ESTIMABLE LADY PASSES AWAY

Mrs. Christian Kumpf called away to Join Silent Majority. There passed away last night about 11 o'clock one of Waterloo's most highly respected residents, in the person of Mrs. Christian Kumpf, at the ripe old age of 85 years. Although not in the best of health the past few months having suffered a slight stroke last February still she was able to be up and around and yesterday she was exceptionally cheerful. Last evening she enjoyed an automobile ride and on returning complained of shortness of breath and while nothing serious was anticipated the family physician was called but death ensued in spite of the best medical skill and attention about 11 o'clock.

The deceased was born in Byrnes Grove, Kilkenny, Ireland, March 4th, 1834 and at the age of 9 years she came to Canada with her parents and settled in Preston. Four years later she removed to Waterloo and for 20 years has been a resident here. She was loved and respected by all and her benevolent and true Christian character endeared her into the hearts of the entire community who will learn with regret of her passing.

In 1862 the deceased was married to Mr. Christian Kumpf and of this happy union six children were born, two of whom William and Charles W., and the husband predeceased her. These surviving are Agnes (Mrs. B. McBride), Arthur L. and Ford C. Waterloo and George of Buffalo. The step brother, George Holland of Beachwood, Ont. and one half sister, Mrs. Mary Murray of Waterloo, Iowa also survive.

The funeral will be held from her late residence, King street, Waterloo, at 2:30 o'clock and after service at the house interment will take place in Mr. Hope Cemetery.

TOOK HORSE AND RIG
On Monday afternoon a young man by the name of Lorenz entered the stable of Mr. W. House on Weber street and took a horse and rubber buggy. On not returning at night the police were notified and he was not until yesterday afternoon when the young man was apprehended by Chief Flynn near Heidelberg and a horse and rig recovered. According to Lorenz's story he had no intention of keeping the outfit merely taking it to visit friends in the country and while he had intended returning Monday night he stayed over on Tuesday to help a farmer and was on his way home when he was taken into custody. He was brought before J.M. Weir in court this morning and remanded for a few days.

GUM BOX STOLEN
Some time during the night the gum box in front of Lang's grocery store on King street was stolen and so far has not been recovered. The police have been notified and are making an investigation.

BUSY SESSION OF PARK BOARD

The Board of Park management met last night when several matters of importance were discussed. The members were all present when Chairman Wells called the meeting to order and after passing accounts and other routine business the Board got down to work.

Not Satisfied With Brick. There was considerable dissatisfaction expressed in regard to the brick to be used in the Women's rest room, the committee in charge not being satisfied the brick not being according to samples. To have this changed now would hold up the building but the Board did not feel satisfied in accepting them until the matter was further gone into. The board inspected the brick this morning and will get into communication once with the contractor before the work is proceeded with.

Object to Bill Boards on King Street. There was considerable discussion regarding the erecting of bill boards on King street. The attention of the board had been brought to one sign erected at present and while the board may not have any authority they will find out where they stand and the following resolution will be sent on to the town Council. That the erection of bill boards on any civic property is not generally approved of in up to date towns or cities and that the board disapprove strongly of the erection of such bill boards in this town as being a retrograde step and that the proposed erection of a bill board on the property on King street be not permitted, if the bylaws of the town furnish necessary authority to stop such erection.

Board Purchased Grand Stand. For sometime the purchase of the grand stand has been under consideration and last evening the board decided to purchase same and only next Spring it will be put in use so as to conform with the surrounding of the rest of the park.

The sum asked was a very small one and the board felt justified in doing that it did and as several of the shareholders of the grand stand Company have signified their intention of relinquishing their share to the board the price will be a very small one. The Board adjourned at 11 o'clock.

VICTORY LOAN PLEASES ELMIRA

An interesting meeting was held at the Elmira Theatrum Tuesday evening, 21st inst. in behalf of the Victory Loan. The visitors were put in good humor by the presentation of a sparkling little movie comedy entitled "Whose Little Wife Are You?"

After this question had been satisfactorily answered, Major Cunningham of Waterloo spoke on the merits of the 1919 Victory Loan. The Major explained in the first place that the bonds were absolutely safe; that in the whole world at the present time there could not be a more dependable investment. The Major argued, in the second place, that the more clear-eyed a man might be the more likely he was to invest in Victory Bonds.

