A cable received at Parrsboro on Friday morning stated that the Parrsboro four-masted schr. Ada Tower is ashore on the African coast. No particulars were given. The Ada Tower was launched at Port Greville, last September and is 528 tons register. Capt. Leonard Tower of Sackville is its master. It is supposed that the members of the crew are safe. The Ada Tower was one of the most modern and completely equipped vessels turned out of the famous Nova Scotia shipyards. The vessel was owned by New Brunswick and Nova Scotia people.

A traveller home from Cape Breton way tells that two have already banked \$2,000 this year, earnings from fishing. As high as from \$40 to \$50 a day has been made by fishermen of late in different parts of the province. The "poor fisherman" and the "honest farmer" are coming in to their own these days. This is somewhat fabulous, but there have been lean years and there will be more of them.

That said Committee be authorized to obtain the opinion of an expert and all other information on the subject necessary to enable the people of Berwick to make an intelligent decision and that said Committee report to a town meeting to be called not later than Nov. 30th, and that said Committee be authorized and empowered to expend a sum of money not to exceed fifty dollars. The Committee appointed was: Dr. G. J. McNally, T. H. Morse, S. C. Parker, A. E. McMahon, J. M. Patterson, B. E. Woodworth, J. W. Hutchinson, J. A. S. Wilson, E. W. Margeson, C. H. Beardsley, M. L.
