The Court of Queen's Bouch, England, has profitable speculation to the enterprising owners. The Court of Qarch's Beuch, Eegland, has decided the question whether sending a tester. The people of St. Stephen have exhibited commendable public spirit in proferring the use of a The rain which commendable public spirit in proferring the use of a dits destination.

Major General Lindsay has power, as commander of the forces to be sent to Red River, to take what steps he might think proper with regard to the formation of the force to be sent out there.

out there.

of the Railway appearate be poorly managed—the business and preparate business and preparate business and preparate business and the sent about the business and preparate business and the poorly managed—the business and the force to be sent to take what steps he might think proper with no count of a coat of paint. This will no doubt appear to the formation of the force to be sent to take what steps he might think proper with no count of a coat of paint. This will no doubt appear to the formation of the force to be sent to take what steps he might think proper with no count of a coat of paint. This will no doubt appear to the formation of the force to be sent to take what steps he might think proper with no count of a coat of paint. This will no doubt appear a dreary picture, but it is nevertheless a contract the sent about to be vacated by Mr. Kenney.

The county juil is the sent about to be vacated by Mr. Kenney.

The Standard.

SAINT ANDREWS, MAY 25, 1870.

Steamer "City of St. John." On Saturday evening last the new and handme steamer "City of St. John," arrived here matters for the following season. from St. John with a large cargo for merchants this point the p

spot, where there are several neat dwellings and tions. tores. The roads are well laid out, the farms ap pear to be under good cultivation, and a general air of thrift pervades this locality, where we were informed the fishing business is successfully car-

ried on. weighed anchor and left on ker return, steaming against a strong north-west wind and rough set, through which she passed as steadily as in the diver, the excursionists enjoying themseves in the salgon, without any fear of soa sickness. The dinner bell summoned them to the dining saloon, where a table was laid with the choicest deficacies and substantials, to which ample justice was done by the company; and ere long, the feu de joie for eason and flow of soul reigned triumphant, which was as well enjo ed by those whose beverage was pure cold water. The first toast given, was the health of our host R. E. Lunt, Esq., one of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer, coupled with that of the owners of the steamer of the Local tanks are pleasant to take as its powerful and beneficial in its effects.

A dose of Dr. Wilson's Activities is powerful and beneficial in its effects.

A dose of Dr. Wilson's Ac against a strong north-west wind and rough se and substantials, to which ample justice was done by the company; and ere long, the fen de joie transt concluded with Riel and leave the territory in great numbers.

Yesterday the steam-hip "International" arrived from Fort Garry with Hudon's Bay Company furs worth \$200,000. Company furs, worth \$200,000.

It is believed that ex Governor McTavish.

of the owners of the steamer, coupled with that of Dr Cowan and other officers of the Company will set out from Fort Garry on the next voy Mr. Olive, and success to the good steamer "City Riel has fifty men under arms and does not seem to be making any preparations for a Spring Campaign Many people think that Spring Campaign Many people think that he intends to quit the Colony.

He and his friends keep themselves close in lotte, as he hoped she would prove remunerative. whart at Campobello was again touched, passen The Indians continue to excite many fears, gers landed, and we proceeded on our voyage the Crees, Chippewas and Sioux hate the Provisional Government, and as trade does not flourish famine threatiens them.

It is feared, besides, that there will be a general revolt of the Indiang along the Daco

general revolt of the Indians along the Daco
tah and Minn-sota frontier.

It is said that the Provisional Government,
is very unpopular even among its first triends,
is very unpopular even among its first triends,
is the content of the Indians along the Daco
of our generous St. John friends.

That the officers and hands on board the steamer
are pointe and attentive, is cheerfully acknow It has the support of only a part of the Haif- ledged by all who enjoyed the trip, and that the breeds, and they are impatient of anything steamer has proved a success is universally ad ce dicipline

Not more than half of the colonists affect to weekly trips during the season, arriving for the believe that Scott was executed, and they regard it as treason to speak of it

O'Donoghue is still more generally detested than Riel, for they regard him as being still more shameless. His, last net was to steal money from a letter addressed to Mrs. Mair.

That the Civy of St. John's will be a great as the believe that the stream of the state of the stream of the

shot, but that he will betake himself to for- the proposed route, is admitted and appreciated ing the undertaking what they trust it will be, a Province.
