CLOSING DAY AT ROTHEsay BOYS' SCHOOL

Ehd of 43rd Year in History of Institution

Ninety-Seven Pupils—Head Master Reviews the Year—Only One Change in Staff—Need of Expansion—The Prize Winners.

The Rothery Collegiate School closed this afternoon for the summer vacation.

Today marks the end of the 29th year of the school in its present situation on College Hill, dating from its foundation in 1877, the 43rd year of its history; a year which has not been uneventful but which has not been marked by very many outstanding features.

Altogether there were ninety-seven pupils enrolled, of whom ninety-one were in residence and six day pupils.

The number of boys in residence at one time was eighty-one. This last figure remained constant during the year, for as vacancies from time to time occurred, they were at once filled. The number of applications for entrance exceeded the places available.

A new feature of the year was the extension of work, for want of a better term, may be called the self-government system, whereby more duties and responsibilities were laid upon the Scholastic monitors.

The results were most satisfactory and we hope to extend the system, so that as boys grow up in the school, whether they attain to the position of monitors or not, they will have the opportunity of assuming certain definite responsibilities in connection with the government and activities of the school.

Perhaps no other training so useful as that which comes from undertaking duties of this nature. It is this which makes a student conscientious and efficient, and which largely depends on order and patient leadership, valuable aids to education.

Regarding the effect of this system on the discipline and general well-being of the school, this must vary to a certain extent, as so much depends on the character of the boys chosen for responsible positions.

When the leaders undertake their duties earnestly and perform them conscientiously, good results are assured.

It is a sure thing that the other members of the staff will agree with me when I say that the improvement in discipline and order in this school year, which has taken place this year, is in no small manner due to the patient leadership of the same team represented New Brunswick in the Canadian Championship match and took 6th place.

Nine of the members of the staff, entered the Imperial Challenge Shield matches and made a better average than last year when we took 85th place out of 640 teams from all over the Empire competing.

Our standing for this year will be known until September. A team of twelve was entered in the Canadian Rifle League matches and took 17th place out of 48 teams competing. This year there was issued to us a number of the latest Lee-Enfield service rifles.

A team of ten was entered in the Canadian Rifle League matches and shot four matches on the St. John range. Our standing will be known later. Next year we hope to have our own range completed so that we shall be able to use the service rifles without going to St. John.

In athletics we had a successful year winning the interscholastic football league and the track meet. We also won our annual contest in track and field sport with King's College School.

Changes in the Staff. There will be only one change in our staff for next year. I regret that Mr. L. H. S. Bent, M.A., is leaving us in order to take up work in the Montreal High school. In his place Mr. A. M. Arbuckle, B.A., formerly fellow in science at Acadia University and latterly vice-principal of Horton Villa School, has been appointed.

In conclusion, I would dwell for a few moments on our greatest need, and that is means for expansion. Our clientele that each year we are forced to refuse applications for entrance. It will be remembered that last year the plan was returned to build a memorial chapel in connection with which there should be a new dining hall, thus allowing the hall is situated, to be used entirely as a dormitory. This plan, if carried out, would give us room for about thirty more boys. In one sense the two projects are one, but in another they are quite distinct. First there is the plan for a memorial chapel and for this an appeal was made to our friends through the Old Boys' Association. While the appeal met with a gratifying response in many quarters there are still many from whom we hope to have a subscription who have not yet come forward. Less than half of the necessary funds has been raised. Considering the (Continued on page 2—sixth column.)

Londonderry Streets Barricaded; Shooting At Times In Volleys

Battle of Unionist and Nationalist Factions Kept Up Today—Details of Attack Made on Official in Dublin.

(Canadian Associated Press.) Londonderry, June 23.—There was no cessation today in the battle between the Unionist and Nationalist factions which has kept Londonderry in a terror stricken state for some days past.

During the night the rival factions erected additional barricades from which they kept up a continuous fire. At times the shooting reached the intensity of volleys.

London, June 23.—A despatch to the Exchange Telegraph Company from Londonderry states that many dead and wounded are lying in the streets.

Londonderry, June 23.—Civil war continues in the streets over a wide area of the city last night, according to a Central News despatch.

St. Columbkille's College, a Catholic institution, was attacked by rifle fire, and a Catholic named McKenna was shot dead in Bishop street, in which the college is located. Numerous other casualties are reported.

At nine-thirty o'clock this morning fighting was going on between opposing parties of Unionist and Nationalist, who were armed with rifles and shotguns. The number of boys in residence at one time was eighty-one. This last figure remained constant during the year, for as vacancies from time to time occurred, they were at once filled. FINE WORK AT THE ART CLUB

Most Creditable Exhibition by Pupils Made Today—Prizes This Afternoon.

An exhibit of the work of the students of the St. John Art Club was opened at the club house today.

