BOARD OF TRADE FAVORS CONSCRIPTION MEASURE

Holds Special Meeting to Express
Approval of Proposed
Legislation.

Approval of the proposed legisla-
tion involving the conscription of
Canada's remaining man power, intro-
duced by Premier Sir Robert Borden
in parliament last Monday, was ex-
pressed by members of the Toronto
board of trade in a brief, special ses-
sion at noon yesterday.

In making known the purposes of
the meeting, First Vice-President C.
A. Beger, who presided as chairman,
stated the conscription measure as the
most important piece of legislation
which has ever been introduced in
the Dominion Parliament. He said it
was of vital need to the Canadian
people and closely touched the board
of trade. "The measure is in no
sense political. We all understand
that," he said.

"I believe this resolution will be
supported by nearly all the members
of the board," said Hugh Blain. "I
am sure this will be considered on
its merits and not as a party issue.
I am sure this is the only fair way
to carry on a war of this scale. A
small war involving only a few thou-
sand men might be carried on by
voluntary means, but this war calls
for all our available man power."
The speaker quoted from a speech
by J. W. Woods when he was presi-
dent of the board of trade, which
declared for the policy of conscription
and the board approved the prin-
ciple.

"We assure the mother country
that she could depend on our support
to the last cent and the last dollar."
Premier Borden announced
that we would raise 500,000 men for
the country supported him, and we
pledged ourselves to carry out that
undertaking," the speaker added.
Among those who occupied seats on
the platform were Lieut.-Col. Henry
Brook, A. E. Ames, Charles Marriott,
J. W. Woods, Arthur Hewitt, Edward
Hay, S. H. Parsons and J. D. Allan.
About 100 members were present.

PREPARED DUMMY ROLL FOR EXPECTED "HOLD-UP"

Some Peculiar Evidence Heard
in Criminal Court Regarding
Alleged Robbery.

Found guilty of the theft of two suit
cases, a club bag, guitar, watch and
some other articles from the apartment
of Mabel Somerville by Judge Coats-
worth in the criminal court yesterday.
William Cummings and Fred Wilson
were remanded in custody for a week,
when sentence will be imposed.
According to the story told by Miss
Somerville, the men, after meeting her
in a cabaret, accompanied her to her
rooms, where Wilson "held up" Cum-
mings and afterwards herself, taking
rings, a purse and a key to other
rooms. While she was notifying the
police they rifled her apartments. The
men were brought back from Mont-
real and at the trial yesterday gave
conflicting evidence, Wilson testifying
that the hold up was framed, the roll
of bills being only a wad of paper. He
said the girl suggested the idea, "just
for a joke."

According to Cummings, a drugged
cigarette had been given him and he,
knowing they were going to hold him
up, prepared the roll of bills. He went
to the girl's apartment, took the ar-
ticles and sold them to a "fence" be-
cause the girl requested him to.
Judge Coatsworth thought the joke
had been carried too far, and after find-
ing them guilty recommended the po-
lice to have Miss Somerville sent from
the city.

Leave for Tubercular Soldiers Said to Be Most Inadvisable

That it is most inadvisable for fur-
ther at home to be granted returned
soldiers who are infected with tuber-
culosis was the conclusion arrived at
by the conference of military medi-
cal officers held at Ottawa. A num-
ber of Toronto officers, including
Capt. Ogden, of the Spadina military
hospital, returned yesterday from the
Ottawa conference. There are now
in Canada 1,000 soldiers who have
contracted the white plague, also 700
of the C. E. F. members still in Eng-
land. The conference members de-
clared that the care of soldiers suffer-
ing from tuberculosis was the most
serious problem the military hospitals
commissioned to deal with.

STATIONING COMMITTEE COMPLETE THEIR WORK

Debate Over Positions Given
Pastors Who Are Overseas,
But No Change Resulted.

Because of the inability of the sta-
tioning committee of the Toronto
Methodist Conference to present its
final draft at the closing session of
the conference Tuesday night, a supple-
mentary session was held yesterday
morning at which there was consid-
erable criticism of the report. Rev. J.
Ferguson instigated a discussion re-
garding the positions provided for the
ministers who are overseas. He de-
clared that some were given second-
ary charges and when they came back
would find themselves displaced. It
looked to him as if the committee
were cutting the ground under their
feet, and he requested an ex-
planation.

The president of the conference, Rev.
G. W. Robinson, in reply, remarked
that it was one of the many difficul-
ties they had to encounter in the pre-
paration of the draft. They had
merely been methodical in their pro-
cedure, he said. In cases where pro-
bationers had been put down for a
charge, the man overseas was left in
the first position, but in the case where
a probationer was put in the charge and
the man overseas had to take a secondary
place.

Rev. Dr. Briggs and Rev. Dr. Ger-
man each spoke on the question, but
nothing was done.

The chairman of the local districts
were elected as follows: Toronto east,
Rev. R. J. D. Simpson; Toronto west,
Rev. G. W. Robinson; Toronto cen-
tral, Rev. T. W. Neal.

When You Market Consider Your Less Fortunate Neighbor.

"Every citizen who uses more in his household than his house-
hold actually needs is increasing the cost of living for those less
fortunate, and he is hindering the prosecution of the war."

—Sir Thomas White, Minister of Finance.

THE well-to-do woman who sits at her phone and orders
provisions lavishly, regardless of price, is abusing the power
of money as a bully abuses brute strength!

No longer can we help ourselves as we see fit from an
unlimited food supply—we are either limiting our buying to our own
real needs or "hogging" someone else's share.

Extravagant buying by those who can afford it, with waste in
some kitchens, and excess at some tables, will inevitably bring still
greater hardships to those who cannot afford the prices, and hunger
to those who must live on less.

Buy for your household as carefully and economically as your
husband buys for his factory, store or office. Study food values as well as
prices—make it a point to know just what you are getting—eliminate waste
—and you'll find that you can feed your family well on far less than you
spend now.

Invest the saving in Canadian War Savings Certificates and you will
be doubling your service to the nation.

War Savings Certificates are issued in denominations of \$25, \$50
and \$100, to be repaid in three years at full face value. They cost \$21.50,
\$43 and \$86 respectively, at all Money Order Post Offices and Banks, thus
yielding over 5% interest.
