BIG DEMAND FOR STEEL

facturing News, Toronto, makes the fol-

Business is going to be brisk in Canadian circles for some time to come if present indications are anything to go by. Dealers in the dominion are pur-chasing again in large quantities. The renewal and placing of new business in Canada for the American government means that the munitions business is

days ago a purchaser representing three shipbuilding concerns on French orders was in Ontario placing orders for twelve boilers and twenty-four engines. He claimed that in this way he could secure much better terms and delivery dates than by the three companies going into the market individually with smaller orders. His total buying represented about three-quarters of a million dol-

means that the munitions business is good for some time to come.

The developments of certain lines in Canada can proceed only along circumscribed lines at present. The real seriousness of the situation is not generally apparent. The War Industries Board of Washington is calling for steel at a rate that is startling. Right now the call is for five million more tons for first half 1919 than the present capacity

with pichty good.

Just a few one of the columbia is placing large or15% ders in the east this week.

The scrap metal situation is more serious in United States than in Canada. A larger amount of scrap than usual is finding its way into foundry mixture. Some of the dealers are inclined to hold that there is plenty of material in the consumers.

To duty after the government recognized their union not as a trade union but as a federation. A delegation of the police informed Premier Lloyd George of the men's acceptance of the government's terms.

Under the terms of the agreement, the police will be a series of the government is waste there is greater in police will be a series of the government in the police will be a series of the government the police of the German armies. No people can contend hopefully against inevitable disaster. To merely postpone it is not to escape it, and when the cost of postponement is waste there is greater in police will be a series of the German armies. No people can contend hopefully against inevitable disaster. To merely postpone it is not to escape it, and when the cost of postponement is waste there is greater in police will be a series of the government. one police is not the German armies. No people can contend hopefully against inevitable disaster. To merely postpone it is not to escape it, and when the cost of postponement's that there is plenty of material in the consumers' yards, and that the talk of a shortage is being kept up to keep shipments from being allowed to United States points, there having been an embargo against this for some time past.
