LARGEST COTTON MILL.

It Will Cost \$10,000,000 and Employ 4,000 Operatives.

KANSAS CITY, June 29.—The Star says: The largest cotton mill in the world is to be built within twenty miles of Kansas City. Ten million dollars is to be invested, \$3,000,000 of which has already been subscribed by eastern and western men. W. B. Smith, Whaley of Boston, of the Olympia and Granby Cotton mills of Columbia, S. C., is to be president and general manager of the enterprise. The mill will have 500,000 spindles and 12,000 looms. It will employ 4,000 operatives and have a pay-roll of \$2,400,000 a year. The capacity of the mill will be 170,000 bales of cotton a year, with an output of 75,000,000 pounds of finished cloth. The value of the annual output, will, it is estimated, amount to twelve and three-quarter million dollars. The mill will be revolutionary in its construction. Electricity will be used as the motive power and several devices will be installed. There will be four mill buildings, covering an aggregate of 2,000 acres of ground.

THE COAL STRIKE.

Notice Issued to Strikers—Workmen Turned Back.

HAZLETON, Pa., June 30.—Copies of the following notice was distributed among the striking miners at the Harwood Colliery this morning:
"With a view of ending what we deem a hopeless and uncalled for strike, an opportunity of work at our Harwood Colliery is hereby offered to our employees. Let every inside man who wants to begin work quietly notify the outside foreman. When a majority of our adult inside and outside men signify their desire to begin work this colliery will be started. Foremen will not make known the names of those applying for work."
(Signed) C. PARDEE & CO.
Several hundred strikers stationed along the roads leading to the drift on the colliery of Cox & Bros. & Co. today turned back all the men who reported for work with the exception of the clerks and passenger crews on the Susquehanna and Schuylkill road.

THE BLACK REPUBLIC.

Sunday Street Fighting Between Rival Factions at Cape Haytien.

CAPE HAYTIEN, Hayti, June 30.—The street fighting here yesterday between the partisans of M. Firmin, the former minister of Hayti at Paris, and General Alexis Nord, the minister of war of the provisional government, both of whom are candidates for the presidency of the republic, ceased at 7 o'clock yesterday evening. Admiral Killye, who had supported the minister of war by landing marines, yesterday ordered the marines to return to their ship, which they did. They were accompanied on board by the partisans of M. Firmin. The admiral, who only used his small army of five guns yesterday, threatens to bombard Cape Haytien in earnest. Little damage was done by the bombardment of yesterday. The Firmin residence and the houses of his relatives have been completely pillaged. The Haytien warship Crete Apilot, on which the foreign consuls under the protection of their respective flags and M. Firmin sought refuge yesterday, is still in the roads. She is seeking to obtain a supply of coal, so as to enable her to go to Port Au Prince. Peace seems to have been re-established here.
M. Firmin has been elected to represent Gonaives in the chamber of deputies.

THE LATE EDMUND PUDDINGTON
Edmund Puddington, who lived near Apohaqui, and who was for fully thirty-five years a teacher in the schools of New Brunswick, died suddenly at Charlottetown on June 21st. He was driving from St. John in his carriage, and had stopped for the night. In the morning he was found dead, the result of paralysis. His funeral took place at River Meeting House, between Norton and Apohaqui, on Tuesday last. He left a widow, formerly Miss Campbell, of Studholm. In the early days of the free school system Mr. Puddington was a very successful teacher, and is kindly remembered by many former pupils in Kings county.

The members of the Festival Chorus will meet this evening at York Theatre.

KING'S HEALTH.

His Majesty Is Progressing Satisfactorily Today.

There is a General Feeling of Relief and Confidence in London.

LONDON, 30, 10.10 a. m.—The bulletin on King's condition issued at Buckingham Palace at 10 o'clock this morning says:
"His Majesty slept well. The dressing of the wound gives much distress and there are no bad symptoms of any kind."

TREVES, LAKING, BARLOW.

LONDON, June 30, 3.32 p. m.—No further bulletins will be issued until 6 p. m. In the meanwhile it has been ascertained that the king maintains his progress and is again occupying his invalid couch.

CHEERING REPORTS.

LONDON, June 30.—The noticeable excitement during the past week outside Buckingham Palace at the hours absent this morning. The sanguine impression created by the doctors' reports Saturday and Sunday was maintained by the salient phrase in this morning's bulletin. "No bad symptoms of any kind."

