MIDDLEMISS

The corner store has again changed hands, and is now being run by Mr. Lowe, a London man.

Wedding bells are ringing.

Miss Mary McDonald of Detroit is visiting at her home here, accompanied by Miss Dot Fletcher.

On Sunday a Ford coupe owned by Mr. Cataneau of Fingal rolled over on its side, while making the turn in the road at Cowal. The turn was not made short enough and the car went over a small embankment. The occupants, Mr. and Mrs. Cataneau, were not badly hurt, and the car escaped damage.

Mrs. Jane Hare has sold her property here and is leaving. Sorry to lose another good citizen.

The beekeepers say the large crop of honey is a God-send, as early in the season everything pointed toward a small honey harvest. The price is 35c for strained and 40c for section honey.

C. H. Lucas loaded a car of wheat last week. The price was \$2.35 per

bushel.

The pork packers claim that there will be a decided advance in hogs and pork, owing to an approaching hog famine.

A committee secured some money to repair the low bridge across the river near here, but find it impossible to get anyone to do the work at present.

The different committees of Riverside church are to be congratulated on the excellent program, booths, etc., secured for the anniversary social. A nice sum is to the credit of the church over and above all expenses.

The grain crops in this section were all harvested in good order.

We are glad to know that the wheat board is a thing of the past. We will now get the old No. 1 grade of wheat flour.

Apples are an abundant crop in this section, and the quality is of the best.

F. W. Lucas visited under the parental roof Sunday.

G. H. Lucas and wife tented rooming in Windsor for the winter.

Robert Scott is spending a few days at the home of Percy Shred.

Jack Archer of Shetland visited Davisville friends Monday evening.

Everybody around Davisville is busy getting the ground ready for the fall wheat.

Mrs. June of Newbury and her sister Hazel and little son Raymond visited Davisville friends on Monday.

EKFRID STATION

Services will be held in the school house Sunday evening at 7.30.

Mrs. Ann McCallum is visiting with her sons here.

Sadie Switzer and Margaret Campbell were in St. Joseph's Hospital last week having operations performed on their throats.

Christina, the young daughter of Hiram Winger, had the misfortune to fall off the barn bridge, suffering a compound fracture of the right arm.

The patrons of R. R. No. 2 are indeed very sorry to learn that on account of ill health they are to lose their courteous courier, who has resigned. Mr. Glasgow was not expected to live on Sunday, but last reports are that he was some better.

What He Had Missed

He was an Irishman—one of those sons of Erin who revel in any sort of fight.

When the war broke out he joined the army, and in due course was sent to France. One day he was severely wounded and was conveyed "down the line" unconscious. He came to in a much battered village.

"Where am I?" he inquired of the stretcher-bearers.

"Thinking to cheer him up, one of them replied 'You're back in dear old Ireland, Paddy!'"

"Faith and bejabbers," exclaimed the wounded man, gazing sorrowfully at the destruction on every hand, "and I've been out of it all. Tell me, chum, how long have they had home rule?"

Nothing is "good enough" that could be made better.

Perhaps the high price of sugar is preventing Europe from preserving the peace.

You will like Lantic fine!

For BAKING. For pound, tea and sponge cakes, coffee cakes, angel cake, layer cakes, fruit cakes, coconut cakes, pork cakes, nut cakes, short cakes, macaroons and biscuits, crullers, rolls, buns—ALL cakes—Lantic creams quicker with the butter—because it's FINE.

For BEVERAGES. For tea, coffee, cocoa, lemonade, root beer, orangeade, lemon pop and fruit punch—in fact for all home-made beverages—use LANTIC. There will then be no wasted spoonful left at the bottom of the cup or glass—because it's FINE.

FINE in granulation—finer than all other sweeteners in actual use—finest in results obtained. "Fine" has many meanings to the Lantic user! In snowy glistening crystals of pure cane sugar—all sugar and nothing else—Lantic brings you concentrated sweetening. And because each crystal is fine and even, Lantic dissolves at once—it instantly delivers its great sweetening power without hesitation. Of course it goes farther. Of course it costs less. Of course you will like it fine.

In PRESERVING late fruits such as pears, plums and peaches, it eliminates the danger of over-cooking, which robs fruit of its natural color and shape, and some of its flavor.

In BAKING, Lantic creams quickly with the butter—which makes the cake light and dainty. Creaming need not be tedious.

In CANDY-MAKING fine granulation gives candy a soft velvety quality. Most of the highest grade chocolates and finer candies are made with Lantic. The exquisite "velours" of the best chocolate creams comes from Lantic fineness.

In TEA or COFFEE, in fact in all beverages (hot or cold), every Lantic crystal dissolves at once, yielding readily the full sweetening of the purest cane.

Sugar

For PRESERVING. For peaches, pears, plums and grapes—if you use Lantic you can smile at the old caution "Let it simmer until all the sugar is dissolved." While yet the fruit retains its beautiful color and attractive form, the preserving is done!—because it's FINE.

For CANDY-MAKING. For fudge, taffy, butterscotch, caramels and fondants, walnut and maple creams, marshmallows, peppermints, peanut brittle, candied fruits, and of course all icings, Lantic has the call with the best candy makers because it's FINE.
