**Ketchel No. 2.**  
One of the hardest fights that Stanley Ketchel had in the time he was champion was to keep his young brother Leon out of pugilism. The youngster was continually assuming a punching bag and otherwise trying to fit himself to take up the championship when Stanley got tired of the idea, and on one occasion the champion threatened to give his brother a thrashing unless Leon got the pugilists' bee out of his bonnet, says the New York Press. For a time the youngster apparently complied with the big brother's commands.

**THE TULE**

**Skin Diseases ARE PAINFUL AND UNSIGHTLY.**  
Among the most prevalent are Salt Rheum, Eczema, Tetter, Rash, Boils, Imples and Itching Skin Eruptions. These troubles always arise from the legs being in a bad condition and it is absolutely impossible to eradicate them on the system unless you put your ointment into good shape. This you can do without the slightest trouble by using Ardock Blood Bitters. It drives out all the humor from the ointment, and makes it pure and rich. Thousands of people have used it during the last thirty-five years and have been cured. Mr. Robert Gamble, Jones Falls, Ont., says: "I write with the greatest pleasure to recommend your great blood purifier, Burdock Blood Bitters. My face and I had itching sores on our face and ears, and tried everything to help me, but found no relief. We saw your B.B. advertised and got a bottle, and found it was half gone we both were itching better, and when it was all gone we were cured." Ardock Blood Bitters is manufactured by The T. Miburn Co., Limited, Toronto, Ont.

Although Leon never had any idea of abandoning his Queensbury ambition. Leon has now thrown his hat into the ring, and while he makes no boasts as to capturing any title, he thinks the fighting spirit of the Ketchel family will carry him upward in the battle.

Leon Ketchel is only seventeen years old, and is a welterweight. He has several things in his favor, chief of which, is that Col. R. P. Dickerson, a wealthy ranchman, on whose place Stanley received the wound that resulted in his death, has taken Leon under his care and will back the joy in his pugilistic aspirations.

Dickerson was a strong admirer of Stanley Ketchel and the ranchman never hesitated to back the middleweight champion to the limit.

Leon Ketchel's attitude is becoming modest, as is evident from the unjoined letter to a friend in this city. "I am getting big and strong and am larger than Stanley when he was my age. I have just passed seventeen, and though I had hoped to fight first as a lightweight, I think I am too heavy for that crowd. I feel confident I can be a good welter in six months, as I now weigh 140 pounds in condition."

"When I get to New York I want to show the public there is still a Ketchel in the land. Of course I won't be so bold as to say I am going to be as great a boxer as my brother was."

Stanley never wanted me to enter the ring, and perhaps if he were alive he wouldn't let me do it now. He boxed with me a great deal, but that was as far as he ever wanted me to go. I have had several tough fights and I know I can fight. Dickerson has been very good to me. He has just had erected a \$5000 monument over Stanley's grave in the Polish Cemetery at Grand Rapids. It was a long time before the colonel would consent to my following in Stanley's footsteps, but he is now convinced that I will be a credit to Stanley's memory so I'm going to New York to try my best."

There is a promising Chicago lightweight who calls himself Steve Ketchel, but he is not related to the former champion of the middleweight class.

Leon Ketchel's performances in the ring will be watched with interest.

**HOBBY**  
Ought to Break the Tie.  
Montreal, Feb. 5.—The three corners in the National Hockey Association should be broken tonight, when two of those on equal terms, the Quebecs and the Wanderers, will play off in the ancient capital and the Canadians will play the Tecumseh here. Nicholson's band of overtime specialists will play the same seven men who represented the club against Quebec in the game on Saturday, which required overtime to determine the winner. The Canadians will be strengthened. "Newey" Lalonde is now right again and will figure at his old place at centre with either Berlinguette or Payan as rover. Fast ice is promised.

**RECORD WEANING ENTRY.**  
Lexington, Ky., Feb. 4.—President E. A. Tipton of the Kentucky Trotting Horse Breeders' Association announces that 887 weanlings have been kept in the Kentucky Futurity for sale of 1912, the second payment on which was made Jan. 1, following all previous showings, this figure expresses the approval of horsemen and breeders for the rules governing this state and the addition of a four-year-old division, the increased valuation, \$6,000, and a gold cup to be presented to the winner of the older division.

The first list is headed by the Walnut Hall Farm of L. B. Harkness, Doneraile, with 82 weanlings, most of them being by the farm stallions Moko, Walnut Hall and San Francisco. The second on the list is the Patchen Wilkes Farm of W. E. D. Stokes, with 75 weanlings, two-thirds of which are by Peter the Great of that farm. Thirdly comes the Empire City Farm of William Simpson, Cuba, N. Y., with 33 weanlings by McKinney and Asbury. The Allen Farm of William Russell Allen comes a close fourth with 29, and Hall with 27. Asbury fourth with 26, while a striking coincidence, the Kentucky Todd and General Watis for fifth place, and Hoytme Jingers gets sixth place with 25 youngsters.

Kentucky Todd and General Watis, the listing ones, were most uncompromising rivals in their 3-year-old campaign in 1907, and they each sired 26 weanlings last year. Moko for the first time is not included in the first three stallions of this list. These sires have records ranging from 201 to 219 3/4.

**BASEBALL**  
Want to Join Fredericton.  
The Fredericton Gleaser says: "Application for positions with the Fredericton club have come in from different sections and around Boston particularly there appear to be young players who believe that in the N. B. & Maine League and particularly if under the tutelage of the veteran Bob Ganley, the game was good a place to 'break into' professional baseball as offers."