The work on exhibition is a revelation to one not conversant with what the Art Club is doing to promote and encourage art in St. John.

There are on display charcoal drawings, sketches, landscapes and paintings, portraits and other works of art.

Among the artists who have taken part in the club are Miss Helen Ryan and those by Miss Julia Crawford. Both these young ladies belong to the advanced class which opened on October 30, 1919, under the efficient direction of Miss Alice Haggarty.

The greater amount of the advanced work on exhibition was done by these two young ladies, and their finished products are a credit to the club.

The junior class, under the direction of Miss Helen Ryan, is also doing fine work. The members of this class are Gretchen Skinner, Alicia McCarroll, Alma Price, Muriel Genter, Vivian McKinley, Helen McCready, Edythe Mitchell, Ruby Spence, Lillian Clark, Greta Wetmore, Gladys May, Viola McAvity, Doris Barbour and Grace Mahony.

Prizes were awarded to the winners of the drawing and painting contests. There were sixteen contestants for the drawing contest, and the winners were Miss Helen Ryan, Miss Julia Crawford, Miss Helen Ryan, Miss Julia Crawford, Miss Helen Ryan, Miss Julia Crawford.

DOMINION HOME RULE BILL IN THE HOUSE OF LORDS

First Reading for Irish Measure Proposed by Lord Montague—Proceedings in Commons.

London, June 23.—(Canadian Associated Press)—In the House of Lords yesterday a bill proposing dominion home rule for Ireland was brought in by Lord Montague and read a first time.

In the House of Commons, the government accepted an amendment proposing that the Irish representation in the imperial parliament be forty-six instead of forty-two in order to include four representatives of the Irish universities in the interests of the minorities of South Ireland.

The government opposed an amendment suggesting that Irish representation at Westminster should cease on the Irish parliament achieving union.

Lord Robert Cecil declared his conviction that not a single member of the government held the slightest belief that the home rule bill would do anything whatever to solve the Irish question.

PORT QUESTION AT CITY HALL

Special Meeting Called for Tomorrow Afternoon—Business This Morning.

The question of nationalizing the port of St. John, or placing it under harbor commission, was brought up by Commissioner Frink at a meeting of the common council this morning. He spoke about an article appearing, attributing to Hon. Mr. Balfour a statement that he would not authorize any bond law for improvements until the harbor of St. John was either nationalized or placed under harbor commission.

Mayor Schofield if he had received any such notification, and if not when the matter would be dealt with.

Mayor Schofield said that he had not received any official word, but felt that the council should go ahead with the matter and dispose of it. He favored a special meeting to deal with the question and decided to call it for three o'clock Thursday afternoon.

A representative committee of the whole was appointed with two exceptions. It dealt with matters already reported in the Times. The exceptions were the nomination of E. J. Mooney to run a pipe from his gasoline pump at No. 89 King square, under the sidewalk, into the street, and the matter of certain restrictions, and that the "Industrious" ferry matter be referred back as it involved bond issue, and Commissioner Bullock could not attend this morning's meeting.

The St. John Garage and Supply Company asked permission to install in their yard, off Duke street, a gasoline tank with a capacity of 20 gallons. This was referred to the Commissioner of Safety.

Commissioner Jones' motion relative to certain Mipec leases was adopted. The New Brunswick Telephone Company wrote that they would change their plans and place their conduit in City Road from Wall street to Ritche street, along the sidewalk, instead of the road, as previously suggested.

Commissioner Frink moved that permission be granted until after the arrangements with the contractor now placing new pavement there were made. This was carried.

Edward John East asked to be appointed a city constable. Referred to Mayor Schofield.

N. B. McLeod asked that a check for \$1,000 he submitted at the time he contracted for paving Douglas avenue be returned with interest at seven per cent. Commissioner Frink moved that the check be returned with word that there was no provision made to tenders for payment of interest in such cases.

J. G. Burke, of 109 Douglas avenue, wrote that as a result of water being shut off without due notification, his boiler collapsed. He asked to be reimbursed. The matter was referred to Commissioner Jones and the city solicitor.

Commissioner Jones asked for authority to purchase a new service car to be used by his department, not to exceed \$2,000, the money to be procured from the departmental revenue and not by bond issue. He was granted permission.

The Sons of England, Marlborough Lodge, asking for one of the German field gun trophies. The communication was referred to the city solicitor.

The St. John Council of Women notified the council that they had endorsed Mrs. J. V. McEllan as their representative for the vacancy on the Hospital Board.

There is a complete tie-up between the Ontario Railway Company's street car lines today. The men ask 66 cents an hour instead of 55 cents.

William Southern and Sons, Limited, with M. E. Nichols, have purchased the Tribune. R. L. Richardson retains an interest.
