**DOWN'S' ELIXIR, FOR COUGHS AND COLDS.**

This well known Remedy originated with the Rev. N. H. Downs thirty five years ago, and has never failed to give entire satisfaction in every instance where it has been used.

The testimony of Physicians in its favor is not wanting, and they frequently prescribe it with the utmost confidence.

No family should be without a bottle of it in the house, especially where immediate access cannot be had to a physician, as its immediate use in cases of croup has saved the life of many a suffering child.

The soothing and healing influence of the Elixir in cases of incipient consumption, hard colds, coughs and croup, is so generally well known as to require very little to be said by us as to its merits. It is the **PEOPLE'S MEDICINE.**
