Greeting.

To all students of McGill, new and old—Greeting. The members of the University Young Men's Christian Association welcome you to McGill, and hope soon to welcome you as one of their number. Especially do we wish to extend a friendly hand to those among you who are coming to McGill for the first time. We are sure that the Society will be of good to you, if you will only join it. To all our old members, and in particular to all who are already Church members we urgently appeal for hearty co-operation and support. We cordially invite every one to come to our meetings, and to each we say confidently :

“Come thou with us and we will do thee good”