In the third place he contended that the conditions of the loan were so extremely simple that the wayfarer man as well as the experienced financier could easily understand the details; Major Cunningham, proved finally that an investment in the Victory Bonds would be most profitable.

Mr. Bray of the firm of Sims, Bray and McIntosh followed with an address on the necessity for the loan. He touched upon the immense service rendered to the country by the soldiers and the expense entailed in bringing them back to Canada. There were also pensions to be provided for the relatives of those who had died.

All the money subscribed would flow back into the pockets of Canadian citizens and therefore no actual sacrifice was involved, excepting that perhaps monies that would otherwise be spent in some form of self indulgence would be saved for this special patriotic purpose.

Mr. B. A. Tate, organizer of the campaign for the district of North Waterloo, followed urging the purchase of the bonds not only by the mened class but also by those having small amounts which they could afford to invest. Any subscriber having as much as \$100 could invest this in a Victory Bond and he will receive interest at the rate of 5% per cent. payable half yearly.

If the bond is paid for at the time of purchase the price will be \$100 per 100, but if payment be deferred interest will be charged at the rate of 5% per cent. in order to compensate the Government for the fact that they will pay a full half year's interest on the first of May.

This was the opening meeting of the campaign and was most instructive for all who had the privilege of attending.

THE GIRL GUIDES MET & THE PRINCE
A representation of "Girl Guides" from Bridgeport and Waterloo Companies went to Guelph early to welcome His Royal Highness, the Prince of Wales. Owing to the rain the girls were unable to go as whole companies as had been expected.

The Prince's visit in Guelph was very enthusiastic and the citizens of the Royal City did honor to His Royal Highness in regard to the Prince's reply, the "Guides" took the car to Speedwell Convalescent Hospital for soldiers where several hours were spent among the patients. Miss Sherrier, Lieutenant of the "Guides," gave exhibitions of club swinging in a few words and she was most enthusiastically applauded by the veterans.

A very pleasant time was spent in the vocational department of the Hospital, where many beautiful pieces of wood-carving, basket-weaving and fancy work were on exhibition. His Royal Highness spent over an hour conversing with the soldiers in the wards and as he was coming through one of the wards, Little Miss Ever Shantz, of Bridgeport, one of the smallest "Brownies" presented His Royal Highness with a buttonhole bouquet of exquisite roses from Downing and Steen's Conservatories. After shaking hands with the Captain of the "Guides" and greeting the girls with one of his loveliest smiles, the Prince passed through the window amidst the cheers of the veterans who formed a guard of honor.

BRIT. PARLIAMENT DISCARDS OLD WAR POLICIES
London, Oct. 22.—Economy is watchword of the session of Parliament which opens to-day, and efforts are to be made by members of the House of Commons to throw into discard the military programme outlined in the last budget, the new education scheme and the plan for Irish Home Rule, thousands of homes for working men, commitments, national policy regarding Governmental military and financial Russia, military occupation of Ireland and a plan for Irish Home Rule, and the Labor party's demand for nationalization of mines and railways will be important matters to come before Parliament this session. It is expected that the members of the House will closely question the Government as to its policies, especially regarding expenditures and Mr. Lloyd George may answer these questions in a few days.

HENDRIE REPLIES TO STATEMENT OF LEADER DEWART
Toronto, Oct. 22.—"I said nothing yesterday that would indicate that Mr. Dewart was or was not the man I had in view," said Lieutenant-Governor Sir John Hendrie when shown the former's statement, claiming that Sir John's natural course was to call upon the leader of the Liberal party to form a Government.

"I mentioned no names yesterday and Mr. Dewart could have taken nothing to himself," contended the Lieutenant-Governor. "The situation is very interesting. There are four parties, none of them strong enough to form a Government that would have a majority support." "In the meantime the business of the Province must be carried on. The great public works,

CANADIAN CABOOSE FLIES ROYAL STANDARD
When the party of the Prince of Wales left their car at Cameron's Falls, they inspected the power development under construction there by the Ontario Hydro-Electric Commission. To obviate the toll and delay consequent upon the transfer of the baggage and equipment of the Royal party from the Nipigon River to the rails of Canadian National Railway, the Commission kindly loaned one of their construction engines to handle this caboose, which was of the party termed "a grand van for a goods train," and another, "a jolly hunting box." The picture shows Ernest Brooks, Official Photographer for the Prince of Wales, moving the Royal Standard to the Royal train. The Prince is to be seen standing upon the tracks behind his train.
