

Constipation

Causes fully half the sickness in the world. It retains the digested food too long in the bowels and produces biliousness, torpid liver, indigestion, bad taste, coated tongue, sick headaches, in somnia, etc. Hood's Pills cure constipation and all its results, easily and thoroughly. 25c. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

Hood's Pills

gestion, bad taste, coated tongue, sick headaches, in somnia, etc. Hood's Pills cure constipation and all its results, easily and thoroughly. 25c. All druggists. Prepared by C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

You can't go on losing flesh under ordinary conditions without the knowledge that something is wrong, either with digestion or nutrition. If the brain and nerves are not fed, they can't work. If the blood is not well supplied, it can't travel on its life journey through the body. Wasting is tearing down; Scott's Emulsion is building up. Its first action is to improve digestion, create an appetite and supply needed nutrition. Book free.

SCOTT & BOWNE, Belleville, Ont.

News Summary.

Jeffries Garvie, an American millionaire, living in magnificent style in a mansion at East Park, Southampton, died suddenly on Monday.

The St. James Budget said Marion Terry, the actress was to marry her brother-in-law. She sued for damages and was awarded £500.

The British steamer Grantor, Captain Burnside from Penarth, has been wrecked off Bonavista, Portugal. Three of the company were drowned.

Returns issued by the Board of Trade for March show an increase of £1,200,000 in exports during the month compared with those of March last year.

It is believed the cruiser Philadelphia will take a special commissioner from President McKinley to the Sandwich Islands to investigate the annexation feeling.

Patrick Jerome Gleason, mayor of Long Island City, has returned to the clerk of the New York State Assembly the Greater New York charter with his approval.

The revolutionary movement in Uruguay remains active. The government has issued a decree ordering the immediate mobilization of 6,000 national guards of the capital.

In the Rhode Island elections Wednesday, the Republicans easily elected their state ticket and retained the large majority in the Assembly. General Elisha Dyer was elected Governor.

President Kruger has ordered the formation of a special court to try Lieut. Eloff, his grandson, recently suspended from duty for using language insulting to Queen Victoria.

President McKinley has nominated Theodore Roosevelt, New York, as assistant Secretary of the Navy, and Capt. A. S. Crowninshield, U. S. N., as Chief of the Bureau of Navigation.

The action for libel brought by the artist Joseph Pennell against the London Saturday Review and William Sickert, begun Monday, was ended on Tuesday, the jury awarding Pennell £50 damages.

E. D. Neustadt & Co., flour commission dealers, New York, rated at \$250,000, have suspended. E. D. Neustadt recently engaged in heavy speculations in wheat and was caught in the late three-cent drop.

Reports have been received at Madrid from Manila that the military operations against the Philippine insurgents are about to be suspended because of the lack of Spanish forces to continue the campaign.

The board of managers of the Joint Traffic Association at New York has fixed the rate of iron and steel, and manufactures thereof, from the mills to the Canadian frontier, at twelve cents per one hundred pounds.

A number of well-known English ladies, among them Mrs. Ormiston Chant, the reformer who some time ago led a crusade of the social purity party against the London music halls, have arranged to co-operate with the nurses of the red Cross Society.

The N. S. House of Representatives on Wednesday unanimously passed a joint resolution appropriating \$300,000 for the Mississippi river flood sufferers. The President signed the flood relief resolution and also the bill authorizing the sending of a vessel with supplies to the famine sufferers of India.

Mr. George North, of Clarence street, St. John, an employee of the Christie factory, died very suddenly Tuesday evening from heart disease. He returned from work at 6 o'clock and ate his tea. He then started up Brussels street but fell dead on the sidewalk when only a short distance away. He was 45, and leaves a wife and five children. Sackville Post:—Patrick McDonald, of St. John, was in town Monday, looking for Easter beef. He will ship 21 head from the station this week, and about the same number from Amherst. From George Forrest, Amherst, Mr. McDonald purchased several head of very fine cattle for Easter beef. He also bought seven or eight head from Mr. Chase Fawcett, of Upper Sackville. Mr. McDonald says that he averages a carload of beef cattle, about twenty in number, from this county every week in the year.

