

Strong Evidence for the Weak

THE LAST RESORT SHOULD BE THE FIRST

Mr. James Johnston, J.P., Ottawa City Postoffice, wrote me last week as follows:—

"I have to thank you very much for your Electric Belt. This time last year I was not able to do any work on my large farm, now I am able to turn out and guide the men. I was so overcome with heart disease that I could not walk. I am seventy-four on the 28th of this month, and you know at my time of life you cannot make me over again, but your Belt has worked a miracle on me. I had faith in your treatment from the first, and believed all you said to me about my case, and I assure you, sir, I will do my best to make known, with pen and tongue, the good quality of your electrical treatment."

DR. McLAUGHLIN'S ELECTRIC BELT

will do the same for you. If I fail to convince some people it is because they will not use their own judgment. I don't ask you to take my word only—ask those who have used my Belt. Every man or woman who comes into my office gets a practical illustration of my method of treatment; when they see how the cure is made it appeals to their common sense. There is no mystery about it. I give a free test to all who call. Here is another case—this one of **Mr. M. Haig, 36 Byward Market Square, Ottawa, Ont.** You can read what he writes to me:—

"If anyone has given your Belt a fair trial I have, and I do not regret it. When I got the Belt I could not stoop to tie my shoes, and had to be helped to get my coat on. Now I have not a pain or an ache and feel as well as I ever did. If I feel sore after heavy work I put the Belt on and get up in the morning as limber as ever. I recommend the Belt to every one I see. I was 82 years of age last May."

Even Unto O'd Age You May Be Free From Pain and Defy Your Years.

I will cite you another case, this one of **Mr. Philip McGahey, Riviere aux Pins, Que.** Read what he writes me:—

"I feel now I am a new man. For forty years I have had a bad back, now I can run a race or pick up a pin, I feel so smart; no pain. I am in my seventieth year; never was so well in health as I am now. When I used to be bad, I would be a month that I could not stoop to lace my boots; now I feel no pain in doing so. I am just as smart as any young fellow at present. Sir, no one would be without one of your Belts if they knew the good to be had from them. I have recommended them highly to all my friends, and you will soon have some orders."

The human body is just like an engine. It breaks down when the physical energy is overtaxed—that energy is **ELECTRICITY**. I have here a means of replenishing the electricity of the body, and that is the basis of my treatment.

Decay in old men is similar to general debility in younger ones. Years have nothing to do with it. In every case it is the failure of the stomach to generate sufficient energy to supply the demands made by the vital organs. Here is another case—this one of **Mr. Thomas Dougherty (nurse), London, Ont.** Read his letter:—

"The reason I have not written you earlier is that I wish to do you all the justice in my power. I have been doing his among my friends in this city and elsewhere. Yesterday, when I was in St. Thomas, I think I made known to fifty persons the state I was in when I wrote you about the Belt, and the good results I have received from wearing the same. The Belt has done for me all you said it would. The electric treatment I used some time ago was of so much benefit that I came to the conclusion that if an occasional treatment of twenty minutes did me so much good, a steady flow of electricity into my system for hours would do a thousand times more good, and now, at the end of a few weeks' treatment, I can say, 'Thank God for your Electric Belt.' If I had one years ago it would have saved me hundreds of dollars, and oh, what pain and misery. I don't have to get up every half hour through the night as I used to—no more pain or sediment or disgusting odor. The pains and frightful nervousness are a thing of the past. If it will do all this for an overworked, run-down man of fifty-six, what must it do for a young man?"

An old fellow, a patient of two years previous, came to see me one day and asked me to have his Belt overhauled, as he wanted to put it on again. I reminded him that he had reported himself cured two years ago, strong and sound, "But," said he, "I am 81 years of age and not as well able to stand knocking about as I was in my youth, and I wear the Belt occasionally, not because of present need, but just so that I will have strength to spare in case of demand. If you are riding a bicycle on a level ground and see a hill before you, what do you do? Put on more steam, eh? I am getting older every day and need more steam. That's why I wear the Belt."

I want a test case for my **New Belt**. I will pay \$1,000 in gold for a case of Rheumatism, Pains in the Back, Weak Kidneys, Sciatica, Lumbago, Varicocoele, Prostate Trouble, Torpid Liver, Indigestion or Dyspepsia that my belt will not relieve in one month's use according to my directions.

After you have read the above letters write to me explaining your case. I will at once tell you whether I can cure you or not. To prove the confidence I have in the curative power of my Belt, I am willing to take your case and after I have cured you pay me. All I ask is that you give me security for the price of my Belt. I will send it to you with all necessary attachments suitable for your case and you can

PAY WHEN CURED.
