## THE WEEKLY ONTARIO, THURSDAY, JULY 8, 1915.

The Dearest Travel Dreams Ever Entertained Could not Imagine a More Attractive Trip Than The Daily Ontario's Splendid Transcontinental Tour. There Are Many Advantages That Make This Trip Far Superior to All Others.

1. It is a Special Pullman Trip. The members of the party will travel across the continent by special pullman car from Belleville, and not have to go with a mixed, miscellaneous crowd.

2. It will not be a hurried trip of fatiguing railway travel and no chance for rest and little opportunity for sight-seeing. Stops are made for sight-seeing at the important points only, and places of no interest passed without wearisome waits.

3. The party will have a delightful water trip to break the monotony of the railroad travel from Seattle to Vancouver, B.C., via Victoria B.C. a wonderful experience in itself.

4. The party will have sight-seeing auto trips in a dozen interesting cities. It will be a great "Seeing America" trip and will give a splendid acquaintance with our neighbors, in that part of the trip through the United States and the return will be through the Canadian Rockies.

5. The trip will be varied in the most restful and splendid manner, rail and water, mountain scenery and crossing the great prairies, sight-seeing at Expositions and auto trips in various cities.

6. It will be a leisurely trip, thirty days being consumed enroute, and something interesting and delight-

9. It will be an all-expense-paid trip. The Tourists do not need to take a cent of money with them. The Ontario pays all the bills from start to finish. The members of the party can safely leave behind them their pocket books, and all their worries about travelling.

10. The Ontario Offer is absolutely fair. There are no complicated and confusing rules. The territory is divided into eight districts giving to each candidate, as nearly as may be, an even opportunity to secure votes. There are no long-term subscriptions. Five years for the Daily and ten years for the Weekly editions are the longest periods that will be accepted.

11. A Dollar counts the same everywhere. A dollar counts the same number of votes whether paid on the daily or the weekly edition.

12. It will be a Short Contest. Most newspaper contest last from two to three months, The Ontario Panama-Pacific Contest will be over in less than five weeks. It will be a short, sharp, decisive campaign, in which those who work will win.

13. Work not Money Will Win. In many newspaper contests there is an unfortunate tendency for the wealthier candidates to use money freely in giving out complimentary subscriptions towards the close. That is because there is only one capital prize of surpassing value, as, for instance, an Automombile. In The Ontario Contest there are EIGHT CAPITAL PRIZES of more moderate cost, so that there will be little or no incentive on the part of any candidate to spend money on complimentary subscriptions. But, in any event, the candidate who works can easily secure such a lead as will make it entirely impractical for any one else to overcome the majority with mere money.

ents an expenditure of \$50.000.00 To control all the business of th Exposition a committe of thirty citiens under the presidency of Charles C. Moore was appointed. Dr. Frederick J. V. Skiff, the greatest authority on expositions, was chosen director-in-chief of the executive staff.

After the site at Harbor View had been selected, for reason both of unrivalled beauty, utility and convenience, the grounds were prepared and the building work commenced under the Division of Works, headed by Harris D. H. Connick. With \$14,-000,000 to spend, this division began work three years ago, preparing a site from the sea, and erecting palaces which include sixty-four acres of exhibit space.

The architectuarl plan was evolved under the direction of an Architectural Commission, with George W. Kelham as chief of architecture. The erection of the eleven central palaces, Festival Hall and the five courts proceeded steadil, with no interruption.

The work of the Department of Sculpture, under Karl Bitter, involved the making and installation of 100 separfte groups of statuary, and about 1.000 separte figures. The reproductions of these statues, from small models made by the sculptors. was done under the direction of A. Stirling Calder, Bitter's assistant who remained on the grounds from the beginning of the work.

Jules Guerin, the famous American colorist, devised and supervised the carrying out of the color scheme. This is the first exposition to be designed in color. The completion of the buildings of the Exposition on schedule time and within the budget constitutes an achievement which is in itself one of the most notable feats of this great enterprise.

## FOXBORO.

June 30 .- We are certainly having plenty of warm weather now. Berry picking is the order of the lay in our vicinity. Mr. and Mrs. Leslie Ashley and son. Douglas, of Madoc, is spending a few days with Mr. and Mrs. Stillman Gay and Mr. L. B. Faulkner. Mrs. George Wooton and family of Belleville is spending a few days with her brother, Mr. Walter Wickett, also her father, Mr. Daniel Wickett. Mr. Poulter, of Belleville (Albert College) is spending a few days with his friends, Mr. and Mrs. W. E. Wickett.

Mr. and Mrs. George McCoy and family spent Sunday with Mr. and Mrs. Chas Hetherington.

Mrs. Reynard and children of Toronto are spending a few days with her father, Mr. Harford Ashley, also with friends.

Miss Elsie Ashley is spending a few days with her friends, Misses Zet and D. Denyes.

Set and D. Denyes. Miss Clara Gay spent Sunday with Miss Bessie Hetherington. Mrs. James Stewart and sons, John and Ted, spent Thursday with her sister, Mrs. C. C. Davis. Our Person Parse Band was in

Our Foxboro Brass Band was, in Stirling on Sunday. Our baseball team is certainly hav-

ing great success this year, and we nope it will continue.

ful for every day.

7. It will a carefully chaperoned trip. A special conductor or guide will accompany the party all the way from Belleville Station; and parents will not feel uneasy about allowing their daughters to take this trip for they will be as thoughtfully looked after as if in their own homes. The members of the party will have every comfort and luxury of the finest Pullman car and dining service and will be accommodated at the most exclusive hotels.

8. It will be a great educational trip. Few of us know our own continent as well as we might. The journey across the continent going and coming will be made by different routes, affording the greatest scenic beauties and the most interesting sights. A visit to the two world's expositions at San Francisco and San Diego will be a liberal education in itself.

There are scores of additional reasons why The Ontario offer is unique and attractive, but we have had space for only a few.

There Are Features to The Ontario's Offer That Make It the Most Attractive, the Fairest, and in Every Way the Most Wonderful That Has Ever Been Made By a Canadian Publisher.

DO NOT SAY-"THAT WILL BE A FINE TRIP FOR SOMEBODY."

BE THAT SOMBEODY YOURSELF.
