, W. R. Brown, proprietor, have sold their whole stock of 10000 chickens to W. J. Klemm, of Milton, Ont., an extensive poultry breeder and exhibitor.

Ellesmere.
A surprise party was held at the home of Mr. and Mrs. George Pickering, when the neighbors to the number of 200 met to mark the occasion of their departure for the west and present them with a set of dishes and chairs as a token of their affection for them in their 21 years' residence among them. As Mr. and Mrs. Pickering have taken up land in the Ellettsville District and are shortly to remove from among us we wish them every success in their western home.

North Toronto.
Next Sunday morning St. Monica's R.C. Church on Broadway-avenue will be opened by His Grace Archbishop McOConnell. Invitations have been issued for the opening ceremony.

Give your stomach a rest, so it can fight itself; then you need fear nothing. Send us your name and address to-day and get a free sample package of Stuart's Dyspepsia Tablets by returning mail. After you have tried the sample you will be so thoroughly convinced of what they can do for you that you will go to your nearest druggist and get a 50c box of them.

- J. W. T. FAIRWEATHER & CO.**
FURRIERS
84-86 Yonge Street, Toronto.

General Hospital on Thursday morning of rheumatism fever, after five days' illness. He had been in the flour and feed business for about five years, and was a member of the following lodges: Orient Lodge, A. F. and M. St. Patrick's Chapter, H. A. M.; the O. O. F. L., No. 11, Knights of the Maccabees, Woodmen of the World, Orange Young Britons, and a member of the St. Ward Comptroler's Association, and took a prominent part in political work. He was especially interested in the welfare of the poor, and was a member of the Hamilton-street branch of the Red Cross Society. He is survived by a wife and two children. William Ward of Hamilton-street is the father of the deceased.

Auction Sale.
Next Tuesday, Feb. 12, T. Ward's continued sale. All horses, harnesses, and other articles. One Shire mare, 3 years, registered; 1 Clyde mare, 4 years, registered; 1 foal; 1 mare, 3 years, supposed to be stamp, very heavy; 2 colts, Clyde, heavy draught, rising 2 years old; 1 light horse, 6 years old, registered; 1 carriage horse, 3 years old, Hackney; 1 roadster mare, 3 years old (Jubilee Chief); 1 mare, rising 2 years, Hackney; 1 road mare, 5 years old, grade; 1 roadster mare, in foal to Morphine; 3 feeding steers; 1 registered bull; 5 months old; 1 bull, 2 years old, grade; and several other cattle; 300 bushels oats; fowl; 2 sets team harness, 1 new.

North Toronto.
While Mr. Banks of Richmond Hill, formerly of Eglinton, drove home on Wednesday evening with a load of haddies and herrings, he had occasion to stop at Sam Lepofsky's, Davisville. Some practical joker drove his horse and wagon under the Davisville Hotel shed. When Banks came out and found his outfit had disappeared he ran up Yonge-street and telephoned to Bedford Park and York Mills. After a few hours' hunt he discovered the outfit.

Miss Lona Blong of Kensington-avenue gave a party to about 50 of her friends on Wednesday evening.

Sellers & Gough hockey team played the North Toronto's a match on the Edlington rink with the result of 6 to 3 in favor of North Toronto.

Mr. Acry of the second concession, West York, has rented the farm of Mr. St. Germain, Bedford Park, and will take possession next spring.

About 100 members and adherents of St. Clement's Church sat down to a sumptuous supper in the schoolroom last night. Supper being over, toasts were in order. The toast, Rev. A. W. Powell, presided. Several gentlemen spoke to the toast of the church. The chairman spoke on "The Ideal of the Church of England, (2) the Salvation of Men, (3) the Perfection of the Individual," Mr. Worth spoke on "The Church in Town." Herbert Waddington's subject was "The Church in Canada," and A. Stevenson spoke on "Hearts and the Church." The toast of "Education" was handled by Rev. A. K. Griffin; "Commercial Enterprise," by Mr. Turner; "The Professions," by Mr. Roberts; "Sport," by Mr. Molleux;

GOOD SPECTACLES WANLESS & CO.

