

Little Boy Had Eczema For Six Months. Salves and Ointments No Good.

Eczema is one of the most torturing of the many itching skin diseases, and also the most prevalent, especially in children. The cause is bad blood, aided by inactive skin, inflammation, etc. It manifests itself in small, round pimples or blisters, which later on break, and form crusts or scales. The skin has an itching, burning and stinging sensation. To get rid of Eczema, it is necessary to have the blood pure, and for this purpose nothing can equal

Burdock Blood Bitters.

Mrs. Florence Benn, Marlbank, Ont., writes:—"My little boy had eczema for six months. I tried ointments and salves, but they healed for only a short time, when it would break out worse than ever. I then decided to give Burdock Blood Bitters a trial. I only gave him two bottles, and it is now two months since, and there is no sign of a return. I feel sure that as a blood regulator, nothing can equal it. I cannot say too much for what it has done for us."

GOSSIP.

Mr. J. G. Truman, Manager of Trumans' Pioneer Stud Farm, Bushnell, Ill., writes: "I notice the portrait of our imported Shire stallion, Heavy Tom, in your issue of the 9th inst, which brings to mind the fact that we imported the sire of this colt, Deeping Tom, and he was one of the best types of the thick, wide-a-wagon draft horse that ever we imported. The country that is fortunate enough to secure Heavy Tom will raise the best lot of thick draft horses from him possible to get.

"Our father, Mr. J. H. Truman, cabled to-day from Liverpool that he had loaded another shipment of Shire and Percheron stallions for direct shipment to Bushnell, and after they have fully rested here, several of them will be found in our London stables, which will be mostly Percheron stallions. The Percherons are all Government approved and stamped, which, from a Percheron breeder's standpoint, means a good deal, and they run in ages from three to six years old. Our 27th annual catalogue is now in press, and we shall be pleased to mail it to any of your readers that will address us at either London, Ont., or Bushnell, Ill."

Lambton County, Ontario, has a very successful breeder of Shorthorn cattle in the person of H. K. Fairbairn, of Thedford, who has brought glory to Canada by breeding the kind of cattle that can win against the world. This is the record of Fair Queen, the International champion, bred by Mr. Fairbairn, unbeaten in America for three years, and she is not the only one that has brought fame to this herd, proving that skillful breeding is there and that Fair Queen was not a mere chance. Queen Ideal, another of Mr. Fairbairn's breeding, full sister to Fair Queen, came out last fall as a calf and repeated Fair Queen's record; at the Chicago International, at the same age, winning first in a very large class of the choicest in the U. S., and repeating it again the next week at the Ontario Provincial Winter Fair at Guelph, and we look for this latter heifer to be quite the equal of her older sister. Royal Prince =31241=, the sire of these heifers, is at the head of this herd, and his breeding tells. His sire was Royal Sailor (imp.) =18959=, the sire of very many good ones, and his dam, Minnie 2nd of Lynden, a Crimson Flower, was by Imp. Lord Lansdowne =2712=. This bull is assisted by Sir Tatton Sykes =49403=, sire Sir Tatton, winner of sixth prize at the Pan-American in a large class, dam a roan Duchess, Lady Minto of Brooksdale. This is a large, smooth bull that should nick well with Royal Prince's daughters.

The Fanny family, which is noted for being heavy milkers, is the principal family in this herd. Frances Folsom 3rd =23522=, the dam of the sweepstakes heifer and her splendid sister, is also one of the Fanny tribe, and now has a promising bull calf at foot, full brother to Fair Queen and Queen Ideal. The Matchless tribe is well represented by Matchless 34th, by Royal Wonder =34682=, a son of Imp. Royal Sailor, dam Matchless 16th, by Clipper King, grandam Matchless 8th, by Bampton Hero. This cow has a good heifer calf at foot, by Royal Prince. Village Maid, a Village Blossom, is by Challenge =2933=, dam Village Gem, by Imp. Lancaster Royal, also has a roan heifer calf at foot. This herd has not only produced winners in the show-ring, but also in the dairy tests, where Jubilee's Julia =23523= was twice a winner at the Provincial Winter Fair; her daughter, Juliet, also winning 2nd under thirty-six months in the same test. A few very promising, even-fleshed young bulls are on hand, among them being Improver =53194=, a January, 1904, calf, by Royal Prince, dam Myrtle, grandsire Indian Chief (imp.), a straight, smooth, deep red. Juliet, the dairy-test winner mentioned, also has a roan bull calf, 11 months old, by Royal Prince, one of the right stamp. Another good one of the same age is by Golden Prince, dam Lady Marion, by Royal Prince. This herd can be seen any time, and Mr. Fairbairn will be pleased to explain their breeding. Thedford Station, G. T. R., is about three miles from the farm.

Why Should Not Your Span of Life Be Three Score Years and Ten?

The keystone to a long span of life is health, and with health any man or woman may reasonably expect to attain a ripe old age.

Yet how many nowadays do so? How many fall e'er they are half way across Life's Bridge? Alas! only too many! But there is no need for this. Any man or woman CAN, if they will, increase the length of their span of life, if they will only see that the span is fitted with a good Keystone.

The Keystone of Health

One drop of prevention is worth a dozen bottles of medicine. Therefore, see that the keystone of your life is secure and strong. Look after your health. Electricity is the greatest force known to man. It outrivals the force of Niagara even, and without it man cannot live. In his daily work, be it in the office, the workshop, or the field, man is constantly using up his natural supply of Electricity. The more strenuous his life, the more electricity he needs to enable him to live to a hale and hearty old age. Perhaps in his youth he has been prodigal.

"The excesses of youth are drafts on our old age: payable with interest about thirty years after date."

(As Colton, the eminent, said) Therefore, see that YOU, who read these lines, have no drafts still unpaid. Store up your Electricity by wearing

Dr. Macdonald's Electric Belt

It will save you from many an anxious moment, and many an hour's pain and sickness; to say nothing of hard cash. If you feel tired and heavy, if your liver is not acting properly, if you have kidney trouble or rheumatic pains, if you have lost your manly vigor, do not hesitate a moment, but get my Electric Belt.

Free Trial for Ninety Days

Not a copper down; simply drop me a postal with your name and I will forward you, at once, one of my latest Improved High-grade Electric Belts Free. You can use it three months, then pay me if cured, and the price will be only half what others ask for their inferior belts. If not cured, you return the Belt to me at my expense. I am willing to trust any responsible person entirely, knowing that I have the best and most perfect Belt ever invented, and nine men in ten always pay when cured.

I WILL TRUST YOU—This modern Belt is the only one that generates a powerful therapeutic current of electricity without cooking the battery in vinegar as all other belts do, and it is guaranteed never to burn. It is a certain and positive cure in all cases of Rheumatism, Varicocoele, Dyspepsia, Losses, Weak Back, Nervousness, Kidney, Liver and Stomach Troubles and Weakness brought on by abuse and excess.

I WILL GIVE FREE to each person writing me one copy of my beautiful illustrated Medical Book, which should be read by all men and women. Drop me a postal, and I will send it to you FREE, in sealed wrapper. If you are weak in any way, delay no longer, but write to-day for my splendid book and Belt free. Write to-day.

om DR. J. Q. MACDONALD, 8 Bleury Street, Montreal, Que.

OGILVIE'S AYRSHIRES

Present offering in the Ogilvie herd includes two or three of the very best young bulls and heifers ever offered in this country, including the winning senior bull and heifer calves at Toronto, London and Ottawa last fall; also the winning yearling heifers, served to calve in August and September next. Also a big choice of young cows.
