

Provisions as to all Grain.

No grain that is warm, or is in a heating condition, shall be graded;

No wheat or other grain that has been subject to scouring or treatment, by use of lime or sulphur, shall be graded higher than No. 3;

In the inspection of grain, the weight shall not alone determine the grade;

All inspectors shall make their reasons for grading grain, when necessary, fully known by notation on their books;

Samples furnished to inspectors shall be made to conform, as strictly as possible, to the conditions and terms specified in the foregoing classification.

GRAIN STATISTICS.

Return to Winnipeg Board of Trade of grain inspected at Winnipeg, crop of 1887, up to 30th June, 1888.
