N. B.—Other manufacturers combined against the original patentee (DEDERICK), to appropriate his continuous bale chamber, falsely publish challenges and premiums over Dederick. Get any of them if you can, on any conditions, to meet in the field the inventor of the press they copy. Dederick guarantees his press the best, or failing will buy the best for the customer. Give the inventor of the continuous press at least a competitor's chance during the time for which his patent was granted. Unquestionably the invention has greatly benefited the public.