At noon the following official statement was given out at the palace:
"There is no cause for alarm in the distress caused by the dressing of the wound. This occurs at least twice daily. The wound, which is a considerable depth, is dressed from the bottom, as it is essential that it should heal from within outwards. The dressing causes his majesty considerable pain, which he has borne with great fortitude. In fact, His Majesty's courage and patience call for the greatest admiration. The King was much benefited by the change to the couch, on which he stayed for a few hours. The electric fans have proved of great value in keeping down the temperature of the apartment.
The Queen is in constant attendance in the sick room, but the utmost quiet is enforced. The King occasionally sees his children, but the interviews are of short duration. No matters of state or business are allowed to be submitted to the King, who is also debarred from reading his correspondence.
Neither Doctors Laking, Barlow nor Treves have left the palace since the operation, except for an occasional hour. This statement was issued with the view of correcting the numerous unfounded stories published with circumstantial detail regarding what is alleged to transpire in the sick room. The cheerful feeling of the public is apparently fully shared by the members of the Royal family. The Prince of Wales went out riding this morning and both he and the Princess witnessed from the palace windows, with evident interest, a march past of the guards.
The stock exchange re-opened today. A very strong tone existed. Consols rose seven-sixteenths. Other departments reflected the improved tone."

THREE WEDDINGS.

Milton B. Brown, only son of former Governor D. Russell Brown, Providence, R. I., was quietly married last Wednesday to Miss Margaret Kay Munro of Westville, Nova Scotia. Mrs. Brown was a nurse at the Rhode Island hospital, where Mr. Brown made her acquaintance while visiting a medical friend.
The marriage took place last Wednesday afternoon at the Church of the Advent, Montreal, of Miss Mabel Mackenzie, daughter of J. W. Mackenzie, to Dr. Frederick Letestor Hazzard, formerly of Charlottetown, P. E. I., and now of Glace Bay, C. B. The ceremony was performed by the Rev. F. J. Steen.
At St. Patrick's parochial residence, Roxbury, Mass., June 23rd, Charles K. Robertson, of Halifax was united in marriage to Miss Emma Ryan. The bride was attended by Miss Ella Hartley, while the groom was supported by James Ryan, a brother of the bride.

In the circuit court the civil case of David Galbraith v. John McGillivray occupied the entire morning. The plaintiff was hurt there on December 2nd, 1901. D. Mullin, K. C., for the plaintiff, and J. B. M. Baxter for the defendant.

ON ST. PETER'S GROUNDS.

A STORM OF ASHES.

Remarkable Experience of Steamer Nevada Off St. Lucia.

SAN FRANCISCO, June 30.—The American-Hawaiian Steamship Company's new steamer, Nevada, arrived yesterday, sixty-six days from New York. Two days out from St. Lucia, on May 3rd, the Captain of the Nevada reports that the vessel ran into a storm of ashes. He says that at 3.30 a. m. the ashes grew so thick that the fog whistles had to be sounded, and at 4.30 they got so heavy that it was impossible to see to windward. At 5 a. m. the water became very thick and much discolored, and remained so during the forenoon. The only fore-runner of this ash avalanche was a few thunder claps and flashes of lightning. Some of the crew stated that on May 7, toward midnight they heard two reports that sounded like the firing of guns. The deck was strewn with ashes.

PATRICK A. McHUGH M. P.
Admits He Was Guilty of Contempt of Court.

LONDON, June 30.—The select committee of the house of commons, under the presidency of A. J. Balfour, the government leader, today examined Patrick A. McHugh, the Nationalist division of Leitrim, who was committed to jail for three months on June 18, for contempt of court, in failing to appear to a summons on a bench warrant issued by the special court, assembled under the Crimes Act, and who was brought here in custody Saturday at the request of the parliamentary committee which was appointed to inquire into his case. Mr. McHugh admitted that he was guilty of contempt of court. After a private consultation the committee adjourned for the night. In the meantime Mr. McHugh was released from custody.

DESTRUCTIVE RAINS.

CHICAGO, June 30.—If the rains continue a few days longer, the damage to the crops through the western states and the loss to farmers will be beyond calculation, said Prof. Cox, of the United States weather bureau last night.
While he was speaking reports were coming in showing that it was raining practically all over the middle and west and that many already flooded states had been visited by an inch or more of rain in the previous twenty-four hours. In Chicago the rain-fall was more than an inch. Illinois is one of the chief sufferers. All through the interior, as far south as the Ohio river the farms are flooded. Cornfields, wheatfields, meadows, pastures and gardens have been turned into lakes and ponds. Only the most favorable kind of weather will save the agricultural communities from heavy loss.

COLONIAL CONFERENCE.

LONDON, June 30.—The colonial conference opened this morning in the secretary of state's room in the colonial office. The premiers of the self-governing colonies were present and the colonial secretary, Joseph Chamberlain, presided at the sitting, which was of a purely preliminary character. The proceedings were private. After a two hours session the conference adjourned to July 4.
The sitting was mostly occupied with Mr. Chamberlain's statement enunciating his views on commercial and political relations and imperial defence. No definite programme has yet been arranged.

It was devoted to addresses of welcome and responses. Prof. Asaph Hall, U. S. N., presided.

BLANCHE MOULTON'S CRIME.

CLEVELAND, Ohio, June 30.—Mrs. Emma Carmichael Powell, better known as Blanche Moulton, shot and instantly killed her husband, John H. Powell, at their home on Hamilton street yesterday. Another bullet through the chest put a sudden end to the animal's career.