The latest to apply for jobs are a young battler who met with success in semi-pro company in and around Boston last year. The pitcher is named Lawson and the catcher is McCusker. They participated in twenty-five games as a battery last season and sixteen of the games were victories.

Lawson is twenty years old, stands six feet high and weighs 170 pounds. McCusker is nineteen years old, stands five feet eleven inches and weighs 160 pounds. Lawson's batting average last year was .335 and McCusker's .300. In writing to J. J. McCaffrey, pitcher Lawson on behalf of himself and his battery mate says: "We feel that if given a chance we will show that we are made of the right stuff."

This letter, as well as all others relating to the playing end of the game, has been forwarded to Capt. Bob Ganley at his home in New York, who will have complete charge of the playing end of Fredericton's 1913 team and before whom all persons must pass muster before being tendered a contract.

**VIOLIN FOR GIANTS.**  
John McGraw, a leader in modish attire on the diamond as well as in up-to-date ways of winning ball games, was combing his mind yesterday for something new in the way of uniforms, when he was seized with an idea which he purposed putting in force without delay.

"That are the colors of New York University," he suddenly asked Secretary Foster. "I don't know, but I can find out," was the reply. "Do so," commanded McGraw.

"Do so," was the response of Secretary Foster, after consulting a book on college colors.

"That's what it will be for the color of New York University, and I don't know why it wouldn't be appropriate for the Giants," he suddenly asked Secretary Foster. "I don't know, but I can find out," was the reply.

"Do so," commanded McGraw. "Do so," was the response of Secretary Foster, after consulting a book on college colors.

**Big League Meetings**  
New York, Feb. 4.—When the National and American Leagues hold their spring meetings in this city on February 11 there will be many subjects to talk over, including the schedule. One of the most important topics which will come before the National League will be the question of distributing 25 per cent of the Giants' last world's series profits among the other seven clubs of the league. This rule was passed by both leagues last year, but it brought a strong protest from John T. Brush, who died several weeks ago, and the National League has not reached a decision on the question.

At the meeting of the league last fall, Attorney Cornelius J. Sullivan, a director of the New York Club, was appointed to represent the Giants and Attorney Bernard York, of Brooklyn, was engaged to represent the league on a committee to settle the question if possible. This committee will make its report at the next meeting. The money represented in the proposed 25 per cent. division amounts to a considerable sum. The share of the New York and Boston clubs at the last World's Series amounted to \$147,883 each. The 25 per cent. split which the other clubs want amounts to \$36,721, or \$3,232.17 for each of the seven clubs. It is known that the New York club will continue its strong opposition to the plan, and it is very likely that the American League will take the same course. The 25 per cent of each club's share is now tied up with the National Commission.

The annual agitation about changes in the baseball rules will again be heard, but it is probable that the wiser heads will prevail, as in the past, and that the rules will remain as they now stand.

Each season there is more or less agitation about changing the rules, but the

game has been so successful for several seasons that baseball men are very reluctant about approving the slightest change in the present code. Manager Griffith of Washington, will be at the American League meeting here, and will enter a protest if any attempt is made to change the rules about bases on balls. "Pitchers have a hard enough task now without giving them more work. The game as it is played is as near perfection as it is possible to make it, and this is proved by its popularity with the public."

"If there is a new rule needed," says Griffith, "it should be to keep the umpire off the field of play. Under the present system he is in the way of plays and is handicapped when he turns to make a decision, because he has to watch the ball so as not to be hit, whereas if he was outside of the diamond there would be no such danger."

**BOYS RECAPTURED.**  
Frederick Heiker, George Fawcett and Lawrence McCarthy, the three boys who escaped from the Boy's Industrial Home on Saturday, were recaptured at Loch Lo-mond yesterday afternoon by Policemen McNamee and Crawford. They were working in the woods for a man named Quinlan. They offered no resistance.

**POLICE ASSOCIATION.**  
At the annual meeting of the Police Association yesterday afternoon, W. R. Lee was elected president; Alice Green, vice president; A. Hastings, recording secretary; F. W. Jenkins, treasurer; W. W. Clark, R. K. Kipling and J. Caples, trustees; C. H. Rankine, Joseph Scott and James McNamee financial and audit committees.

**BRINGS PRIZE IN SAFETY.**  
The Leyland liner Devonian arrived at Halifax yesterday with the crippled French freight steamer "Mexico" with her million dollar cargo of petroleum. The Mexico was bound from New York to Havre and had been badly tossed about by the seas. She was helpless until the afternoon when she was taken in tow by the crew of the rescuing steamer which will share in the distribution of \$50,000 salvage money.

When the telephone wires are overlaid the speed of transmission is at the rate of 16,000 miles a second; where the wires are through cables under the sea the speed is only 6,000 miles a second.

**HOBBY FINANCES**  
IN MONCTON SAID TO BE FAR SHORT

Moncton, N. B., Feb. 5.—(Special)—It is likely that Moncton will release one or two more of the Victoria hockey players. Just who will be dropped from the salary list is not yet said. The management announce they are away behind in finances now and the outlook is that the deficit for the season will be more than \$1,000.

The Moncton Victorias defeated the Halifax Societe 6 to 0 in Moncton last night. The game, as the score indicates, was one-sided.

Messrs. Turner and Fitzpatrick, of the management of the Port Elgin hockey team were in the city last evening. It is reported they have signed several players in the city league to play for them against Sackville in the university town tonight. Among other it is reported that they have secured McLellan, Sweetman and Marcel Bellevue.
