R. E. SPOHN, a German physician much note, having devoted his attent vears to the cure and removal of the NERVOUS AND SICK HEAD causes of NERVOUS AND SICK HEAD-ACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many tamilies who have considered Sick Headache a constitutional incurable family complaint, Dr. S. assures them that they are mistaken, and labouring under distress which they might not only alleviate, but actually eradicate by the use of his remedy. It is the result of scientific research, and is entirely of a different character from advertised patent medicine, and is not suppleasent to the taste. To be had of

CALEDONIA SPRINGS.

TESTIMONIALS.

HEREBY certify, that I have been acquainted with the medicinal virtues of the Caledonia Sprines, for the last ten or twelve years, during which period I have known numerous instances of the efficacy of those waters in various kinds of disease. In particular, the most obstinate cases of dispensis have been radically cured by the use of those waters; of which my own individual case is attiking example; and I have not kown a single case of failure in this particular.

These Springs also possess powers of the highest order, in renovating impaired constitutions, and restoring the tone of the system where it has been deranged by warm climates, improper diet, or any other injurious cause.

DAVID PATTEE, Judge of the Surrogate Con District of Ottawa.

West Hawkesbury, U. C.

August 11th, 1836. 5

It is with the greatest pleasure that I can testify to the inextimable qualities of the Caledonia Springs at which place I arrived on the lat of August 137, completely crippled with the Rheumatian and suffering for several weeks previous to my leaving for several weeks previous to my leaving for several weeks previous to my leaving for several bases and protection of strength. I have seed paiss and protection of strength. I have seed paiss and protection of strength and showering for fifteen days, and the result has been satisfactory in the highest degree. I therefore recommend them to suffering humanity, as being in my humble opinion, (from what I have seen and experienced) the most valuable medicinal waters in America; and I have only to and any regret, that they are not known to thousands of intradios, who by visiting the waters, or partaking of them, might be restored to health as I have been.

BEAUTIFUL HEAD OF HAIR is th A BEAUTIFUL HEAD OF HAIR is the Land grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintances; the remainder of their fives consequently spent in retirement.
