T. B. Macaulay, Insurance Official, Is Cheerful in Interview

Bids Maritimes Take Big Share in Coming Conference

T. B. Macaulay, president of the Sun Life of Canada, who arrived in the city today, is quite enthusiastic over the outlook for business in Canada and said this afternoon that taking the life insurance business as a barometer, there must be a big improvement.

He is greatly interested in the coming West Indies-Canadian conference to be held in Ottawa next month, and stated his belief that the Maritime Provinces should take a leading part in this conference as any extension and expansion of the trade between the West Indies and Canada meant more business through the Maritime ports.
