

Coated

Look at your tongue. Is it coated?

Then you have a bad taste in your mouth every morning. Your appetite is poor, and food distresses you. You have frequent headaches and are often dizzy. Your stomach is weak and your bowels are always constipated. There's an old and reliable cure:

Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following. You feel better the very next day. Your appetite returns, your dyspepsia is cured, your headaches pass away, your tongue clears up, your liver acts well, and your bowels no longer give you trouble.

Price, 25 cents. All druggists. "I have taken Ayer's Pills for 25 years, and I consider them the best medicine. One pill does me more good than half a box of any other kind I have ever tried."

Mrs. K. E. TALBOT, March 30, 1899. Arrington, Kan.

A Social Evening

- 11. Duet, No Sir, by Edith Toye and Fred Lake.
- 12. Monologue, by Harry Newcomb.
- 13. Reading, "I want to fly," by Jean Burgess.

The Maple-leaf club was then asked to contribute something and responded with:

- 1. Speech by the president, Miss Pentz thanking the W. W. W. for the general good time.
- 2. Recitation, "Neighbours" by Miss Nellie Shaw.
- 3. Solo "Warrior Bold" by Miss Pentz.
- 4. Duet, "My old Kentucky Home" by Mr. Chandler & Mr. Bishop.

After a little more time spent in games, etc., the company broke up, singing "God save the King," and agreeing that a very enjoyable evening had been spent.

Sick Stomach

may be often quickly relieved and its unpleasant consequence averted by taking thirty drops of Nerviline in a little sweetened water. It instantly relieves the nausea, and by its soothing and stimulating properties calms the stomach and enables it to go on and complete the process of digestion. The action of Nerviline is simply charming, pleasant, penetrating and powerful. Druggists sell it.

The doctor and the lawyer alike commend the constitution.

A smaller schooner will be started this summer but not launched this year.

Muscle

Does not make the man. "The blood is the life," the vital force of the body. So it not infrequently happens that the man who looks to be a picture of physical strength falls a sudden victim to disease.

A proper care for the blood would prevent many a serious sickness.

The cleansing of the blood is perfectly accomplished by the use of Dr. Pierce's Golden Medical Discovery. It drives out the impurities and poisonous substances which corrupt the blood and breed disease.

It increases the activity of the blood-making glands, and so increases the supply of pure blood. It builds up the entire body with good sound flesh.

There is no alcohol in "Golden Medical Discovery" and it is entirely free from opium, cocaine and all other narcotics.

The dealer who offers a substitute for the "Discovery" does so to gain the little more profit paid by inferior medicine. There is nothing "just as good" for the blood as "Golden Medical Discovery" therefore accept no substitute.

"I took five bottles of 'Golden Medical Discovery' for my blood," writes Mr. William D. Shanks of Remy, Cherokee Nation, Indian Territory. "I had 'ring worms' on me and I would have been on me when I commenced using 'Golden Medical Discovery,' and they went away and I haven't been bothered any more."

LIFE ON THE RAIL

Mr. Geo. Cummings Barrie, Ont., one of the best known engineers on the G. T. R., writes:—"For years I suffered from Kidney disease brought on by railroad life. The doctors called it 'railroad kidney' but could give me no permanent relief. A friend recommended Dr. Chase's Kidney-Liver Pills saying they had cured him. A few boxes of this grand medicine completely cured me putting an end to the dreadful pains in the back and greatly strengthen the kidneys. I am a well man to-day thank to Dr. Chase." When Your Cold Catches You

There is no Time to Wait

It is not a "little thing." It's a deadly thing. It will not "get well by itself" if you let it alone. Whiskey and quinine and such things brace you up for the time, but they don't cure you. Ask any intelligent doctor why you catch cold so easily. He will say "You are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease. There is not a grave in any cemetery in the world which is the result of consumption or pneumonia or any lung trouble whatever which did not start with what you call "nothing" but a cold.

When taken in time Cures a Cold in a night

A cold should not be beaten back or drugged over—it should be cured, and the general health should be built up. Dr. Shiloh's Consumption Cure should be taken at the first symptom of cold. This is not merely a consumption cure: it is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that Dr. Shiloh's Consumption Cure will reach it and cure it. It is sold on a positive guarantee. No cure; no pay.

If you have a cold—no matter how slight—it means something. Take Dr. Shiloh's Consumption Cure at once. Keep it in the house. If it does not relieve you almost instantly, go to your druggist and get your money back.

Mrs. E. R. Frost of Philadelphia, Pa., says:—"Every one should know of Shiloh's Cure. We have used it in our family for over six years. It is our doctor and medicine combined."

Shiloh's Consumption Cure is sold by all druggists on a positive guarantee that the purchase money will be returned in case of failure. 25c., 50c. and \$1.00 in Canada and United States. In England, 1s. 2d.; 2s. 6d.; 4s. 6d.
