SOME MINES STRIKE BRIEF

Miners Objected to Doing Work of Horses and Quit — Work Resumed when Relief was Promised.

Sydney Mines, July 8.—Fifteen hundred miners at Nos. 2, 3 and 4 collieries, Sydney Mines, went out on strike this afternoon.

The cause of the trouble is that no horses are being supplied in these mines, and practically all the work of hauling cars, shovelling and filling, falls on the miners.

Nearly all the men in the three collieries named belong to the P. W. A., and that organization took the initiative in this matter. The strike committee had several interviews with Manager T. J. Brown, who assured them the matter would be laid before the directors at once. Mr. Brown left for New Glasgow this morning for this purpose. The committee was satisfied with Mr. Brown's promise, and the men resumed work till Thursday, pending the directors' decision.
