## ONE HAPPY WOMAN

Got Health and Happiness From Dodd's  
Kidney Pills.

London, Feb. 6.—This city can claim  
one of the happiest, healthiest women  
in Canada.

Her name is Mrs. J. Osborne. She  
lives at 524 Grey street, and she has  
this to say to her sisters throughout  
Canada:

"For eight years my life was made  
miserable by Female Weakness. I  
used many different medicines, but  
none did me any good till I started to  
take Dodd's Kidney Pills.

"The first use of this wonderful  
remedy gave me relief. I grew better  
with every dose, till when I had taken  
three boxes, I was totally cured."

Dodd's Kidney Pills are the only  
medicine on which women can con-  
fidently rely for a positive cure.

Gomez considers the sum of \$3,000,000  
which the United States Government  
offers to pay to the Cuban troops, as  
a condition of disbandment, insufficient  
to cover the whole case, but a good  
working basis to begin with.

before Judge Elliott this morning on

cultivate the aesthetic in the scholars.

—Mlle. Antoinette Trebelli, the re-  
nowned English soprano who sings at

Tartini (the greatest contralto of the  
century) a magnificent voice and an  
artistic temperament that places her in  
the front rank of the world's greatest  
singers. This concert will undoubtedly  
be the best of the season, and all lovers  
of music should avail themselves  
of the opportunity of hearing this great  
singer, assisted by such well known  
and popular artists.

## A CLEVER COMPANY.

John W. Isham's Octoroons, in the  
musical farce, "A Tenderloin Coon,"  
was the attraction at the Grand last  
night, and drew a large house. The  
company is composed of some very  
clever people, who put on the piece in  
a manner that did every member of  
the cast credit. There is just enough  
variety to suit all tastes. Madam A.  
Hyer, prima donna, made at decided  
hit with her own voice. She had re-  
peatedly respond to encores. Jeff-  
erson, Alston and Brown excelled in  
dancing, and it is doubtful if ever bet-  
ter dancers have visited this city.

Hampton and Johnson, the musical  
wonders, played on a dozen different  
instruments, and took the audience by  
storm. The acrobatic feats of the Mit-  
chells, the western wonders, were mar-  
velous. The company is above the av-  
erage combination in every way, and  
gave a splendid performance. There  
is fun galore from the rise to the drop  
of the curtain. They appeared this  
afternoon to a large audience, who  
were delighted with the performance.

They will no doubt be greeted by a  
good house tonight.

Wm. J. McHarg, of 504 Horton street,  
a sorter in the postoffice, was arrested  
this morning by Detectives Nickle and  
Rider on a warrant sworn out by Post-  
office Inspector Hopkirk, charging Mc-  
Harg with theft, and brought before  
Magistrate Parke.

For some weeks past money letters  
and parcels of value have disappear-  
ed. Suspicion fell on McHarg, and  
when the arrest was made other prop-  
erty than his own was found in his  
pockets.

McHarg, who entered the employ of  
the government in October last, was  
employed as a sorter, and had no ac-  
cess to registered letters.

charged with having stolen two letters  
and a packet. One letter contained \$15,  
another \$3, and the package contained a  
pair of gloves.

McHarg is a young married man, and  
great sympathy is expressed by the  
authorities for his parents and wife,  
who are highly esteemed residents of  
London. For this reason Mr. Hopkirk  
refused to say anything about the  
matter until the proper time comes.

The prisoner feels his position keen-  
ly. He was remanded until Wednes-  
day.

THE COLDEST  
IN 25 YEARS

Far-Reachin' Sweep of the Arc-  
tic Wave.

Many Deaths Result From the Bitter-  
ly Cold Weather—Florida and  
Georgia Shivering.

Whew! Twenty-three and a half de-  
grees below zero was the registration  
at the local weather bureau last night.  
London has not had such a cold snap  
for the past 25 years.

Since Mr. Dewar began nine years  
ago to keep a record of the weather,  
the lowest record previous to last night  
was 23° below zero. That was six  
years ago. The white frost was a  
principal factor in the present depres-  
sion, says Mr. Dewar, and he sadly  
promises a continuation of the cold  
wave through tomorrow at least. The  
coal shovels will be kept busy.

The severe weather has brought a  
harvest to the plumbers, all of whom  
are busy repairing broken water and  
gas pipes.

With the exception of the hockey en-  
thusiasts, few people were on the  
streets last night. Hugging the home  
stove or sitting on the register at home  
was the general way of passing the  
evening.

Relief Officer Bell has many applica-  
tions for fuel and provisions, and has  
yet to make out of what districts have  
been discovered. But coal and wood  
go fast these days, and the dwindling  
of the fuel supply destroys the comfort  
of many homes in the city.

Many people have been frostbitten,  
and abnormal large ears of noses are  
common sights.

