Final Meeting For The Season

Members of St. David's Brotherhood Assembled at Bond's—Excellent Address by Rev. A. L. Fleming.

The final meeting of the St. David's Brotherhood until after the summer months was held in Bond's restaurant last evening, and was largely attended. The Rev. J. A. MacKegan, minister of St. David's church presided, and the Rev. A. L. Fleming, rector of St. John's (Stone) church was the speaker of the evening. In addition an interesting toast list was carried out interspersed by heartily applauded vocal solos, and several enjoyable songs under the direction of Dr. Barton.

Following the appetizing repast served by mine host Bond, the toast to the King was proposed and responded to by the singing of the National Anthem. Mr. Punter then rendered a vocal solo, and was followed by the Rev. Mr. Fleming.

Speaking as subject "The Brotherhood of Man," Mr. Fleming quoted from Lamb "I cannot hate the man whom I know." He said the truth of the great writer's words were self-evident, for all knew that when they mixed with their fellows and got to understand them, then they began to love them.

He expressed the opinion that the changed condition in the relations between employer and employee was due to the fact that in the good old days each employer knew each and every one of his employees, and took a personal interest in him, which interest and affection was expressed in a loyalty to the employer by the employee. In the present age, with nations wide, and even world wide corporations doing business in tens and hundreds of cities, the personal touch was impossible, and accounted for the changed relations between the two.

"Capital and Labor," he said, were not enemies, but partners, but as long as the one looked on the other as such, no prosperity could be hoped for. The same was true of Church and State, he said. The State made laws to be obeyed, but the Church made good citizens who would obey them.

In the Christian Church as a whole, he said, there was bound to be a city of opinion, but he urged that there should be unity in spite of this, and a spirit of Brotherhood in the establishing of Righteousness. Such a Brotherhood he said could only come from a belief in the divine Creator. In closing he quoted the words of Orenham:

"O see that ye build securely, With square hewn blocks blocks of Righteousness And corner stones of Faithfulness. And girders strong of righted wrong And the blood of our martyrdoms. And build on the one foundation. That shall make the building secure. A rock that was laid, ere the world was made."

Following Mr. Fleming's address, a toast to St. David's was proposed by Rev. J. A. MacKegan. A toast to The Ladies, was proposed by W. Dalton, and responded to by G. Ewing. Solos were given by Mr. Gilvan, Mr. Rossley, and the gathering was brought to a close by the singing of Auld Lang Syne.

County Council Finance Committee

City Commissioners Vote Against Loan for Financing Lancaster Walks and Fire Walls.

The special meeting of the finance committee of the Municipal Council, held yesterday morning to consider the matter of financing sidewalks and fire walls in the Parish of Lancaster, referred back from the recent council meeting, grew rather stormy at times, and Councillor O'Brien contended he was not getting a square deal from the city commissioners because they would not vote for the fire wall project.

The meeting was held at the office of the county secretary, Councillor Wignore, chairman of the committee, presiding.

The first matter brought up was the request that the council finance the building of concrete sidewalks until such time as the necessary legislation for the issue of bonds for the work could be obtained. It was finally decided to make a loan of \$5,000 to be repaid by the city over a period of two years, and this met the wish of the Lancaster councillors.

The second project, that to have the Municipal Council finance the building of fire walls and concrete cellars in the recently burned out area in Fairville, caused considerable discussion and was finally opposed by the city commissioners. Councillor O'Brien grew rather heated in the debate and charged the city representatives were not using the parish right. They argued that it was the business of the property owners to build these walls and save the insurance rates, and the city taxpayers should not be called on to pay 87 per cent of the amount necessary and wait fifteen years for their money back.

The vote on motion stood: To make the loan, Councillors O'Brien, Golding, Campbell, McLeod, Mosher and Anderson; against, Councillors Bullock, Frink, Thornton and Wignore, and the chairman declared it lost.

Councillor O'Brien objected and claimed the city members had not the right to three votes each, but the chairman overruled him.

Prosser Case Quickly Handled

Pleaded Guilty to Theft of Car, Evidence Heard, Took Speedy Trials, Remanded for Sentence.

An example of the expeditious manner in which justice can be dispensed in our local courts was evidenced yesterday afternoon when Levi Albert Prosser appeared before Sitting Magistrate Henderson, in the police court, and entered a plea of guilty to the charge of bringing stolen goods from the United States into Canada. The evidence for the prosecution in the matter was given, the accused pleaded guilty, and was taken before His Honor Judge Armstrong for trial, the entire proceedings taking only one hour. Prosser entered the same plea before Judge Armstrong, under the speedy Trials Act, and was remanded for one week for sentence.

The first witness called was Thomas F. Malloy, of New Haven, Conn., owner of the Cole automobile which was stolen, and who constituted the property brought by the accused into Canada. The witness said that the car was stolen on May 6, and he reported the matter to the police of his city. He was notified a few days ago that a car had been located in St. John, and was requested to come on and identify it. Upon his arrival here and identification of the car which Prosser had brought there, as the one which had been stolen. He said that the car had cost \$4,700 two years ago.

Robert Ritchie, manager of the Great Eastern garage, said Prosser came to the garage on May 10 and wanted the car washed, saying that he was stolen, and was constituted the property brought by the accused into Canada. He purchased thirty gallons of gas and an inner tube, but did not pay for the supplies. The witness said that he was notified in regard to the man and the car, and as the result of the communication and another received by the police department, the accused and Detective Biddlecombe drove out the road to look for the accused. Upon their return they located the defendant, and he was placed under arrest.

Detective Biddlecombe testified regarding the communications received from New Haven and the subsequent arrest of the accused. Among other things found in Prosser when searched was a customs permit for the purpose of bringing the car into Canada.

Cases Dealt With In Police Court

At the morning session of the police court, yesterday, John Wells appeared in place of George Baxter, charged with having over strength beer in his shop, and the case was not over until this morning, a deposit of \$200 being taken. W. M. Ryan appeared for the prosecution.

Four by-law cases were dealt with yesterday morning. In the case of Harold Robertson, charged with speeding and not sounding his horn on May 12, a fine of \$10 was imposed. A fine of \$10 was also imposed in the case of William Sherwood, charged with a similar breach of the law on May 11. Fred Ellis was fined \$10 on the charge of exceeding the speed limit on Douglas Avenue, and allowing his car to stand near the curb. Policemen Bettie made the three reports in the above cases.

Walter Sproul, charged with obstructing Rockfield Road on May 15 with a load of sand, said that he had ordered the sand for the road, and was not notified that it arrived the night before. This explanation was accepted for this charge, and for another of not having any light on the main pile on the night of May 15.
