

ASKS PUBLIC TO HELP FIND SON

The following appeal from a mother for public help in finding her son has been received by The Times-Star:

May 1, as the widow of an editor who was forty years in newspaper work, make an appeal based on that bond of sympathy. I want you to help me find my son, also a newspaper man, who has been missing for eight months and has probably lost his memory. If he should read his name in a newspaper, and knew that a search was being made for him, it might bring him to himself.

Will you give me lines to say that police and hospitals are being asked to renew the search for Archer W. Brant of Iowa City, Iowa, believed to be a victim of amnesia, who disappeared on June 15, 1923, while driving a Reo touring car, license Iowa 574625, Model T, 6 motor number 2122. He is 37 years old, six feet tall, weighs 145 pounds, is somewhat stooped and has deep-set eyes of light blue. He was formerly manager of the Iowa City Republican. A reward of \$100 is offered by his family for information leading to the discovery of his whereabouts.

His mother, wife, and four-year-old son unite in this request.

MRS. DAVID BRANT.
Iowa City, Iowa.

Young Folk Debate Liquor Question

A debate and a play composed the programme in the Ludlow Street Baptist church, last night, and the large audience was greatly appreciative. The play, "The Liquor Question," was a resolution for the debate was "Resolved that New Brunswick is in a worse condition today as regards the liquor traffic than before the Canada Temperance Act was enacted." The affirmative was upheld by four young ladies of Miss Marjorie Robbins' class, Marjorie Robbins, captain, E. McLeod, Sadie Burke and Evelyn Black and the negative was upheld by four young men of the business boys' class, Carl Robbins, captain, Donald Cheyne, C. Crossbroom and Prescott McLean. Rev. W. A. Robbins, the pastor, was chairman and the judges were Miss Harriet Smith, principal of Albert School; Rev. O. Morse, editor of the Maritime Baptist, and R. Hunter Parsons, superintendent of the Sunday school. Convincing arguments were fluently presented by the speakers on both sides. The judges awarded the decision to the young men of the negative on a margin of 16 points.

In addition to the debate there was a one-act play, "Just a Little Mistake," presented by Edna McLeod, Pearl Crawford, Ethel Crawford, E. Black, Ada Carroll and Edwin Rupert. The music for the evening was furnished by Miss Mae Robbins, a girls' quartette and by R. J. Rupert.

SCIENCE DEMANDS UNIFORMITY

Careful research made in recent years in the study of dietetics has shown the great importance to the human system of purity and uniformity in food. It is a great blessing that today so many delicious foods as well as tea and coffee can be procured in air-tight packages. "SA-LADA" Tea was one of the first pure food products to become widely popular in Canada. The aluminum package keeps the tea fresh and delicious, while skillful blending maintains the quality absolutely uniform.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. E. E. A. RICHIE, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling. Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

DEATHS

Henry Addison.

After a lingering illness, Henry Addison, a lifelong resident of this city, died early this morning in the General Public Hospital. Besides his wife, he is survived by one sister, Mrs. John Kennedy of Moncton, and four brothers, Rev. Milton Addison, Baptist minister at Pettitcodiac; Richard of Auburn, Me., and George and Robert B. of St. John. They will have the sympathy of many friends in their loss.

The Late George G. Kyffin.

Many friends in St. John regretted to learn of the death of George G. Kyffin, formerly of this city, which occurred in Pasadena, Cal., recently. He was a young man well known and well liked here. The following is from the Evening Post of Pasadena, Monday, March 31:

"George Gerard Kyffin died at his home, 789 Mainland avenue, early on Sunday morning. He is survived by his mother, Mrs. Mary J. Kyffin, two sisters, Marie and Kathleen, three brothers, Gerald, John and Edmund, all of Pasadena. He was a member of the Knights of Columbus, and members of the order will meet at the parlors of Bergien and Cabot, 27 Chestnut street at 9 o'clock this evening to say the rosary. Mass will be held on Tuesday morning at 9 o'clock at St. Andrew's church. Burial will be in Calvary cemetery."

FOOD FOR THE HOLIDAYS

The holiday season is home-coming time, and is therefore a time for hospitality. The "eats" always form an important part of this hospitality, and the hostess should be prepared for any occasion.

Have your table and menu as colorful as possible with the Christmas colors of red, green, yellow and white. There are many clever ways of doing this. On the dinner menu there should be candied cranberries and crystallized mint. Small candy-holders filled with these bright berries and the green mint leaves add a delightful touch to any Christmas table.

If you had a turkey for your Thanksgiving Day dinner, perhaps you will wish to serve goose for your Christmas dinner. If you do, be sure your bird is plump and soft and that it does not have too many pin-feathers. After singeing the bird and removing the pin-feathers, wash in soap and water in water to which soda has been freely added. Then draw or remove the entrails, wash well in cold water, and wipe dry. Stuff if you desire. Many like an apple or prune stuffing for goose. If you stuff or not, rub the inside and out with salt and pepper, and a little powdered sage or thyme if liked. Place several thin slices of bacon over the breast, and bake for at least two hours, or until tender.

If you use stuffed baked apples and onions for the garnish, select medium-sized apples. Do not peel the apples, but remove core and part of pulp and stuff with a mixture of cranberries and sugar, with a little cinnamon to flavor. Bake in moderate oven. The onions should be peeled, parboiled and the centers removed, then stuffed with bread-crumbs and sausage combined or chopped, nut-meats if preferred. The onion can be baked in the pan with the roast if desired, or stuffed baked peppers may be used instead.

To make the cheese croûtons for the tomato consommé cut the bread into small squares or diamonds and cover thickly with grated cheese and a little paprika. Place in the oven until a delicate brown. The bread may be slightly toasted before the cheese is added.

The little "roulletes" or potato balls should be partly boiled in salted water; then drained, rolled in egg and fine crumbs and fried in hot fat. Place several of these on the plate with the sardines. Dip the sardines in fritter batter and fry in deep fat also, place in peppers that have been cut into quarters and place a spoonful of hot mayonnaise on top of each service.—From the Designer Magazine for December.

FIRE IN GLASS WORKS

About 7.45 o'clock last evening an alarm was sent in from box 128 for a fire in the glass works connected with the Murray and Gregory Ltd., mill off Douglas avenue. The fire was discovered near a chimney, and the firemen found it necessary to do considerable cutting in the floors and about the chimney. It took considerable time before the fire was quelled, but the damage was mostly about the chimney. It is estimated that the total damage will amount to a few hundred dollars. The property is fully insured.

"Herbert," said a school teacher, turning to a bright youngster, "can you tell me what lightning is?"

"Yes, ma'am," was the ready reply of the boy. "Lightning is streaks of electricity."

"Well, that may pass," said the teacher, encouragingly. "Now tell me why it is that lightning never strikes twice in the same place?"

"Because," answered Herbert, "after it hits once the same place ain't there any more!"
