NEWS AND VIEWS OF SPORT

Ducky Holmes has taken the job of scouting for one of the big league teams which is now a contender in the pennant scrap and will spend considerable time looking over players in the western league. The old time practice of leaving this to "coaches" and others has disappeared. Too many gold bricks purchased in the reason.

"Tootsie" Hoffman, brother of Artie, the Cub centre fielder, has been sold by the Cubs to the New Orleans club of the Southern league. The younger member of the Hoffman family has been playing with Quincy in the Central Association, but the champions had a string to him. They dickered with New Orleans after seeking waters and the Crestont City club will take charge of "Tootsie."

Comiskey says he does not count his team out of it, as a sport will put them in the running and they are long on spurs. However, if they don't spur, he picks Connie Mack's men to do the waiting away with the hunting.

Pack McFarland's proposed trip to England is not creating any too much enthusiasm over there. The English critics appear to think that Owen Moran, Freddy Walsh or Jim Donohue, not to say Johnny Summers and Young Joseph are good enough to trim the Stockyards representative.

The real reason why Billy Delaney retired is said to be because Kaufman pulled out of the proposed match with Johnson. This disgusted the veteran trainer and he tossed up the sponge.

Joe Thomas, after his marriage to Miss Jennie Gardner in January, will retire to his Chicago farm. The bride-to-be is a sister of Jimmy.

A western writer calls attention to the fact that the White Sox pitcher, who is entirely a five-letter affair—Wahls, Smith, White, Scott, Burns and Fien. It's better to have pitchers who are good for only five letters than for only five innings.

Bugs Raymond threatened to quit the Giants every pay day. When the insect asked for his check he is told that all his pay has been used up on the team. The treasurer of the club sends the check to Mrs. Raymond in Chicago, and the club the unruly pitcher can gather in enough money to pay his bill.

Clark Griffith of the Cincinnati team, who is catching for the Chicago Cubs, is about the greatest throwing catcher in the world. The "Old Fox" says that had he not been in Montana when the Detroit club asked for waivers on the player during the winter of 1907-8, Archer would never have been permitted to leave the American league. Archer is certainly delivering the goods to the Cubs now and his work is the regular work and he is making but very few errors.

The Libby baseball club of Libby, Mont., has probably the most remarkable record of any baseball club in the country. It possesses an undisputed record of 15 years without a single defeat. The club is not a professional organization, but just a club such as is formed in small towns every year.

Tommy Leach's seven-year-old son is with the Pirates as a mascot. Little Tommy has to keep his uniform locked up to prevent Third Baseman Barbee from wearing it.

The Athletics have signed Charles Fries of the Santa Clara club, for next season. It is remarkable how many youngsters Connie Mack picks up and how many of them develop into stars.

The New York American league club has asked waivers on Jack Cleburn. With his passing there is only one charter member of the club left, Willie Keeler.

Young Cy Young, who is pitching a ball for Minnesota, was recently presented with a fine silver loving cup by enthusiastic fans. The former Pirate may get back in the big league for his fine get back in the big league for his fine work in the American association has been high class.

At a baseball game in Chicago the gatekeeper hurried to Comiskey, leader of the White Sox, and said:
"Empire Hurst is here with two friends. Shall I pass 'em in?"
"An umpire with two friends!" gasped Comiskey. "Sure!"

THE CANADIAN HENLEY WILL
ATTRACT A BIG ENTRY LISTExpectations are That the Biggest Crowd in the
Thirty Years History of the Big Water Meet
Will Be Present

Next week will be Canadian Henley week in St. Catharines and extraordinary preparations are being made by the people there for the biggest crowd in the thirty years history of the big Canadian annual water races, as the way is made out of the city to the Canadian Henley, which will be the first arrival.

Sunday and Monday will see the first camera arrive, and it is expected that the Vancouver crew who come from the longest distance, will be the first arrival. The Ultra Westerners are entirely new to Eastern waters in general, and the Canadian Henley course is particularly, and they have got to get here early in order to familiarize themselves with the course and any construction it may possess. It is stated by men who have tried both courses that the Canadian Henley is a better course than even old Henley on the Thames across the Atlantic. The former course being entirely sheltered with land all around it, the Canadian Henley need never be postponed on account of rough weather.

Keen anxiety is felt and by everybody connected with the Henley at the rumor that Winnipeg will not be here this year, the Winnipeggers cleaned up things at the St. Paul regatta and things are coming close to the Canadian Henley dates is what may rob the Canadian National Regatta of the presence of these good water men, who have sent their crews here year after year, win or lose. The presence of the Montreal crew will lend additional interest to the regatta this year, particularly as Ottawa is coming so strong.

Shepard and Fensel, of the Harlem Boat Club of New York, are both coming and they will race in the senior double, Fensel will be in the senior singles and he will make an extra big effort to land the trophy, as the way he makes out of the city to the Canadian Henley, which will be the first arrival.

A Convenient Vehicle

After all isn't the bicycle about the most convenient vehicle for transportation you know of? It saves car fares, gets you away from the crowded street cars and gives you the exercise you need.

