TUGS DOCK AFTER ATLANTIC TRIP

Dry Dock Company Craft Have a Fierce Battle Against Elements.

The steam tug Ocean Eagle, Captain Timmott, and Ballinaball, Captain Newmark, arrived in port yesterday morning after a very rough voyage from Southampton via Cardiff, Queenstown and Newfoundland, and docked at the McAvity wharf.

Yesterday afternoon about 4 o'clock, when the two tugs started from the wharf to the Dominion Coal Company packets to replenish their bunkers, they were given a hearty salute from the many tugs in the harbor by the blowing of whistles. The newcomers acknowledged the hearty welcome with return blasts from their whistles.

The Ocean Eagle and Ballinaball were purchased by the St. John Dry Dock and Shipbuilding Company. The former tug is about 30 tons gross and only seven register, while the Ballinaball, which is only four tons net is about 20 gross.

Seldom if ever have two such small craft as these experienced such boisterous weather while making the voyage across the Atlantic. The little steamers have been more than a month making the trip and those on board had an experience that they will not forget in a long time. The Ocean Eagle, with the smaller tug in tow, left Southampton on Sept. 12. They put into Cardiff on the 14th and, after coaling, left there on the 16th. Heavy weather was met and in a raging storm on Sept. 22 the hawser parted and the storm was so bad that after twelve hours' manoeuvring it was decided to retreat, and the little steamers ran before the gale with the seas sweeping them fore and aft. They reached Queenstown on Sept. 23. Some damage was caused by the storm and after repairs and taking on new hawsers, the tugs resumed their voyage on Sept. 28. The weather continued very stormy and great care had to be taken. The smaller tug was almost continually awash and it was only by very good seamanship that the tugs came through unscathed.

The hawser held until the Monday following the departure from Queenstown when, due to heavy weather, it parted from the hook and it took several hours before it could be secured again. As the tug was getting out of fuel it was decided to call at St. John's. Nfld., to have the bunkers replenished. The voyage from St. John's was rather uneventful.

The tugs were purchased in England by E. M. Ross of the St. John Dry Dock Company. The Ballinaball will be used for harbor towing, while the Ocean Eagle will be used for salvaging purposes on the New Brunswick and Nova Scotia coasts. The Ocean Eagle has accommodations for fifteen men, and up to the time she was purchased by Mr. Ross was operated by the British Government, during the war was used for rescue work.

Captain Greenlaw, who has now taken charge of the Ocean Eagle, went across to look after the ship, and A. B. Ross, son of the purchaser, made the voyage to St. John on the tug.

THIS MAN TELLS YOU HOW TO KEEP FIT?

Bear River, N. S.—"My back was so bad I could hardly work. I was always tired out and had no ambition; was nervous and dizzy, and everything seemed to worry me. I also had terrible pains in my right side. I felt badly for about eighteen months, and could not do my work as it should have been done. I tried several doctors, and also bought about \$20.00 worth of put up medicines, but I found no relief until I took Doctor Pierce's Golden Medical Discovery and Doctor Pierce's Anuric (anti-uric acid) Tablets. I have taken two bottles of the Discovery, and four of the Anuric Tablets, and can say that I feel as well as I have felt for the last ten years. I advise any sufferer to give Dr. Pierce's remedies a fair trial. I cannot recommend them too highly for what they have done for me and shall be pleased to answer any one who cares to write me."—Norman E. Trimmer, R. R. 1.

Obtain these famous medicines now at your nearest drug store, in tablets or liquid, or send 10 cents to Dr. Pierce's Laboratory, in Bridgeburg, Ont., for a trial package of any of his remedies. Write Doctor Pierce, President Invalids Hotel in Buffalo, N. Y., if you desire free medical advice.

Riverhead, L. I., Oct. 18.—When Surgeon Robert S. Keogh of 27 William street, left for New York on the morning train.

Mrs. Reubel was contesting the will of her sister, Mrs. Minnie Gray, who left \$95,000 to her adopted daughter, Mrs. Minnie Gray Mundorf, of 22 East Twenty-seventh street, New York. She contended that the will was invalid, and that the signature was not authentic.

Mrs. Reubel's attorney said he would take the matter up with the District Attorney of New York County, where the will was executed.

The second indictment against Ward charges that on July 16 last he attempted to obtain money from Fraser, a handbook maker, the sum of \$25, and that if this was not paid Ward would close Fraser's business.

DRINK WATER TO HELP WASH OUT KIDNEY POISON

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts.

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving back weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water-drinking, and no doubt you will wonder why you have not tried it before. By all means have your physician examine your kidneys at least twice a year.

Eyes Strengthened 50% by Proper Eye Care, Says Doctor

Suggests Simple Home Treatment Which Quickly Relieves All Irritation and Sharpens Vision.

No longer is there any excuse for most of our eye troubles. For specialists have perfected a simple but amazingly effective treatment which not only quickly relieves burning, itching, smarting, aching eyes, but also banishes eye headaches, eye-strain and blurred vision.

This simple treatment is called the Bon-Opto system, and is now being prescribed by physicians and specialists everywhere. It is based on the latest scientific discoveries. Scientists have recently proved that 90 per cent of all eye troubles are due to weakness in certain little muscles which adjust the eye. Eyeglasses alone will not strengthen these muscles. But the Bon-Opto treatment seeps through directly to them, heals and tones them, and soon restores them—and therefore the eyes—to their old-time strength and vigor.

Don't neglect your eyes. The discomfort and aches can almost instantly be relieved by the Bon-Opto eye-lens, and more serious trouble prevented. Bon-Opto should be in every home. It is a package of Bon-Opto. Results guaranteed. Money back without question if you are not delighted with the improvement in your eyes and sight. Bon-Opto is sold by good druggists everywhere.

