Mr. C. W. DENNIS, Toronto.—I have much pleasure in being able to state that after the trial being had, your Washer has proved satisfactory, and I would recommend it to everyone as a necessary household appendage. When I first opened the box containing it as it came from the express office, I was very incredulous as to its effectiveness as a clothes cleaner, and pronounced it as a totally useless affair, but after the second trial, from being incredulous I became marvellous, being utterly astonished at the way in which but a simple thing could accomplish its work and with what facility, the washing that required a full day to complete it now only taking a few hours. Singers, Speakers,

EVERYBODY.

Sir Morell Mackenzie refused above offer to visit a patient in this country, but writes:

I have watched the effects of mineral waters for a considerable period, and regard them as extremely valuable in obstinate catarrhal affections and diseases of the throat and air passages, both local and general. Also, I frequently find them of great service in the case of singers and public speakers.
