~************************ MARKET REVIEW AND FORECAST

WHEAT

WHAT

With the quantity of wheat in sight, twenty three million bushels in excess of what it was the million bushels in excess of what it were the million bushels are still not surprise; get that the markets are still used by the bears.

The crop in the Argentine, one of the largest wheat centres in the world, is also largest wheat centres in the world, is also largest wheat centres in the condition, and from all sources come excellent of the condition of the crops, at last Chicago advices. December wheat is deal at \$25.25. May wheat, \$96.25 and July at \$25.25. When the condition of the conditi

On the farmers' market, fall wheat 1s welling at 85c to 86c and goose wheat at 81c a bushel.

COARSE GRAINS

The only trustworthy fact to record in regard to the above is the weakness that has been developed in the price of oats. The hopes expressed in the fall that they would be at a reasonably high figure do not seem at the present stage likely to not seem at the present stage likely as the present stage l onto seven at the present stage likely to onthe stage the price of on track.