ELSEWHERE  
Pittsburg, Feb. 11.—Three fatalities  
have been reported in this vicinity as  
a result of the cold. Hugh Gallagher,  
a miner, was frozen to death while on  
his way home from work. At Morgan,  
John Gillespie, aged 42, and Patrick  
O'Grady, aged 78, were found dead in  
a shanty with their bodies fitted up for  
protection from the cold.

Winnipeg, Man., Feb. 11.—Forty-five  
degrees below zero was registered here  
at 4 p.m. An old resident said that  
such weather had not been experienced  
here for 25 years.

the previous night were the severest  
experienced on record in 25 years.  
Mr. W. Todd, taxidermist, of South-  
west; Elgin county, found a crow with  
its feet and beak frozen. The bird was  
thawed out and was soon as well as  
ever.

Armed with picks and shovels, 1,600  
men are laboring to clear the Denver  
and Rio Grande Railway tracks in  
Leadville and vicinity, so fresh supplies  
of coal can be brought in. Business  
men of the city are acting as volun-  
teers in the snow-shovelling brigade.  
Aspen, the most isolated of the  
railroads being blockaded and wires  
down.

## AMUSEMENTS

"THE WORLD AGAINST HER."

Detroit Free Press: "The World  
Against Her," a thrilling melodrama,  
full of heavy villains and deep plots,  
was presented at the Whitney Opera  
house last night, and will be per-  
formed during the remainder of the  
week. The story of the play opens  
with Gilbert Blair, a wealthy owner  
of an iron foundry, plotting to sepa-  
rate the foreman and his wife from  
his wife. He had loved the woman  
before her marriage and hopes to win  
her from her husband. The husband is  
sent away one evening by his employ-  
er on a mock errand. Blair then goes  
to the house of his foreman, and while  
there tries to poison the mind of the  
wife against him. He is repulsed, but  
locks the door to prevent her escape.

While the door is locked the husband  
returns home. He accuses his wife of  
infidelity and casts her off. Later he  
becomes rich himself. He has been  
divorced from his wife and seeks to  
secure the possession of his little girl.  
He is awarded the child by the courts,  
but the mother flies with it rather than  
leave it up. She goes out alone into the  
world and drifts to London. Eventu-  
ally everything is straightened out,  
and she is reunited to her husband.

A detective, a counterfeiter, several  
masked and bearded villains, a specu-  
lator, a dupe and several comedy char-  
acters are introduced in the piece.  
Madge Carlton, the heroine of the  
piece, was acted by Agnes Wallace  
Villa. She played the part of the  
wronged woman and outraged  
mother cleverly, bringing out all the  
strong points in the thrilling situations  
in which she figured. At the Grand  
Tuesday, at popular prices.

"HOGAN'S ALLEY."

Messrs. Gilmore and Leonard, the  
funny Irish comedians, will bring  
"Hogan's Alley" to the Grand next  
Thursday. This light nonsense of  
mirth, melody, music, specialties, etc.,  
has been entirely rewritten for this  
season, and is said to be very much  
more amusing than before. It is just  
the sort of a play that is popular.

"Hogan's Alley" is a story of the  
struggle for life in the Bowery in  
New York, and the play introduces  
all the characters, made famous with  
its illustrations, including Hogan and  
Brogan, played by the stars, Gilmore  
and Leonard, the Yellow Kid, Liz and  
a hundred more. It is like a picture  
to the play, but just an intermixture  
of fun and frolic between the two  
noted residents of the alley, who are  
rivals for supremacy in that thorough-  
fare.

THE REBELS STAMPEDED  
from their trenches, which were ad-  
mirably constructed. The Americans  
refrained from wasting ammunition,  
but rushed on without firing, and used  
their bayonets and the butts of their  
rifles. There was heavy slaughter.

The railroad is practically uninjured.  
The ships are shelling beyond  
Calocan. The Americans will prob-  
ably reach Malabon today and Malolos  
in a fortnight.

FILIPINO ACCOUNT.  
Dispatches to the Globe from Hong  
Kong say the Filipino junta there has  
received by steamer from Manila fur-  
ther news of the recent fighting. The  
Filipino agents say the Americans  
plied vessels along the shore of the  
bay, and commenced hostilities un-  
expectedly at midnight Saturday, sin-  
guineously bombarding the defenseless  
towns of Fondo, Malak and Malabon."

The agents of the rebels also say:  
"The slaughter of women and children  
was frightful. The Americans burning  
and devastating all before them, con-  
ducting a war of extermination, and  
shooting every Filipino."

Finally, the agents of the Filipinos  
declare their intention of "appealing to  
Christendom," and their indignation  
against the Americans is intense.