108 Yonge St. Established 1865.

"The Prisoners" by Messrs. Latsche and Bickel, and "The Ladies" by a number of 10, and "The Ladies" were interspersed with music. Vocal selections were rendered by Mr. Looch, Geo. Manton, W. Waddington, F. Boulton and instrumental music by Robert Boulden and J. Maclellan, with recitation by Thomas Manton and J. Lawson. At the school house meeting last night, a letter was received from Miss Brown, saying that she had recovered from her illness, and will report for duty on Monday. The agreement re the purchase of property adjoining Davisville school has been signed and it was ordered that a cheque be drawn in payment for same. The report of the settlement committee was adopted, and in return the schools will be closed at 2.45 p.m.

East Toronto.
A deputation of the residents of East Toronto, including Mayor Ross and a number of his councillors, waited on the city board of control yesterday to submit the terms which the municipality would be willing to be annexed. The deputation were not wholly united in their views, the majority of them maintaining that the city should annex the intervening 1600 acres between the city and the town. No definite answer was given.

Besides asking that the city should assume the debt of the town, it was asked that a sewage system be installed; the street lighting system to be extended to the northern extremity of the town; that the sewerage system be replaced; the electric light and waterworks systems continued till they might be replaced; ward one of the town to be divided into wards and factories, and that the present town employees be retained in the city's service.

The assets shown amounted to \$299,822.64, including waterworks plant \$59,200, water mains \$38,426.26, electric lighting \$18,077.47, roads and grading \$16,461.99, sidewalks \$27,861.62, cash and securities \$20,683.50, Globe Manufacturing Co. debentures \$20,000, buildings \$42,160.02, high school \$20,500, and new department \$3882.42.

The reverse side of the picture showed total debentures of \$23,218.84, supply creditors \$5282.02, sinking fund \$28,595.03, and bank overdraft \$824.27, total \$72,613.96, or \$28,825.33 less than the assets.

The assessment figures submitted showed \$1,704,000 in assessable values for 1906, with 245 buildings, a population of 371, a tax rate of 15 mills, and an area without streets of 600 acres. The debt of the town is \$207,074.24, included \$123,255.08 for general purposes, \$80,906.26 for local improvements, \$35,363.50 for schools and \$6400 not yet issued.

Mayor Ross claimed the town would make a fine residential district, and that the city's facilities were the greatest need.

Controller Hubbard remarked that the purchase of 1600 acres from York Township, situated on the corner of Pape and Randolph-avenues and abstracted a quantity of tobacco and \$150 in cash.

Mr. Richards is to erect two stores on Danforth-avenue, just east of Bowdler street, as soon as the weather will permit. Each of the stores will cost about \$4000.

Court Chester, A. O. F., No. 7819, held a successful meeting on Wednesday evening. Bro. J. J. Langston, D.C.R., and other district officers were present. Seven applications for membership were received and refreshments formed the program for the evening. On March 5, Dr. Kaiser, Col. McLean, W. C. Mikel, J. W. McLaughlin and Howard Ames.

The secretary of this convention is instructed to communicate with the people to be solved, that these lines touch all the towns on the north shore of Lake Ontario.

We further recommend that a deputation be sent from this conference to suggest these views when the matter comes before the minister of railways at Ottawa, and also that the municipalities facing on Lake Ontario and the River St. Lawrence be asked to appoint delegates to co-operate from this conference.

King Township Conservatives.
King Township, Feb. 7.—(Special.)—The presence of R. B. Gamble, M.L.A., and H. Ross, M.P., with the annual banquet of three subdivisions of the township, served to render the annual meeting of the township a most interesting occasion. The reception accorded the local member, T. H. Lemox, could not have been more given by a number of others. The Laskay Band furnished music during the evening, and the dancing continued till a late hour.

destroy the benefits and better service which would otherwise result from active business competition.