The death occurred Monday at Weymouth of Mrs. John Hoyt, who would have attained the patriarchal age of 103 years on the 29th of May coming. She has two sons living, one of whom is postmaster of Weymouth, George Hoyt, and the other J. M. Hoyt, J. P., of Bridgewater. The deceased was around almost up to the date of her death. She was born in 1794. Hon. A. G. Jones was related to deceased. Mrs. Hoyt was a remarkably fine old lady, as scores of descendants in all parts of the Provinces have been testifying for generations.

Preliminary work of removing General Grant's body from the temporary tomb was begun at New York on Wednesday, when carpenters began to build a fence in front of the small tomb to close it from view while the men engaged in cutting open the steel case enclosing the casket are at work. Four men will be kept busy for several days cutting the rivets holding the case. Sir Julian Pauncefote has reconsidered his declination to go to New York on the 27th inst., and as dean of the diplomatic corps he will participate with nearly all his colleagues at the Grant Monument celebration.

WAS SLOWLY DYING.

THE RESULT OF AN ATTACK OF LA GRIFFE AND PNEUMONIA.

The Strange Case of Mr. James Owen, of Johnville—Doctors Told Him His Lungs Were Affected and He Could Not Recover—Now in Good Health.

From the Sherbrooke Gazette.

When a man faces what medical authorities tell him is certain death, and regains health and strength, he is naturally grateful to the medicine that has restored him. Such a man is Mr. James Owen, one of the best known farmers in the vicinity of Johnville, Que. Mr. Owen tells his story of shattered health and renewed strength as follows:—"On the 17th of December, 1894, I was attacked with la grippe. A week later the trouble developed into pneumonia in its worst form, and I did not leave my bed until the first of March, 1895, and then I was so weak that I was unable to walk alone. All winter my life hung in the balance. Summer came, and I was still weak and feeble, though with the warm weather I gained a little strength. I had however, but very little power in my legs, and I could not ride a mile in a buggy

owing to the pain they caused me. My lungs also doubled me and I raised a great deal of matter. I then consulted the best doctor we have in this section of province. He told me candidly that I was past medical help. He said that my left lung was in a state of collapse, and that my right lung was also affected. This was in July, 1895. For the next three months, every day seemed to draw me nearer and nearer the end. I was so pressed for breath at times that I could not walk any distance without stopping to regain it. In the month of November I began to take Dr. Williams' Pink Pills. It was certainly a forlorn hope and I admit I did not expect much benefit from them, but took them rather to please a friend who urged me to do so. I believe I was surprised when I found they were helping me, for I thought I was beyond the aid of medicine, but help me they did, and I gladly continued their use. The result is they have made a well man of me. I have not a pain about me, my breath comes as freely as it ever did, and I am strong and vigorous. My case can be briefly summed up in a few words. Dr. Williams' Pink Pills have given me a new lease of life and I am glad to let everybody know it.

Dr. Williams' Pink Pills create new blood, build up the nerves, and thus drive disease from the system. In hundreds of cases they have cured after all other medicines had failed, thus establishing the claim that they are a marvel among the triumphs of modern medical science. The genuine Pink Pills are sold only in boxes, bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." Protect yourself from imposition by refusing any pill that does not bear the registered trade mark around the box.

40 RED-COATS

Put to route an Army of Formidable Trespassers.

Constipation, Dizziness, Pain under the Shoulder Blades, Sick Headache, Depressed Feeling, Bloating after Eating, Debility and Insomnia, result from an Inactive Liver.

Dr. Agnew's Liver Pills, 40 little Red Coats at a cost of 30 cents will set you right in short order. Piles of testimony to prove it.

The worst cow in the dairy herd at the Ontario Agricultural College is reported by Prof. Deau to have been fed at a loss of \$26 per year; the best at a profit of \$47.30. The latter produced butter at a cost of 8.8 cents per pound, the herd average being nearly 14 cents (taking account of the time they were dry.) Dairy farmers, what are the cows in your herd doing?

HAND-IN-HAND.

Health and Happiness go Hand-in-Hand—With Stomach and Nerves all out of Sorts, Health and Happiness are Unknown.