Harry Bernard to Pass Next Year or Two in Sing.

New York, Oct. 17.—Harry Bernard wanted a wife that really liked him. He meant to keep on marrying till he got one. He tried three times before he was satisfied. He told Judge Morris in General Sessions that he married the third time because he feared the other two wives didn't like him.

Judge Morris said he feared Harry couldn't get away with any excuse like that and sentenced him to the penitentiary for five months.

Harry Bernard, 35, lived at 818 Eighth street and had conducted a printing shop at 15 Moore street. Thirteen years ago Bernard married Mrs. Stella Bernard, now of 117 Essex street, the mother of two children.

His second wife, Mrs. Rose Bernard, said she was married to Bernard last March by a rabbi, but that later she learned that less than five months before that Bernard was married in the Municipal Building under the name of Stein to Ida Gorenstein of 359 East Fourth street.

RESPOND WELL FOR THE VETERANS' FAIR

Everything promises well for the success of the fair which the G. W. V. A. will hold in its rooms in Wellington Row at the end of this month and the beginning of next. A meeting of the supply committee of the fair was held last night with the chairman, O. A. Reid, presiding, and the reports which were received were very encouraging. James Connelly volunteered the services of his City Corner Band for the evening on which night it was hoped that His Excellency, the Governor-General, Baron Byng of Vimy, would be a part of the fair. An invitation has been sent to Lord Byng and to the members of his staff.

The members who had been soliciting for contributions for the fair from the various merchants in the city reported that they were receiving a very generous response.

The general committee of the fair, of which Lt.-Col. W. H. Harrison is chairman, is to meet this evening to hear the reports of the many sub-committees.

MIDGETS 15 YEARS IN WORK OF CHURCH

Lucy and Sarah Adams Say it is the Better Calling.

Martha's Vineyard, Oct. 18.—Fifteen years of evangelistic work, in the course of which they have assisted ministers of various denominations all over the country, has convinced the Misses Lucy and Sarah Adams of South road, Chilmark, that the calling of a missionary is a noble profession. Lucy is 49 inches in height and Sarah 46.

Lucy was bridesmaid at the wedding of Mrs. General Tom Thum to Count Magin in New York. Rumor has it that the count proposed to Miss Lucy and to her sister, but was rejected. Both Lucy and Sarah were once in General Tom Thum's company as well as in other companies.

In "Jat" and the "Giant Killer," "Cinderella," and other operas they toured the country. They also offered to go abroad to their former employers, but were not accepted.

More recently the two Lilliputians had their own company, appearing in sketches, singing, reading, pantomime, opera, and other forms of entertainment.

While touring the Northwest, a minister friend of the family urged them to join in evangelistic work. They finally consented and for 15 years they have been their calling. The most satisfying we ever undertook," the two say.

Their home in Chilmark is 200 years old. The two began their professional career on Cape Cod. They were born on the Vineyard. While they were playing in "Little Red Riding Hood," Mrs. Thum sent for them and they were billed as "Lucy and Sarah Adams."

During the summer time they run a tea room in Chilmark, entertaining their guests with readings and singing. Their father was the late Captain Moses Adams. A brother, James Foster Adams, is living in Chilmark.

FEARS WAR ON RHINE AGAIN

Head of Princeton Sees Menace in Intense National Hatreds.

Princeton, Oct. 18.—Dr. John G. Hibben, president of Princeton University, said in an interview here today that a correspondent of the New York Herald that unless something can be done by America to relieve tension between Germany and France it will be impossible for the two nations to avoid war. It was his first interview on European conditions as he observed them in a tour during the past summer.

President Hibben said that the "nationalism" of Europe need the active cooperation of America in solving their problems and that if peace was not assured in Europe disaster inevitably would overtake America. "It is always a question," he said, "whether having entered the war and having made common cause with the Allies, we were justified in withdrawing from the European situation. The question of reparations, of interrelated debts, of disarmament and of the safeguarding of the commerce and markets of the world are all bound together, presenting one tremendously complex problem which the United States can and must help to solve. We face a great opportunity as well as a grave responsibility to use our power and influence to free the world from the menace of another world war."

As Young as the Youngest

The old boy is enjoying himself just as much as the young boy. His heart is as youthful, his spirit as boisterous, his energy as unflagging as his grandsons.

It's "that Kruschen feeling" again—the feeling that comes from sheer health and fitness, the feeling that expresses itself in infectious jollity and unvarying good humour.

And the cause of it? Just a tiny pinch of the magic Kruschen power that can't even be tasted in a breakfast cup of coffee or tea. As much as will cover a 10 cent piece, every morning at a cost of half a cent a day — could there be an easier or a cheaper road to happiness?

A tiny, tasteless pinch—but it works wonders. It supplies the body with just the six salts, blended in just the right proportion, that Nature decrees for its well-being. Sedentary occupation, insufficient fresh air and exercise, worry, overwork, errors of diet—all or any of these prevent your system from extracting these necessary salts from your food. Hence the need for Kruschen—six salts in one.

What Kruschen does for you is to ensure that your liver and kidneys, clearing the body of all this poisonous waste matter that has been clogging the system, and purifying the blood. At the same time it has a distinct tonic effect, invigorating you both physically and mentally, banishing depression, listlessness, headaches, indigestion and all the ills that arise from internal disorder, and filling you with a bracing sense of energetic health.

Tasteless L. Coffee or Tea
Put as much in your breakfast cup as will fill on a 10 cent piece. It's the little daily dose that does it.

Kruschen Salts

Good Health for Half a Cent a Day
