

*Used in all the
buildings of the Worlds
Fair at St. Louis*

Everybody has felt the need of a floor brush that would sweep without raising dust, but nobody could get it until the **World's Only DUSTLESS FLOOR BRUSH** was placed on the market. It is guaranteed to sweep all kinds of wood or tile floors, oil cloth, linoleum, matting or carpets without raising dust. It kills germs, improves floors and brightens carpets. It is a twentieth century brush, abreast of the times, and up to the modern ideas of sanitation. On receipt of \$1.25 we will send you our No. 14 household, fibre brush, or No. 20 fibre for office or store for \$2.00. The money will be returned if the brush does not give entire satisfaction. Agents wanted.