SHELLED THE REBEL CAMP.  
Manila, Feb. 11—2:30 p.m.—Early to-  
day the monitor Monadnock and the  
cruiser Charleston began dropping  
shells into the rebel camp between Ca-  
loocan and Malabon. The enemy's  
sharpshooters in the jungle on the Amer-  
ican left had been particularly an-  
noying since daylight, so the Third  
Artillery drove the rebels out of the  
jungle at noon. In the meantime a few  
more of our men were wounded. Bassa,  
more of our men were wounded. Bassa,  
was shot in the arm yesterday. The  
loss of the enemy is estimated at 50  
killed and wounded, to one American  
killed, and one wounded.

THE JUNTA'S STAND.  
Hong Kong, Feb. 11.—The Filipino  
junta here have issued the following  
statement: "A Manila steamer has ar-  
rived here with the American censor  
and version of the fighting, which is  
utterly false. The Americans com-  
menced hostilities by the treachery of  
Gen. Otis, simultaneously by land and  
sea. Aguinaldo possesses a signed  
guarantee from the American commis-  
sioners that there would be no hos-  
tilities on their part. Hence the Filipino  
troops were resting, and many of the  
Filipino officers were at the theater  
on Saturday night and were arrested  
shortly before the outbreak.

"The bombardment of the defense-  
less towns of Malate, Paco, Santa  
Ana and Malabon caused a frightful  
slaughter among the women and chil-  
ren. It is estimated that 4,000 of them  
were killed.

"The Filipino forces, whose loss was  
comparatively small, tenaciously held  
their positions.

"The conduct of the Americans in  
the suburbs was outrageous. They  
compelled the inhabitants to leave  
their houses and then shot them down,  
regardless of sex.

"There is a reign of terror at Ma-  
nila. Civilians are shot in the streets,  
without being challenged.

"The Filipino commissioners have ar-  
rived at Manila at the invitation of  
the Americans, and when they were  
starting to return the American sol-  
diers were looting and pillaging.

"Aguinaldo sent commissioners to in-  
quire of Gen. Otis the reason for the  
hostilities, offering summary punish-  
ment if the Filipinos were found to  
be at fault. He received no satisfac-  
tion.

"The Americans are apparently deter-  
mined on a war of extermination,  
similar to their doings in Carolina in  
November, violating the rights of man-  
kind and of civilized warfare and  
committing a monstrous outrage on  
civilization.

"There is no doubt that the action  
of Gen. Otis was a political move, to  
influence the vote of the United States  
Senate, fearing an exposure of the  
corruptions at Manila.

"Four vessels are leaving Manila to  
bombard Iloilo."

The main building of the tannery of  
ex-Ald. Gaspard Rochette, on Arago  
street, Que., was destroyed by fire  
Thursday night. The loss is estimated  
at \$60,000. John Reddy and James  
Powers, firemen, had their feet badly  
frozen.

HEAT WORSE  
THAN BULLETS

An Artist and Correspondent  
Among the Wounded.

English Account of the Capture of  
Calocan—Rebel Version of the  
Affair.

Manila, Feb. 11—5:25 p.m.—The heat  
today knocked out many more Ameri-  
cans than did the Filipino bullets, es-  
pecially in the marsh lands north of  
Malabon, where the Kansas regiment  
was stationed. Fully a score of them  
were taken to the hospital. Among the  
incidents of the day, it is cited that  
Privates Bartley and Fitch, of the  
Thirteenth Minnesota Regiment, were  
both wounded in the legs by the same  
bullet, and Private Mitchell, of Com-  
pany B, of the Kansas Regiment, while  
assisting a couple of men to the rear,  
was shot in the left arm.

Mr. John F. Bass, the artist and cor-  
respondent of Harper's Weekly, who  
was shot in the arm during the fight-  
ing near Manila, is about 30 years of  
age. He is a graduate of Harvard Col-  
lege, and served as war correspondent  
for the Daily News of London during  
the Turkish-Grecian war. The railroad  
is open to Calocan and supplies  
for the troops are being forwarded by  
rail.

AMERICAN PLANS WELL LAID.  
London, Feb. 11.—A dispatch to Reu-  
ter's Telegram Company from Manila,  
describing the capture of Calocan,  
dwells upon the excellence of the Amer-  
ican plans, and the precision with  
which they were carried out. The  
dispatch adds: "At 4 p.m. the Ameri-  
can ships commenced firing. Then the  
army fired three guns at an interval of  
ten seconds, signaling the advance of  
the whole line, the Kansas regiment lead-  
ing through the jungle. The rebels'  
left wing was diverted by Major Bell  
and a hundred men. It was like  
clockwork. There was no hitch any-  
where. The rebels, estimated to have  
numbered some ten thousand men,  
were demoralized by the shells. The  
Americans advanced in open order. At  
500 yards there was a halt, and then  
a charge.