The Cleveland Bicycle

It is a wheel built from best material by expert workmen and sold at an honest price. It has all the big individual features that have returned the bicycle to popular favor.

"CLEVELAND"
You must test this new bicycle to experience what these improvements mean.

The Cleveland is a "Pullman" compared to the "day coach" of bicycling.

Write to-day for the catalogue—Test the new features.

The Hercules Coaster Brake is the latest and greatest of coaster brakes. It has no side arm—can be taken out and replaced in any bicycle in one-third of the time required by the other kind.

Summer Girl Don'ts

Don't feel that because you are away on your vacation that you and a few and even description may be thrown out of the window and stored for by the fact that it is vacation time.

Don't wear yourself out and spoil the first part of your vacation by attempting to do everything in the place at the same time. Take it slow.

Don't think that a summer moon won't do you any good. It may be a good thing, but it may be a bad thing. It may be a good thing, but it may be a bad thing. It may be a good thing, but it may be a bad thing.

Don't tell one of the swains, whose horseman you admire, that you are a good horseman. It may be a good thing, but it may be a bad thing. It may be a good thing, but it may be a bad thing. It may be a good thing, but it may be a bad thing.

BOSTON JOURNAL PICKS
HALIFAX MAN AS WINNERJohn O'Neil of St. Mary's Boat Club Expected to Land Premier
Honors at the Big Detroit Regatta Next Week

The Boston Journal says: "The big national regatta at Detroit next week will be more national and also more international in quality than any yet held in America. The amateurs all over the country are getting ready for August 6 and 7, and crews from the Toronto, Winnipeg, and Nova Scotia clubs will compete in the championships."

O'Neil, of the St. Mary's Boat Club of Nova Scotia, is touted as the likely winner of the sculls title this year. O'Neil won the association singles at Springfield last year and finished second to Frank Greer in the titular race. Many thought that but for the strain incidental to winning the association event O'Neil would have beaten Greer. Since then O'Neil's very heavy has made a big improvement in his rowing.

At present it looks as if the field pit against O'Neil will consist of Durand Miller of the New York A. C. Fred Shephard of the Harleins and the winner of the association singles class, J. A. Ten York, Jr., is a possible starter. Greer is also a contender.

A good number of spectators enjoyed the game.

CLOTHING WON AT TENNIS

Boston, July 26.—Former National Champion William J. Claborn, of Philadelphia, continued the strong showing he has been making in lawn tennis this year by defeating the veteran New York player, R. D. Little, in the upper half of the semi-finals for the Longwood cup at the Longwood Cricket Club today. The New York player was defeated by Claborn in three sets, 6-4, 6-3, 6-2.

Claborn, who is generally expected to be the National Champion, will meet R. H. Palmer of New York in the final and it is generally expected that Palmer will win the cup. Palmer has won the cup in the past and is a very strong player.

CHATHAM RACES
UNSATISFACTORYFlagman Was Out of Position in
Seven Mile Event and the Winner
is in Doubt.

Chatham, N. B., July 26.—(Special)—More than 1,000 people witnessed the Y. M. C. A. track race here. The seven-mile race proved unsatisfactory owing to the flagman being out of position, only Orville, the Chatham man, running the correct distance. The Chatham man came on the track a mile ahead, running strong and finished in 14:10. The remainder of the runners ran one-half mile past the starting post and finished in 14:30. The Chatham man finished first in 14:30, but was not awarded a special prize and the official position will be awarded as follows: Cameron, Stubs and Bailey.

Wallace, of Sackville, won the intermediate three-mile race from a field of twenty starters; time, 17:10. McGrath, of Chatham, was second and Ait, Moore, Douglass and Phil Mallet, Chatham, fourth. Wilbur May, Chatham, fifth. The Preston, sixth. H. McLaughlin, Chatham, seventh. Austin Mallet, eighth. Leo Troy, ninth. Otto Mallet, tenth.

MANITOBA WANTS
ST. JOHN SCHOLAR

Chester Martin Has Been Offered
the Chair of History in
Manitoba University.

Ottawa, July 26.—Chester Martin, M. A. (Oxford), at present employed at the archives as assistant editor of the archives reports, has been offered the chair of history in Manitoba University. Mr. Martin is at present in Montreal, and it is not definitely known that he will accept the position.

Mr. Martin has been in Ottawa for about eighteen months, coming here at the completion of a post-graduate course at Oxford University, which he attended for three years as Rhodes scholar. He is also a graduate of the University of New Brunswick, and is recognized as one of the most promising scholars of the maritime provinces.

BAD POTATOES CAUSE
OF TYPHOID IN NAVY

Provincetown, Mass., July 26.—The outbreak of typhoid fever among the men of the battleship fleet was due to bad potatoes was the official verdict rendered today by a naval physician on the supply ship Celtic, after a thorough investigation.

Dr. J. R. McIntosh attended to him after which he was removed to the hospital. It was feared he would lose the eye but it was said at the institution last night that nothing definite could be stated yet, but it was said he was doing very well.

Murray Whipple, had his eye badly injured on last Saturday night. He was standing at the window of the C. P. R. office, Bay Shore, when the glass was suddenly broken. A piece of it struck Whipple, cutting his face and eye.