It was also the opinion of some present that the railway should be sold to the Canadian Northern, as to where it desired they should lead their road, feeling of antagonism that might eventually subvert the best interests of the town in question, but this idea was combated by others. "Who contended the railway would have no sentiment in the matter and would doubtless prefer the route that could be demonstrated to be the most likely to earn the greatest volume of profits."

It was unanimously agreed that the industrial future of the eastern lake towns was of such great importance as to render it incumbent upon their respective municipalities to protest against the possible isolation and a provisional committee was appointed, and the following resolutions were adopted:

The Resolution.
"Whereas this conference believes that a common route from Port Union to Toronto, along the base of Scarborough for all railways entering the city from the east by avoiding the 800 feet climb over the heights, would greatly reduce the cost of conveyance and quicken passenger service from Toronto to the east."

"Whereas we believe that such an entrance would, for the reasons stated, be to the interest of the city and the great business and industrial enterprises of Toronto, and the whole of Eastern Ontario."

"Whereas we believe it would be to the advantage of the Canadian Northern and Canadian Pacific to pass thru the several towns and cities north of Lake Ontario."

"Therefore be it resolved, that this conference passes itself on record as favoring a common lake shore route for all railways entering Toronto from the east; and as most strongly urging in the interests alike of the Canadian Pacific and Canadian Northern, and of the people to be served, that these two lines touch all the towns on the north shore of Lake Ontario."

We further recommend that a deputation be sent from this conference to suggest these views when the matter comes before the minister of railways at Ottawa, and also that the municipalities facing on Lake Ontario and the River St. Lawrence be asked to appoint delegates to co-operate from this conference.

"Whereas this conference believes that a common route from Port Union to Toronto, along the base of Scarborough for all railways entering the city from the east by avoiding the 800 feet climb over the heights, would greatly reduce the cost of conveyance and quicken passenger service from Toronto to the east."

"Whereas we believe that such an entrance would, for the reasons stated, be to the interest of the city and the great business and industrial enterprises of Toronto, and the whole of Eastern Ontario."

"Whereas we believe it would be to the advantage of the Canadian Northern and Canadian Pacific to pass thru the several towns and cities north of Lake Ontario."

"Therefore be it resolved, that this conference passes itself on record as favoring a common lake shore route for all railways entering Toronto from the east; and as most strongly urging in the interests alike of the Canadian Pacific and Canadian Northern, and of the people to be served, that these two lines touch all the towns on the north shore of Lake Ontario."

We further recommend that a deputation be sent from this conference to suggest these views when the matter comes before the minister of railways at Ottawa, and also that the municipalities facing on Lake Ontario and the River St. Lawrence be asked to appoint delegates to co-operate from this conference.

The secretary of this convention is instructed to communicate with the people to be solved, that these lines touch all the towns on the north shore of Lake Ontario.

destroy the benefits and better service which would otherwise result from active business competition.

It was also the opinion of some present that the railway should be sold to the Canadian Northern, as to where it desired they should lead their road, feeling of antagonism that might eventually subvert the best interests of the town in question, but this idea was combated by others. "Who contended the railway would have no sentiment in the matter and would doubtless prefer the route that could be demonstrated to be the most likely to earn the greatest volume of profits."

It was unanimously agreed that the industrial future of the eastern lake towns was of such great importance as to render it incumbent upon their respective municipalities to protest against the possible isolation and a provisional committee was appointed, and the following resolutions were adopted:

The Resolution.
"Whereas this conference believes that a common route from Port Union to Toronto, along the base of Scarborough for all railways entering the city from the east by avoiding the 800 feet climb over the heights, would greatly reduce the cost of conveyance and quicken passenger service from Toronto to the east."