Frank A. Gadois, Cornwall, Ont.: "I was for several years a great sufferer from indigestion, dyspepsia and nervousness. I took many remedies without any relief. I saw South American Nervine advertised. I procured a bottle, and I can truthfully say it is the best medicine I ever used, and I strongly recommend it to anyone suffering as I did. A few doses wonderfully helped me, and two bottles have made a new man of me." It cures by direct action on the nerve centres.

An English paper recently found it profitable to discuss the question, "Ought a lawyer to talk business (meaning his clients' business) with his wife or daughter?" It is only just to the English public to add that no answer in the affirmative was printed.

Piles Cured in 3 to 6 Nights—Itching, Burning Skin Diseases Relieved in One Day.

Dr. Agnew's Ointment will cure all cases of itching piles in from three to six nights. One application brings comfort. For blind and bleeding piles it is peerless. Also cures tetter, salt rheum, eczema, barber's itch and all eruptions of the skin. Relieves in a day. 35 cents.

A movement has been started to effect the consolidation of Boston's suburbs with the Hub. If the outlying municipalities were annexed, greater Boston would have a population of about 1,000,000.

TORTURED AND HELPLESS.

Rheumatism has Hordes of Victims, and is no Respector of Persons—South American Rheumatic Cure Resists his Cruel Grasp, and Heals the Wounds he Inflicts—Relief in Six Hours.

Geo. W. Platt, Manager "World's" Newspaper Agency, Toronto, says: "I am at a loss for words to express my feelings of sincere gratitude and thankfulness for what South American Rheumatic Cure has done for me. As a result of exposure I was taken with a severe attack of rheumatic fever which affected both my knees. I suffered pain almost beyond human endurance. Having heard of marvellous cures by South American Rheumatic Cure, I gave it a trial. After taking three doses the pain entirely left me, and in three days I left my bed. Now every trace of my rheumatism has disappeared."

Packing Butter

The Germantown Telegraph interest of farmers holding a practise packing butter. By it can be held in cold rooms begins to advance in the fall should not be held, as it more quickly than good is to be held should be kept but a day or two and week as many do. A line sh at three days even for the meter makers. Every time that ed to the old it should be to prevent its settling in la we quote:

"First dissolve a piece of water and mix this with the into the pot. Then by stir whole mass each time addit put in, the salt petre goes into the cream and helps to pres stone pot for the cream attar kept in a very cool place in t one keeps ice, or in a cold night before churning take it in an ordinary warm room. ing get the temperature of the to 58 degrees or 60 degrees. this way the butter ought to o mer in five to ten minutes. butter is in small granules o buttermilk. Wash the butter until the cold water runs off o the salt carefully into the butt stand until the next day.

"Early in the forenoon of th day work the butter with the the salt is thoroughly dissolved drop of the buttermilk is out of buttermilk left in the butter w ent to taint the whole pot full ally spoil it. A stone crok thing to pack butter in and should be packed firmly into solve as much salt as possible into this put one half ounce of each gallon of brine. Boil this thing is dissolved. Strain it cloth, let it stand for a few I skim off the scum on top and p liquid carefully, leaving the s the bottom in the pail. The bri clear and is ready to pour over in the crock. Each time a new butter is to be packed pour over and pat the butter down hard pour brine over again. In this v can be kept sweet and clean time."

Egg Hatching.

A way of hatching any kind of any time of year is described by "Poultry" of Boston, in substance as follows: Turkeys, whether broody or taught to hatch in the following Half a dozen nest eggs are placed in a box, 2 feet long, 1 foot wide and inches deep, or in a barrel on its in by a lattice cover—in a dark the nest darkened with a cloth. first 48 hours or so she will try to but soon becomes reconciled to when she will stay on of her own fresh eggs are substituted. She time to brood for from 3 to 6 months chicks being taken away as they and fresh eggs supplied. She may off when it is time for her to begin or kept at brooding and mothering indefinitely. She makes a good mother confined to a yard and will accept of all ages. Two dozen eggs is a and after a few days they should b and only the fertile ones left. When training them to sit they be taken off morning and evening to feed and give them a dust bath, but they settle down to hatch they ne be taken off in the morning to feed move their encorment from the nest
