ENDERBY.

Enderby, Aug. 3 .- An interesting little ceremony took place on Saturday evening last at the residence of Mr. and Mrs. Heard of Enderby, formerly of Saanich. It was the occasion of the arriage of their daughter, Miss Elizabeth Heard, to Mr. S. McCleery, McKee, pen ew of Mr. McCleery, formerly of Lansdowne and now living at the coast. The ceremony was conducted in private by Rev. W. L. Hall, of Enderby, only members of the family being present, with the exception of Mrs. Evars, who assisted Mrs. Hearst in the arrangements, and Mr. A. Morrison, of Lansowne, who supported the groom. The family consisted of Mr. and Mrs. Heard, the four boys, William, Wesley John and Thornton, and Miss Ethel Heard, who was bridesmaid to her sister. Miss Heard during her stay here has gained the highest esteem of all who had the pleasure of her acquaintance, and along with her husband has the most hearty good wishes of the community. Mr. McKee is at present managing the ranch at Lansdowne which is owned by his uncle, Mr. McCleery. The happy couple have now taken up their abode at the ranch, and everybody wishes them the best of fortune for their mar-

It is affairs of the company should fall into solid, clean ore and runs about \$27 in

The St. Paul is a claim lying south of the White Bear along the old Northport wagon road as it nears the upper end of the O. K. grade. It embraces the face of the high hill on the east side of the road, through which te Columbia and now being cut to the mine and that as Red Mountain railroad is now being built. There is a big camp in the vicinity and many men are employed along the line blasting away the rock points to make room for the roadbed. An in teresting result of this rock work is the exposure of fwo ledges on the St. Paul, one of which shows some good specimens of iron pyrites. There is a strong iron cap exposed in both cases and there is hardly a doubt that two ledges in place have been found. The course of both is from the southwest to the northeast. The St. Paul is almost a 1,500 foot claim, and was recently sold to Toronto people, W. A. Campbell being in charge of the property. The present showing is certainly very encouraging.

The affairs of the contractor for the construction of the narrow gauge railroad from Trail to Rossland seem to have got into a bad mess. It appears that the contractor promptly paid all bills for labor, etc., for several months, but for the past two months there has been no pay day at all. Matters reached a crisis last week when the Bank of Montreal, which held obligations of the contractor to the extent of \$7,000, and a number of other large creditors garnished the Trail Creek tramway, the Columbia & Western railway, F. Aug. Heinze and F. P. Gutelius, with a view to secu ing any funds in the hands of the owners of the road, whoever they may be, which belong to the contractor. There is said to be nearly enough to settle all these claims, but as usual a large number of laborers will probably have had the satisfaction of working for nothing. The contractor is Henry Blackwood, who was formerly private secretary to Nelson Bennett.

The Le Roi company and the smelter company at Trail have a little difference because the latter has not taken all the Le Roi ore contracted for, 100 tons a is down 20 feet, with two feet of solid day. Col. Ridpath, of the Le Roi, declares that in less than six months, the con.pany will have a smelting plant of its own, or one in which the company is in some way interested. He is now in vestigating the smelting of ore, and says he is preparing himself for the business. On Sunday last the narrow gauge road hauled 300 tons from the Le Roi and they claim that when the new blast furnace is in operation, which will be in about two weeks, they will be able to take all the ore that the Le Roi can pro-

The Homestake has depth of 25 feet this widened to 2 feet company has now christened it Montgomery.

Nelson Tribune The Halls Mines, Limited, has decided to commence work on the new tramway at once. John Hirsch will

start work surveying on Monday. Frank Cutler, of the consolidated Noble Five and Deadman mines, says that the new company will erect its proposed mill and tramway at once. No effort will be made to push the stock. It is good enough to keep.

Arrangements have been made between the Canadian Pacific Railway company and the government, whereby the block of ground recently cleared for recreation purposes, will be held in trust for the people of Nelson for recreation purposes.

The sale of town lots held by the government, which has been arged upon the government by the people of Nelson will take place in Nelson during the latter part of the present month. The government assigned the sale of lots to Chas. A. Waterman & Co. It is understood that the terms will be spot cash.

Private advices from Vancouver give assurance that work will be commenced this month on the Slocan river branch

of the Canadian Pacific railway. W. W. Spinks, county court judge is reported to have been successful in Spokane in clearing up old complications in the Homestake Mining Company's affairs. Matters are now in good up and the company reorganized. 'The property will be placed on the London market with as little delay as possible was delirious at the time, but recovered consciousness on Thursday. He died at 10:25 o'clock. cident: "Last summer the walking delegates in the camp made preparations for a big strike, but upon being informed that they were in danger of a row they appointed a committee to wait upon the gold commissioner at Nelson. When they had rehearsed their grievances and asked if they could not strike, he re-

eral at the head of White water creek to, that is every man's right, but you must not use force.'

"'But,' asked the spokesman, 'cannot we be allowed to persuade others not to take our places?'

"'No, you must not interfere in any way with the operation of the mines "What will be the result if we do?" "'Ten years at Kamloops,' was the sententious reply. That settled the interview and also the question of strikes. No one has heard of a strike being mentioned since then.

"Speaking of Kirkup, the general factotem of Rossland, he is a powerful fellow, exceedingly conscientious and scrupulous in his habits. He is known as a man who will fight anything on two feet. Last summer two semi-profes-Kirkup's office to secure the necessary license. Kirkup asked:

'Are you sure that you fellows are "'That's our business, you bet,' bragged the precious pair. "'Well. I will grant you the license with one understanding. If you don't fight and one of you doesn't whip the other to a finish, I'll thrash you both.'

"The fight never came off." WON THE QUEEN'S PRIZE.

Shoeburyness, Aug. 6.-The Canadian The Secret of Success of Dr. Agnew's artillery volunteers and two British artillery volunteer regiments entered in squads for the Repository competition Were it not that Dr. Agnew's Cure here to-day. This competition consists commander. Brideford, ordered them to

The Canadians won third prize in the garrison artillery target competition. The Queen's prize was won by the Canadian team. It consist of a silver cup, badges and £110 in money to be distribclaim, which it was stated Guy Reed last House of Commons, said, "taken uted amongst the men. This prize is er, the locator, had neglected to put up, in the morning it clears the head of any awarded for the highest score in the cold or catarrhal trouble that is mani- stationary and moving target competitions. The Canadians scored 237 points. with the the minor cases of The Canadians received an ovation upon winning the Queen's Garrison prize. The result was announced in the offistrike, disclosing a 2-foot vein of free disease have become manifest, these cers' mess and was loudly checred. Afterwards Colonel Cole and Captain was located last year on Toad mountain, the names of Mr. George E. Casey, Miles were placed in chairs and carried but up to last week no work had been Hon. David Mills, Hugo H. Ross, on the shoulders of the men around the camp, followed by the Canadian team ready done the ledge has yielded some bers of the late parliament, who, over and all the officers, preceded by the band of the Third Kent volunteers playing "See the conquering hero comes, Sold by Dean & Hiscocks and Hall the British volunteers all loudly cheer-

ing.
