NOT MUCH INFORMATION.
 New York, June 11.—Expert Walker will say in the Boston Saturday Commercial: "Never before have trade papers furnished such totally untrue information over a long period as they have during the past six months. They have persistently denied reports of heavy sales. The advance in metal prices and disappearing surplus speak for themselves." He predicts 15c. for copper by September.

N. P. TO BE LISTED IN PARIS.
 New York, June 11.—Northern Pacific stock is to be listed in Paris, according to the later rumor circulating about the Hill properties. Investigation brings to light gossip of very favorable developments in Hill properties but nothing definite is given in this connection beyond predictions of higher prices for Northern Pacific stock.
